

Shabat Study by Yada, January 27, 2023

Please Note: I have transcribed this to the best of my ability. Sound bites of parties speaking simultaneously and those which were inaudible to me have been deleted from the transcript. If I guessed at a word, it was followed by a ()? A___ (blank line) indicates I could not understand the word or phrase and three periods ... indicate an interruption in the dialogue of one party by another. Thank you for your understanding. MK.

It could be. It isn't. Yahowah has not been by the side of Yisra'elites or Yahuwdaym for more than 2,500 years. ___ they are not. _____ promoting this program in Israel where a terrible tragedy has occurred. The worst of the tragedy is not that seven innocent lives, young and old unarmed men and women, were leaving a synagogue on the eve of the Shabat or that a young Mooslime man masquerading under the myth of being a Philistine shot them in cold blood. The worst of it is what the Muslims were doing throughout Israel. They were dancing in the streets shouting and handing out candy. They are not worthy of living in Israel or anywhere. They are revealing the revolting nature of their religion, Islam.

I don't think anyone in the world is more of an expert on this subject than I am. Right after 911 I met with Al-Qaida, Islamic Jihad, _____, Hamas. I'm probably the only American to have done so and survived the experience. I wrote a book about it called *Tea with Terrorists*. Over the next two years I wrote the most comprehensive analysis of the Quran heretofore written where I took the Islamic Hadith, particularly the two chronological presentations of the Hadith, *Sirat Rasul Allah (Life of Allah's Messenger)* by Ibn Ishāq and *The History of al-Tabari* by Mohammed bin Jarir also known as al-Tabari. Without these resources there would be no religion of Islam. I used those two chronological accounts, the earliest witnesses, to Muhammad's life and death to rearrange the Quran chronologically and set what is jumbled mess into the context of Muhammad's disgusting life. The book Prophet of Doom is available free online or for purchase at Amazon.

By setting the Quran into the context of Muhammad's repulsive life we learned that he was a pedophile, a mass murderer, a ruthless terrorist, devout liar, a sadist and a misogynist. If a contest were held, the judges were fair and the information was available, Muhammad would most likely win for the worst human being that ever lived. There would be some contenders such as Hadrian, Paul (the founder of the Christian religion), Tamerlane, Adolf Hitler, Joseph Stalin, Mao Tse-tung, but I think it would be hard for anyone to surpass Muhammad when it comes to despicable because he clicked on all cylinders, and once one comes to know that the Quran

claims that a Muslim ceases to be Muslim if they are not a murderous jihadist and that good jihadist Muslims are ordered, according to the Quran and Allah, to kill peaceful Muslims, you would know, as I know, that there is no way of negotiating, there is no peace, there is no truce, there is no Two State Solution. Those who believe the Quran, Allah and Muhammad aren't fit to live around anyone. They can't even live among themselves.

It's time we realize that there is no such thing as a Palestinian, there is no such place as Palestine; it does not exist, they do not exist. It's a marketing myth that was perpetrated by Hadrian after being a savage ransacking the land of Judea, crucifying Jews, destroying what Vespasian and Titus had not already pummeled. And after he subjugated what was left of Judea and pulled Jews into slavery, into diaspora, he thought we're not going to call this the Province of Judea, named after Yahuwd and Yahuwdah (Yahuwdym in the plural) anymore. We've tortured enough rabbis to get them to say that the arch enemy of the Jews were called Philistines so he came up with the idea why don't we just rename the place Philistia? And because scholars know many things and understand nothing, particularly in Europe where they were ridiculously anti-Semitic, they parroted the stupidity as if it were true. The fact is that the Assyrians obliterated the Philistines. Under Dowd / David they were humbled because they were ruthless when Saul was the first king of Israel, and Dowd fought them back into Gaza.

After that time there was peace because they were bludgeoned. They were vicious and they were put in their place. He was the ultimate defender of Israel. But after that time the Assyrians found that they didn't like him very much and on their way to conquer Egypt, which they did, they annihilated the what was left of the Philistines, there allegedly was a town, one group of survivors, that would have identified with the Philistines that was left in about 330 to 333 BCE after Alexander the Great had finally conquered Tyre. He didn't like him very much and he killed him.

There has not been a Philistine for between 1,300 and 1,500 years. I say that because between those that wrote the history of Alexander did so about 500 years after his death and they were as much propagandists as anything else. So, what we claim to know about Alexander is usually highly exaggerated and it is likely that the last of the Philistines were wiped out closer to 700 BCE since there hasn't been a Philistine for 2,700 years. So, those who are running around claiming that they are a Palestinian, those who write in the media that they are Palestinians are lying. It is not true. There is no such thing. If you can't make your case based upon the truth, you have no case. There is no such thing as a Philistine, there is no such thing as

Palestine, there is no Two-State Solution. One cannot negotiate with a terrorist cult which is what Islam is. If you don't like me saying that then why don't you read *Prophet of Doom*, why don't you put the Quran in chronological order, set into the context of Muhammad's life based upon the *al-Tabari* and the *Sirat* from Ibn Ishāq and prove me wrong. Not a single Muslim has been able to find a fault in book. In fact, it's impossible to prove *Prophet of Doom* incorrect in its assessment because it only uses the oldest Islamic sources, period. If those oldest Islamic sources are untrue Islam is untrue and doesn't even have a reason to exist.

Let's be clear. There is no god called Allah. The Quran is easily among the top worst books ever written and is embarrassingly stupid. Most of it is plagiarized. The earliest revealed surahs are plagiarized from the ___ which is a Jewish community in Yemen. The last 2/3 of the surahs, those revealed in Yathrib (today's Medina) are all based on bastardizations of citations from the Babylonian *Talmud* which Muhammad goofed up. It has no legitimacy; it is a religion for absolute idiots. It's time for the world to face the fact that the reason the Muslims throughout Israel are celebrating and handing out candy because a fellow Muslim murdered in cold blood unarmed Jewish women and children is because their religion has corrupted them beyond hope. You cannot reason with them, you cannot negotiate with them, you cannot form peace with them. Anyone who would celebrate this, which they are by the hundreds of thousands dancing in the streets, is not worthy of living among civilized people.

I was late calling into the program this evening because I was reading comments on articles I read in the *Jerusalem Post*. Usually when you're reading columns in the *Jerusalem Post* it's Conservative or religious Jews lashing out at the newspaper because they think the *Jerusalem Post* is too liberal. I don't see it that way. But this was not the case. Virtually every person said, "Enough. We can't tolerate this anymore. We need to bulldoze the Temple Mount and we need to remove the Islamic trophies and shrines that are there." Many wanted to rebuild the Temple. I can tell you that God is not going to help you rebuild the Temple because He's going to rebuild it Himself with his Covenant family when He returns, which will be quite soon - less than 11 years from now. You would, however, do the world and yourselves a great service to bulldoze the Dome of the Rock and Al - Aqsa Mosque.

And let's be clear. There is no legitimacy to the Islamic claim that the Temple Mount is the third holiest site in Islam. That is bull. It isn't even remotely true. To say it means that the person making the statement is a complete nincompoop, ignorant, irrational and they do not know what they're talking about. Parroting a lie does not make somebody a journalist.

I've shared this many times on the program, and I'm going to share it again. The story of the Dome of the Rock is stunningly embarrassing to Islam. It is so embarrassing that if Jews had some backbone and courage, they would broadcast this story throughout the Israeli media and the world. You're smart enough but do you have the courage? You can learn the truth. Open the Quran and read the Hadith. Find out what it says because the reality is that Muhammad created Islam in Petra (not Mecca) for three reasons: sex power and money, that's it. The townspeople of Petra, to the degree we can believe anything that is recorded of Muhammad, said, "You are being ___ because you're obviously demon possessed. You're just a crazy man that wants to be acknowledged." He was obviously insecure and needed praise so they said, "Okay. If you'll just stop being an idiot and an agitator, then we will give you the three things you want. You can be king for a day; you can have your pick of the prettiest women in the town, and we'll give you a boatload of money." Muhammad accepted. There are Quran versus affirming it. The townspeople of Petra said, "The Kaaba (which was built in Petra) has three goddesses that are exceedingly important, and Allah is not the most important. If you will acknowledge them, we'll give you these things." In the next verse in the Quran Muhammad acknowledges them. So, he was stooping the six-year-old daughter of the first Muslim convert; Aisha was her name. She was six years old when Muhammad was 50. That is a pedophile. Abu Bakr said, "I'm such a great father I gave you my six-year-old daughter to stoop and now after you telling us that we were going to be the founders of this great monotheistic religion you've got three goddesses in addition to Allah. What gives? I can't trust you." So, Muhammad now has the only real stalwart that is an Islamic convert threatening to take away his plaything. So, he says, "Okay. All of Allah's messengers speak on behalf of Satan; my comment was from Satan. What Satan says Allah takes away." Great.

Then that night because the townspeople were laughing him out of town and mocking him mercilessly for making an utter fool of himself, while in bed with the six-year-old girl Muhammad envisions that he gets on a wild ass called a burāq and he flies from what was actually Petra due north to Jerusalem and claims that he went directly to the Temple. Of course, the Temple had been destroyed five centuries earlier. Then he claims that he met with all the Jewish big shots who were there. He started with 'Adam, Moseh, 'Abraham, he went through the list, and he even met with Esau who this nincompoop thought was Yahowsha' who Christians have mangled into Jesus. The fact that they call him Esau in the Quran is indicting of itself because Esau is the one person Yahowah calls out and says, "I hate him."

So, Muhammad has this imaginary trip to a place that he doesn't even know the name (you won't find the name Jerusalem there) and he claims he went into the Temple and met with all the big shots and then it was time to ride the winged ass to heaven, which tells you the only way you can get to the Islamic heaven is through Jerusalem. That does not speak very well for Mecca / Petra does it? He leapt up and on the way up the first stop was Hell which was filled with women hanging from meat hooks through their breasts because they weren't grateful enough to their husbands. From there he went up through the ranks having had discussions with all Jews until he finally meets with Allah and Allah says, "I want to be mooned 50 times a day. I want your nose in the dirt and your asses in the air 50 times a day." Muhammad said, "Oh no, it's too egregious. Let's negotiate." It's a pathetic story. If it wasn't for the fact that Muslims are terrorists and mass murderers, it would be laughable. It is disgusting that 1.5 billion people have been hoodwinked into believing that the Quran was inspired by a god so stupid that he thinks people of different skin colors were made from different colors of mud or that night occurs because the sun takes a nap in a muddy spring and that there's a race across the sky with the moon chasing the sun.

It's a book full of contradictions; the second surah explains how to deal with the contradictions - the most recent contradiction prevails. And you have Muhammad, who is clearly by the Quran's own definition, a liar, a pedophile, a rapist (he loved raping Jewish women) and a thief. There's even a surah in the Quran that says stealing is lawful and good. The first surah of the Islamic era. This is the story that has the world all tied up in knots thinking that the Temple mount ought to have trophies of Islamic stupidity. And that's what they are, trophies.

The only intelligent thing to do is what Hezekiah did. Return to the Towrah, not to the Talmud, start celebrating the seven Mow'ed Miqra'ey as they were intended, not as the rabbis do, and get rid of all the Jewish, Christian and Islamic religious junk.

I know there are some Jews that want to build the Third Temple; don't bother. Yahowah is going to take care of that Himself, He does not need your help, but He has asked you to remove all traces of religion over and over again. We've been doing the show for weeks now on Howsha' / Hosea, the Prophet who is most vociferous on condemning Judaism. Those people should not have been walking out of a synagogue. Judaism should no longer be practiced. God is anti-religion, He hates Judaism, Christianity, Islam social secular humanism, all of them, and if you want to know Him His name is Yahowah and the first step to form a relationship with Him is to step away from religion and politics.

That said, this may have been enough not just with the murders, the celebrations, the number of Jews that were shot in cold blood, it's the proof that Muslims are savages, that maybe it's time to go on record and say there is no such thing as a Palestinian; we will never use the term again. There is no such thing as Palestine, there is no West Bank, there are no occupied territories unless you're speaking of the Muslims that are occupying the Jewish homeland; no Palestine, no Palestinians, no two-state solution, no occupation and that Islam is the most revolting religion ever conceived. It's time the Jews know the truth, spoke the truth and cleaned house.

There were a lot of comments today saying that rather than doing surgical strikes in Jenin it should just be turned into agricultural land, send the Muslims either to Gaza or to Jordan which was created as a state for Muslims living in Israel and the intelligent thing to do is to give the Muslims living in Israel who have shown that they're incapable of being civil a week to move; pick one of the two places, don't care which one. If you can prove that you own property that has some value and that you have never incited nor encouraged or celebrated terrorism against Jews, then I'm all for Jews buying that property from you. But if you've ever encouraged it, if you have a son or a daughter that's out there celebrating the death of innocent Jews then it needs to be taken from you. And after giving all the Muslims in what is called the "West Bank" (there is no West Bank) but in Judea, Samaria, in places like Bethlehem, Ramallah and East Jerusalem the opportunity to leave and go to any one of the Islamic countries that surrounds Israel it all needs to be bulldozed. Or you can wait, and they can kill you. We can pretend that we're in a slow Holocaust and after it's all over and millions of Jews are dead then Yahowah is going to return and the few that are left that are willing to acknowledge Him will watch Him and the Messiah Dowd / David clean house. If you want to impress your God, which is not a bad thing to do, it's time to move them out. I have never ever in my entire life as a broadcaster or as an author encouraged violence, and in this case I really don't want to go in with guns blazing unless it is to wipe out those who are sponsoring terrorism against Jews. I think that they are a fair game; they've declared war and Israel should be able to defend itself and fight back, but I always prefer words. So, I would much prefer that Israelis, their media and leaders start telling the truth about the fact that there are no Palestinians, there is no such place called Palestine, that Islam is incompatible with the rest of the world and that they do urban renewal by turning these places into farmland in the least deadly way possible. But it needs to be done before we live in a return to the Holocaust. This was Holocaust Memorial Day today.

I do hope that Israel finally responds and that every Jew in Israel whether you be a nut case Progressive, one of the children running around in Tel Aviv that thinks that you can negotiate and have peace with those that want to annihilate you, that every

single that one that watched the celebrations that are taking place in Gaza and in the Muslim towns throughout Israel think long and hard about trying to live beside such people that celebrate your death and what really needs to be done.

All right so that's my two cents, actually probably a million shekels, on the Fakestinians and on Islam and what the uh what needs to happen for there to be any sanity in this discussion. You might say the United States wouldn't tolerate it so what are you gonna do? Are you going to try to placate a Progressive administration like the Biden Administration thinking that they're going to somehow like you if you roll over and play dead? Do you think the European Union is going to stop funding slave for pay because you don't escalate? Do you think if you allow Hamas to rain rockets down on you and you don't respond that you're going to win the favor of the Muslim world? You gave the Muslims Gaza, you withdrew. It was under Israeli control after The Six Day War, and you gave it to them. And what did you create? Why would anybody even with half a brain think that if they were to create a Muslim State on the other side of Israel such that a country is only about 10 miles wide at its waist where 70 percent of the population lives that that's going to turn out differently? "Oh, but there's the Palestinian Authority run by the PLO over there and you have Hamas on the other side." Yeah. Guess why there hasn't been an election of the Palestinian authorities for decades. Because if there was an election the Muslims there would vote for Hamas, and you would have Hamas enclaves on both sides of you with Hezbollah due north. It would be literally like shooting Jews in a barrel.

Speaking of shooting Jews in a barrel light before we return to Howsha', it's been an interesting week in translating Ezekiel. I am now through the 32nd chapter, about 70% percent of the book. There hasn't been a single statement that the Lord of Babel has made that has been true, not one. Every statement, every prediction, every claim that he has made is invalid. Now it takes a special kind of wrong to be wrong 100% of the time. In fact, they have to be fairly smart to be wrong 100% of the time. It's pretty clear that ___ to be consistent with what Yahowah ___ with what happened previously because prophecy is like the Hebrew language, like light itself, like God himself, it simply exists; what was true is true and will always be true. There are no past or future tenses. So, you're dealing with the need to be right about what has happened, and you have to have predictions which are immortalized in writing well in advance of events detailing what will happen and it has to happen that way. There's not a single accurate prophecy in the entire book. There are many contradictions of things God has said and there are not just untrue statements of things that happened historically, they're the inverse of what happened. It's not just that everything is wrong in the book, it's that the inspiration of the book is a

psychopath, a narcissist. He's anti-Semitic, he is sadistic. It is the most disgusting text ever written. I've spent five years of my **Stream interrupted**.

Let's continue. I wanted to say the thing that is most troubling to me about Ezekiel is that the book is so anti-Semitic, so demonic, so sadistic now that over the first 20 some odd chapters the voice describes 25 ways to kill Jews. The voice of Ezekiel is a pedophile, glories in pedophilia, encourages rape, is a pimp, despises Jewish women, and then writes of himself through foils and then to prove that he really isn't the Adversary but is God he then after glorifying the proxy or foil he then sends them off ___ Satan. Most people just don't understand that when you say "Satan" they say, "Oh yeah. I know in Judaism they don't believe there is a *ha Satan*," (even though Yahowah said there was) and then in the book of *Yasha'yah* over and over and over again there are references to him. They don't recognize his agenda from *Yasha'yah* 14. It's very clear that he's going to rise out of the institutionalized religion and integration into the politics of Babylon / of the land of intermixing and confusing. And in so doing his goal is to be perceived as God. The only way for the Adversary to be perceived as God is for him to bury, to destroy, to annihilate the perception that he is the Adversary. No one's going to go off and worship Satan as God under the title "Satan the Adversary" so he has to destroy that title and his identity with that title to be perceived as the Lord God of religion and that's what he does throughout Ezekiel. Ezekiel was written for a singular purpose which is for the Adversary Satan to be able to glorify who he once was before he was challenged by God for misleading Chawah and diminished, and then he doesn't like God for having done that and wants to lash out at God, finds people despicable and worthless and lashing out by destroying his association with the Adversary title so that he can be perceived as the Lord God of religion. He is Hashem and Adonai of Judaism, he is Jesus Christ of Christianity, he is Allah in Islam, he is the Lord God of religion. That was his goal, he has pulled it off, and Jews have helped him. That's what's so amazing about the Book of Ezekiel. It wouldn't exist as a book set between the real prophets like *Yirma'yah*/ Jeremiah, *Yasha'yah* / Isaiah, *Howsha'* / Hosea, *Zakaryah* / Zachariah. It wouldn't exist as a book to be considered among actual prophets if Jews hadn't put it there, and this is a book that has 25 ways to kill a Jew. Why would you do that? Why aren't there Jews today saying It's wrong, it's false, it doesn't belong. I can tell you why. Because a huge part of the *Zohar* is borrowed from it, because in Rabbinic Judaism women are treated like trash, and you're justified in doing so by the book of Ezekiel. Christians have a hell of a problem with the realization that Ezekiel isn't true because in a book like Revelation there are 40 direct citations of Ezekiel. That means the Revelation is not true; there will be no Magog War, there is Gog, there is no valley of the dry bones, there is no New Jerusalem, there is no reordering of and no elimination of the Mow'ed Miqra'ey. God is not sadistic, the

visions of God with all the signs of the zodiac and eyeballs within wheels and wheels within wheels is utter nonsense. It's ... inspired. It's hallucinogenic. Jews have no one but themselves to blame for the very book that led to them being dehumanized and demonized. The book of Ezekiel does that and yet you made it part of your Bible which then made it part of the Christian Bible which gave them the justification for doing it.

That's one of the problems of Judaism. ___ guy can't stand Judaism; you do this to yourself. Christianity is a direct result of Judaism, Islam is directly responsible for Judaism or rabbis. Without rabbis there is no Islam or Christianity. These are very provable conclusions.

So, I will continue finishing the second volume on Ezekiel, hopefully it'll be done in a month's time. There's lot of it that is already posted on the yadayah.com site to read. I can tell you that if anybody thinks I'm out on a limb, I'm going to tell you it is so obvious the only question is why has it taken so long for somebody to call a spade a spade?

All right, we're going to pick up where we left off last week in Howsha' 4:15. It reads:

“Even though (‘im) you act like a religious whore (zanah ‘atah – you are a fraud and prostitute, unfaithful and unreliable, feigning devotion (qal participle)), Yisra’el | those who Contend and Struggle against God (Yisra’el), let not Yahuwdah | the Beloved of Yah be guilty and suffer the same fate (‘al ‘asham Yahuwdah – let not those Related to Yah fail, become offensive, and be similarly wrong (qal imperfect)).

Do not come to (wa ‘al bow’ – do not enter) Gilgal | Circular Thinking (ha Gilgal – a whirlwind, tumbleweed, chariot wheel, swirling storm, or circular reasoning, first Yisra’elite encampment west of the Yarden).

Neither ascend (wa ‘al ‘alah – do not rise) to Beyth ‘Awen | the Home of Affliction (Beyth ‘Awen – the House of Vanity, Religious Idolatry, and Trouble, a town of Benyamyn | Benjamin).

Do not consistently curse, swear, or continually take an oath (wa ‘al shaba’ – adjure, make a promise, or take a vow (nifal imperfect)).

Yahowah lives! (Yahowah chay – Yah exists to vigorously animate and restore lives, Yah is vital to life and the living).” (Howsha’ / He Delivers / Hosea 4:15)

It would be very soon after this that Israel would cease to exist. The Northern Kingdom was attacked by the especially ruthless Assyrians and hauled 10 of the 12 tribes into obscurity where contact was lost with them. There is the high probability that Jews have continued to intermarry but to stay alive they're masquerading now as Muslims. When doing their spit tests now there's quite the awakening. The people they've been told to hate whether it's extra bonus points from Allah to kill a Jew in the brothel that he calls heaven, the fact is that they have Jewish DNA. the Taliban, for example, the Pashtun tribe likely has a high Jewish DNA content. You look at so many of the Islamic leaders and J1, they are Jews.

So Yahowah has said that He is going to call His people out of geographic Babylon prior to His return and so there are some that will awaken and will leave Islam. Some converted to Roman Catholicism to avoid the Inquisition and stayed that way because the Inquisition turned into pogums which turned into the Holocaust and now it's just a rise of anti-Semitism around the world. So, there are lots of them still that will reunite with Yahowah. But the fact is that Israel, according to Howsha' who was a Yisra'elite, they were religious whores. It's true today also. There is probably no more irritating religion to Yahowah than Hasidic Judaism. There's no religion that robs its people more or pays its clerics more than does Judaism.

“Even though (*im*) you act like a religious whore (*zanah 'atah* – you are a fraud and prostitute, unfaithful and unreliable, feigning devotion (*qal* participle)), *Yisra'el* | those who Contend and Struggle against God (*Yisra'el*), let not *Yahuwdah* | the Beloved of Yah be guilty and suffer the same fate (*'al 'asham Yahuwdah* – let not those Related to Yah fail, become offensive, and be similarly wrong (*qal* imperfect)).

Do not come to (*wa 'al bow'* – do not enter) *Gilgal* | Circular Thinking (*ha Gilgal* – a whirlwind, tumbleweed, chariot wheel, swirling storm, or circular reasoning, first Yisra'elite encampment west of the *Yarden*).

Neither ascend (*wa 'al 'alah* – do not rise) to *Beyth 'Awen* | the Home of Affliction (*Beyth 'Awen* – the House of Vanity, Religious Idolatry, and Trouble, a town of *Benyamyn* | Benjamin).

Do not consistently curse, swear, or continually take an oath (*wa 'al shaba'* – adjure, make a promise, or take a vow (*nifal* imperfect)).

Yahowah lives! (*Yahowah chay* – Yah exists to vigorously animate and restore lives, Yah is vital to life and the living).” (*Howsha'* / He Delivers / Hosea 4:15)

Yet there isn't a religious Jew on the planet that will say His name. They claim that they're going to the synagogue to worship God. No. I'll tell you He's never been in

a synagogue, would never go into a synagogue. You don't know who God is, I can assure you. But if you will read *Yada Yahowah* you will come to know who He is. And if you're a Jew or Yisra'elite listening to my voice in Israel tonight as you mourn the death of those the Muslims are celebrating for killing, I would encourage you go to yadayah.com. or yadayahowah.com. *Yada* means "to know" and *Yah* is the familial form of Yahowah's name. Start at the beginning; open the first book entitled *An Introduction to God* and learn why you, why me. Come to know what Yahowah is offering and what He expects in return. Come to know how we have come to know the way to pronounce His name and understand how vehemently He is opposed to religion for all the reasons we've talked about. He's not fond of politics; read what He had to say to Shamuw'el when he announced that they had chosen Sha'uwl / Saul over Him.

It's quite a list of things that He says that politicians will do to you and that by choosing the political solution they are choosing to reject Yahowah. It's true today. Come to know what God is offering. Go to yadayah.com or yadayahowah.com and read it. It's written in the lingua Franca of the world, English, which is spoken by more people in the world, including Jews. It had to be translated into English so that the most people could read it and understand God's message and it is a comprehensive translation of what Yahowah said, just like this passage we have read.

Come to know Him, find out what He's offering. You will find that Yahowah is the opposite of religion and politics; He wants you enlightened, not indoctrinated; empowered, not controlled; liberated, emancipated and enriched. All these things He will do for you.

While Yisra'el had become a lost cause, Yahuwdah wasn't – at least not yet. There would be righteous people, honorable kings, and glorious prophets in Dowd's shadow.

***And while Yahuwdah would fall, and suffer under the Babylonians, (it was horrible what was done by Nebuchadnezzar), under the Greeks it was far worse, Imperial Rome (the most ruthless of all civilizations, particularly to Jews), Roman Catholics (which tormented, harassed, subjugated, murdered and dehumanized Jews for a longer time and in more places than any other institution in the history of humanity), the Muslims (who in the first 100 years after Muhammad's death wiped out one-third of the world's population), the Ottomans (who rose to power when Tamerlane of the Mongols and his followers figured out Islam was a good religion if you're trying to motivate barbarians because that's how Islam got its beginning),

The British (were savages towards Jews), Nazis (with their Holocaust), Conspiratorialists (where the majority, worst and longest lived are “blame the Jews”), and now Progressives that lash out at Jews completely devoid of evidence and reason.

Their intermission from Yahowah was another three centuries down the road. They would succumb to the circular reasoning of religion and take vanity to an entirely new level.

Speaking of vanity and circular reasoning, I’m appalled about what I’m continuing to read about the Ukraine. We’ve decided to send them Abrams tanks (the German tanks are even better than ours). The day they got them they said, “We need more and more,” then they needed another 20 billion dollars to fix their infrastructure, then they needed another 10 billion dollars to make their economy go and then they needed another 50 billion dollars’ worth of weapons. There’s only one place this is headed and that’s to nuclear war. You cannot arm a country as a proxy with your most advanced weapons and kill their soldiers to the point that that country has no hope of succeeding and not expect them to lash out in the only way that will be left to them. The United States will be attacked by Russian nuclear bombs, and it will have been entirely our fault. That’s the reality and the circular reasoning and the ignoramus of politicians in the media for not recognizing that is indeed sad.

Unlike man’s religious schemes where conversion is the means to submission and control, there is no oath of allegiance for the Covenant. God doesn’t have a formula that says, “You must say so and so. You must vow your support to me.” No because what are you doing? You are becoming part of the family. When you are born into a family you don’t say, “Oh dearest Lord and Father and Mother, the great Queen of Heaven and Mother of God, I pledge my soul to your bidding.” NO! In a family you are loved, and you love in return. Your parents give to you, they don’t take from you. You ___ as a gift, not as something you must make a profession for. ___ oath of allegiance. In fact, there is no Hebrew word for “obey”.

By referencing the towns of Gilgal and Beyth ‘Awen, Yahowah underscored His anti-religious message. Gilgal is where the people made Sha’uwl king and where the ill-conceived leader ran afoul of Yahowah. *Gilgal* speaks of circular things – such as circular reasoning, tumbleweeds blown by the wind, and swirling storms. This is telling because the Christian term, “church,” is most closely related to Circe, the daughter of the sun god, Helios. It is from her name that the English words, circle and circus, are derived. You will find them in the halos, representing the circular disc of the sun and sun worship throughout Christianity. Even religious Jews have

their circles, wearing the kipah – which is of Greek influence as is the synagogue that those poor souls walked out of this evening. Look up the Hebrew basis for synagogue. You could spend the next thousand years doing so and you will not any Hebrew basis for it. God does not have a synagogue; it's not a Hebrew word. It's based upon the Greek influence on Judaism.

The Yisra'elites confirmed kingship on *Sha'uwI* | Saul here. And it was at Gilgal that his authority was taken away as a result of his failure to listen to Yahowah.

****Sha'uwI* is also a harbinger for, as I said, one of the top five most hated individuals, *Sha'uwI* | Paul, the founder and principal author of Christianity. Among the vainest of men, he, like King *Sha'uwI* / Saul, was from the tribe of *Benyamyn* | Benjamin, which is where the House of Affliction and Vanity was located.

“Indeed (*ky* – surely and truly), **Yisra'el** (*Yisra'el*) **is as stubborn** (*ka sarar* – as defiant, obstinate, rebellious, and unwilling to change) **as a cow** (*parah*).

Now as a result, can (*atah* – at a point in time, so then, in the sequence of the narrative and as the logical consequence) **Yahowah** (*YaHoWaH* – an accurate presentation of the name of *'elowah* – God as guided by His *towrah* – instructions regarding His *hayah* – existence) **shepherd them** (*ra'ah hem* – care for their needs, lead, nurture, and protect them) **as a lamb** (*ka kebes* – as sheep) **in the limitless, spacious place with vast freedom** (*ba ha merchab* – in the midst of the broad and open way). (*Howsha*’ 4:16)

‘Ephraym (*'Ephraym* – Useless Ash, Waste of Carbon, and plural of Fruitful Cow [the Northern Kingdom]) **is in accord with and allied to** (*chabar* – joined to, in union with, and is casting the spells of) **harmful idolatrous religious images and vexing false gods** (*'atsab* – objects of worship).

You should choose to leave him alone (*yanah huw' y* **You should choose to leave him alone** (*yanah huw' yanah* – let him be, satisfied with his intermission, and undisturbed during his time out (*hifil imperative*)). (*Howsha*’ 4:17) *anah* – let him be, satisfied with his intermission, and undisturbed during his time out (*hifil imperative*)). (*Howsha*’ 4:17)

When you're called stubborn, defiant, obstinate and rebellious by God that's probably not a compliment. When God says you're as stubborn as a cow, that's Him saying you're probably beyond hope.

If you were to look at the Haredim today you could say the same thing. The religion was created in the 18th Century by a man that was illiterate. You've got all these Prophets like Moseh, who was brilliant, Dowd, who was the brightest man that ever

lived, and a guy like Howsha', and instead you're going to give your soul to a religion that was traced back to Baal Shem Tov? We don't know if he was literate because he didn't write anything. He didn't write anything because the written word is enduring, and you can fact check it.

I do this program with Kirk and Dee based upon the 26 free volumes of *Yada Yahowah* that are available for you to read and scrutinize on yadayah.com or yadayahowah.com. You can copy and paste the words we are translating into a search engine and validate whether or not my rendering is accurate. You can challenge something I wrote 20 years ago because you can look it up. It's very hard to ... with the spoken word which is why nincompoops like Baal Shem Tov only spoke their contrivances as opposed to writing them down.

One of the great mysteries of Christianity is that they claim that Jesus is God in the flesh, the ultimate and everything. He's better than all the other Prophets combined. Oh yeah? Moseh left us the Towrah, he wrote it all down. Then you have Shamuw'el, Dowd, Yasha'yah and Yirma'yah who wrote it all down. And what did Jesus write? Not a word. You don't even have an eye witness who wrote anything down that he said **stream garbled** ___ allegedly, ___ you're supposed to be listening to him? No! He was the Passover Lamb. The Passover Lamb does not have a speaking role in God's plan. The Shepherd / Dowd does. ___ validated, investigated, that can be proven by writing it down. I get four or five requests daily to look at some stupid video; I don't bother. You can read seven times faster than you can listen and process the information ___.

One of the sad things are the Truthers. They will ___ media and say, "Fake news," and yet all their retorts are in video presentations of some talking numbskull that just wags his tongue.

As a result, can Yahowah shepherd them as if they were lambs? Is there any chance that Yahowah can take them through the limitless, spacious place with vast freedom? No. God said because you are stubborn, you don't listen and you act like a godforsaken cow He can't shepherd you. If He were to take you beyond the third dimension into the other dimensions, as opportunities grow He can't trust you and He can't stomach you. If you are stupid enough to believe the Talmud over the Towrah, you are dumb as the cow. If you want to believe a rabbi over God that's your choice; He gave you freewill, but it's not going to work out for you. We talked about in our last program that it's been 2,500 to 2,700 years of hell for Jews. Assyrians, the Babylonians, Greeks, the Romans, and then the Roman Catholics, after the Roman Catholics the Muslims and then the Ottomans, the Europeans, the

Nazis, the Communists and the Progressives. When you're going to say it's not working out for us, when are you going to gain a backbone and say the religion that has brought all of this on us is counterproductive? Why don't we give Yahowah a chance? Why don't we check out and see if Hezekiah was right, if that actually occurred, if the Assyrians were eliminated and see if God will do for you what He did for the Jews living at that time?

Ephraym (*'Ephraym* – Useless Ash, Waste of Carbon, and plural of Fruitful Cow [the Northern Kingdom]) **is in accord with and allied to** (*chabar* – joined to, in union with, and is casting the spells of) **harmful idolatrous religious images and vexing false gods** (*'atsab* – objects of worship).

That's the nature of Christianity, Judaism, Islam. They are all idolatrous and based on what occurred in Babylon, which is where the Talmud was written. Even Hasidic Judaism was created in the Babylon of the modern world, the Ukraine, the least worthy, least moral places on Earth. So, what's God's statement? "Leave it. You can't fix it; walk away from it."

As their alcoholic beverages (*sobe' hem* – their beer and wine) **are consumed and removed** (*suwr* – are finished and dragged away), **they go out whoring, acting like disingenuous prostitutes** (*zanah zannah* – they feign adoration for shekels, being religious and unfaithful, cheating on the relationship (hifil infinitive perfect)).

The religious are sexually and financially exploitive, as blind and senseless stooges (*megen huw'* – their cultic sex partners who have traded debauchery for money, surrendering to their pretense and gaudy ornamentation and phony embellishments as a result of having their vision impaired) **love** (*'ahab* – seem to adore and desire, even prefer) **ignominy and shame** (*qalown* – insults, scorn, dishonor, scandals, infamy, and humiliation). (*Howsha'* 4:18)

A Spirit (*ruwach*) **has laid siege to and enveloped** (*tsarar* – has bound itself to and oppressed, weakening and troubling, harassing and vexing (qal perfect)) **them** (*'eth hy'*) **in her wings** (*ba kanaph hy'* – within the extremity of her garment).

They will be ashamed and humiliated, even confounded and disappointed (*wa bowsh* – have a feeling of emotional distress over the loss of hope, despair as a result of having committed a serious sin), **as a result of their sacrifices** (*min zebach hem*).” (*Howsha'* / He Saves / Hosea 4:19)

This was written around 750 BCE. You would think that since it is kept among the Prophets that occasionally a Jew would read it and say, "Wait a minute. God predicted we would be in this bad situation. He said we were unshepherdable and

were engaged in religious paganism and chasing after idolatrous images. He told us to leave it alone. He told us we were intoxicated in our own brew that caused us to act like disingenuous whores.

The religious are sexually and financially exploitive, as blind and senseless stooges (*megen huw'* – their cultic sex partners who have traded debauchery for money, surrendering to their pretense and gaudy ornamentation and phony embellishments as a result of having their vision impaired) **love** (*'ahab* – seem to adore and desire, even prefer) **ignominy and shame** (*qalown* – insults, scorn, dishonor, scandals, infamy, and humiliation). (*Howsha'* 4:18).

Look at all the rabbis that have been accused and convicted of sexually exploiting women. It's almost as bad as for Catholic priests. They love shame, dishonor, their scandals and they love being humiliated according to God.

A Spirit (*ruwach*) **has laid siege to and enveloped** (*tsarar* – has bound itself to and oppressed, weakening and troubling, harassing and vexing (qal perfect)) **them** (*'eth hy'*) **in her wings** (*ba kanaph hy'* – within the extremity of her garment).

You can embrace a number of different spirits: the spirit of Yahowah, the *Ruwach Qodesh*, there are spiritual beings that are part of the *saba'* / the heavenly hosts. The *malak* are spiritual representatives, the *karuwbym* / cherubim are protective spirits, but there is also ha Satan who is a spiritual being. So, you can choose to be associated with Yahowah or the Adversary.

They will be ashamed and humiliated, even confounded and disappointed (*wa bowsh* – have a feeling of emotional distress over the loss of hope, despair as a result of having committed a serious sin), **as a result of their sacrifices** (*min zebach hem*).” (*Howsha'* / He Saves / Hosea 4:19)

Over the years I've been called a lot of things, including stubborn, defiant, rebellious, and unwilling to change. My stance regarding Yahowah is formidable and unwavering, like Kirk's and Dee's. And even with all the titles afforded this mission, from *choq* | sucker to *nakry* | My observant foreigner, from *mal'ak* | messenger to *basar* | herald, from *yada'* | knows some things to *zarowa'* | sows some seeds, I've not heard Yahowah reference a *parah* | cow. I can tell you it is not flattering.

By the way there's a report out of Israel that you can now make a synthetic cheeseburger without being in violation of the most ridiculous of the kosher laws which is you can't have cheese and meat on the same plate or in the same meal. The rabbis wrote a hundred-page analysis on the verdict because it's synthetic. So long as they don't claim it is real meat then maybe it's okay to have a synthetic cheeseburger.

If God never wanted you to have dairy and meat on the same plate why didn't He say so? He didn't say anything of the like. If God wanted you to please Him by having a super restrictive diet, why were half the animals on that list unknowable? If God was fixated on what you ate would define who you are then can you please tell me why in *Dabarym* it says you can eat anything you want as long as you do it thoughtfully? God's instructions were, "I'm going to give you a list of things that really aren't healthful; if you eat them, it's highly likely you will become sick, so you would be better off not eating them. Until very recently with refrigeration, etc. they would kill you. People still die today from eating shellfish and pork, the most deadly of meat. Yahowah is right. This idea that you can make a religion out of kosher gives rabbis a way to fleece and control religious Jews. If you don't have two sinks and two separate plates for your dairy and meat, the kitchen has to be blessed (for a fee) by a rabbi. There's an indulgence for everything in Judaism. It's called "Pay the Rabbi."

If God were to equate any of us to an animal, the preferred choice is a *kebes* | lamb. Yahowah views Himself as a *ra'ah* | shepherd and clearly loves those who tend to His beloved sheep. Dowd is the ultimate Shepherd but anyone who shepherds Yah's sheep is perceived as being wonderful in His eyes.

There are lots of reasons why Yahowah chose sheep as the animal to most identify His people with. They are willing to follow their shepherd. The shepherd lives with them; they know and recognize their names. They are very communicative. They are not vicious; they are capable of sophisticated reasoning. But, unfortunately, Yahowah is not equating His people to sheep, but instead to cows.

But sadly, there was no longer any hope of guiding Yisra'el. They were feeding upon themselves, herbivores-gone-rogue. There was no sweet disposition, desire to be led, or willingness to follow as part of Yah's flock. Left out on their own, as would be the case, they were a danger to themselves. Clearly, they could not be trusted.

They really brought the wrath of the Babylonians upon themselves. Clearly that's the fault of the leadership of Judah. They brought the wrath of Roman and Greece with the Maccabean revolt upon themselves. They created Islam and Christianity. That doesn't exonerate Christians and Muslims – they are wrong. But there wouldn't be any Christians or Muslims if it wasn't for what religious Jews have done.

It wasn't that 'Ephraym was flirting with some gods and goddesses along the way. They were bound to them, in league and in agreement with them, speaking for these harmful religious images and vexing false gods. Look at the story of 'Elyah against the prophets of Ba'al / The Lord and Asherah / The Queen of Heaven and the Mother of God. They were all Jews that were flocked around the priests and prophets of the

false gods; they were in it up to their eyeballs. With the one real God at their beck and call it was inexcusable for them to chase after false gods which I think is why God is so frustrated with His people.

What follows is unexpected but wise. God is encouraging us to leave Yisra'el alone. He just said that the people are beyond repair, completely unwilling to listen. You can't fix them. Addressing them would have been a waste of breath. And it would be today if it wasn't for the fact that on Yowm Kipurym in year 6000 Yah, Yahowah's return with Dowd, is less than 11 years away on October 2, 2033, at sunset in Jerusalem. We have very little time left. And if it wasn't for the fact that Yowm Kipurym, the Day of Reconciliations, (not the day of atonement or sacrificing but a day to reconcile one's relationship with Yahowah), is fast approaching and that Yahowah is going to bring all this to a climatic close, it would be worthless for us to do what we are doing.

I cannot tell you if it's going to be 7 or 7,000 but I can tell you it will not 7 million Jews who will finally listen to Yahowah. But if you want to be among them, go to yadayah.com or yadayahowah.com and read what God has to say to you.

God is encouraging us to leave Yisra'el alone until now. Now He wants us to reach out. The people have been beyond repair, but some are finally willing to listen. Maybe it's going to take your politicians and rabbis inability to protect you, no one having an answer for you that you'll finally do what Hezekiah did when he realized that he had no answer for the 185,000 Assyrians that were about annihilate Judea; maybe this is your Hezekiah moment. And if it were not for the promise that ultimately Yahowah will reconcile His relationship with Yisra'el and Yahuwdah, even today, God's message would fall on deaf ears. But there is that promise, it will occur, and this is your opportunity to capitalize upon it. You may never have another.

It is interesting that everyone we know of that has come to know Yahowah has come the same way, 100% of them. If you are going to join us as part of the Covenant family, you're going to come this way too. That means you're going to start questioning your religion and politics, you've already started questioning them or you've already disassociated from them and ultimately you have to step away from the grip, indoctrination and control of Judaism.

If you happen to be a Jew and you're into Christianity, Islam or Progressivism Liberalism you must step away from those things and disassociate from those you know. Stop trusting them and stop promoting them, that's the first step. If you don't do that the rest of it's a waste of time. So do that first. Once you have done that then it is likely that if you have something to offer, if your soul has merit, if there's something about you that God finds interesting, He will introduce Himself to you.

But unless you're willing to walk away from religion, politics and conspiracy you are never going to have that chance, and there's a zero percent chance He's going to introduce Himself to you or make Himself available to you. But if you do, I can tell you with Yowm Kipurym fast approaching, He will reach out to you if you walk away from religion and make an honest effort with an open mind and devote the time to come to know who He is, what He is offering and what He expects in return. It's hard to listen to God if you are praying to Him, it's hard to look at Him if you are bowing down on your knees. Stand up, look up, shut up and listen. If you do that God will reach out to you just as He did to Dowd, 'Abraham and Moseh. He will reach out to you and make an offer that gives you everything that you can possibly imagine. The only things that would be requested of you in return are all good for you.

It's time for Israel to start using their words and to start telling the truth to shed your ignorance of Islam, of Palestinians, of Palestine, of Islamic terrorism, to know what you're up against and be willing to deal with it. Embrace Yahowah, walk away from religion and come to the place where you're not afraid to tell the truth, where you are not afraid to rid your country, your home land, of the stench of this horrible blight. It's so fitting with the message of Howsha'.

Humankind is in a fog. Most are aiding and abetting their own demise. Evidential truth has been exchanged for unsubstantiated opinions, reason has been abrogated by speculation, and man has replaced God with himself.

That leaves us with a choice. We can separate ourselves from the lemmings, reject religion and politics, mock the conspiracies, and turn instead to the Towrah and Prophets.

Speaking through one of the best, Yahowah used several different words to emphasize the importance of "listening" in the opening stanza of the fifth chapter of Howsha'...

"Hear this (*shama' zo'th* – listen to this and process the information), **those who are priests and have become religious leaders** (*ha kohen* – ministers tasked with explaining and facilitating participation in the *Beryth* and *Miqra'ey* via the *Towrah*).

Pay attention and be attentive to what you are hearing (*wa qashab* – listen diligently and accept this information as true, then respond to it), **Family of Yisra'el** (*beyth Yisra'el*).

Household of the king and extended family of political leaders (*beyth ha melek* – home of government rulers), **open your ears to hear as tools to evaluate and**

consider (‘azan – broaden the scope of what you are hearing, give ear and listen; from ‘azan – to weigh, test, prove, and consider, ‘azen – implements and tools, and ‘ozen – ears).

For this (*ky*) **just assessment** (*ha mishpat* – this rational evaluation and reasoned conclusion using sound judgment leading to a justified condemnation) **applies to you** (*la ‘atem*).

Indeed (*ky*), **you have become** (*hayah* – you exist as) **a snare, a dangerous means to control others** (*pach* – you are plotting a calamity to trap and restrict) ***la Mitspah*** | **with the means to be observant** (*la Mitspah* – approaching the way to be watchful, to explore and examine, to focus upon and consider; from *my* – to consider the implications of *tsaphah* – being observant), **in addition to** (*wa*) **a net** (*resheth* – a means to capture, control, and confine, a network designed to impoverish and dispossess others; from *yarash* – to disinherit) **spread out** (*parash* – scattered around) **upon** (‘*al*) ***Tabor*** | **a broken and confused world** (*Tabor* – the confounding abominations of the Earth; from *tabar* – broken and *tebel* – perverted and confounded world).” (*Howsha* / He Liberates / Hosea 5:1)

We'll talk about this passage again next week. It says what I just said, does it not? Stop praying, stop talking, start listening. stop bowing down and start reading, stop looking at your fellow man for answers, particularly the rabbis or your politicians, and start looking at Yahowah.

One of the great travesties right now in Israel's situation is that the nation is so divided between right and left, between religious and secular, between anti-Bibi and pro-Bibi. It is probably the worst that the country has been divided since its founding in 1948. With a country divided and facing a relentless religious foe that is on the cusp of gaining nuclear weapons and that has hundreds of thousands of rockets and drones ready to launch at it, that has taken over and impoverished the country to the north, that has infested Gaza to the point that there is no hope for the place, that the world wants to give the opposite of Gaza which they call the West Bank to these same Muslims, how you how do you think you will survive that? It can't be done. It's worse than the 185,000 Assyrians.

One thing I read in the blog today was about Jews saying it's enough, the IDF needs to do its thing, it has the power to do so. Well according to Yahowah the ultimate war that is going to confront Israel during these last days is going to be like a flood of jihadists. They're going to come in by the hundreds of millions. There's going to be so many of them that you will not have enough bullets in the guns to stop them

and the only way that they are thwarted is to embrace Yahowah; you need a Hezekiah moment.

Read the story of how the king, when somebody was cleaning out the temple, found a copy of the Towrah. They hadn't read it in many years. Hezekiah read it and said, "Oh wow are we in trouble. Our God is really upset with our politics and religion. We need to straighten this thing out. We need to get the Lowy / Levite *kohen* / priests back on duty. I don't think there's one of them that could properly explain how to celebrate Pesach, Matsah, Bikuwrym and Shabuw'ah. They're clueless. We've got to get them trained so that they can help the people understand what we're doing and then we need to get rid of all the religious gunk that's polluting Judea. Once we do that then we can celebrate Pesach, Matsah, Bikuwrym and Shabuw'ah. We can't even celebrate Chag Matsah until we get rid of the religious gunk, and we get some people trained so that they learn from the Towrah and can guide the people."

Then Howsha' went to Yahowah and said, "I'm doing the best I can. I found it, I read it, I'm trying to get the religion out of here, I'm trying to get the Lowy priest trained. I can't get it done in the time that's available to us. Can we celebrate two weeks late? Give me another two weeks, please." God said, "Sure, no problem," and He accommodated him.

It's not about the date__ **stream garbled** __ removal of politics, the cleansing of religion and politics from the Land. Then in conjunction with Pesach those who have done so become immortal; they are saved, they're spared. Yahowah did exactly that. He spared His people. They cleansed their country of religion; He spared them. They celebrated Pesach and Matsah two weeks late and had such a great time Hezekiah said, "Hey I've got a great idea. Yahowah, can we do Pesach and Matsah another two weeks? This was really fun." God said, "Sure, absolutely." That's what you need if you're living in Israel.

I realize that you're never going to be able to reason or change or even make a dent in the Haredim. The Haredi are a lost cause. I realize that there are many Progressive young people in Tel Aviv and the like whose politics have become so liberal and whose mindset is so indoctrinated that they're worse than the religious and you're never going to convince them of anything using evidence and reason.

But there are those of you in the middle who know that the religious are wrong and that the secular politicians are wrong and since there is a God out there if you read *An Introduction to God* on the yadayah.com site you'll find it and it will be an awakening. And if there are a hundred of you, then a thousand and then perhaps

seven thousand what a difference it's going to make in making eternity richer, making Yahowah happier and, of course, the difference it'll make for those of you who make this decision. So, that's where we're going to leave it for tonight.

I want to re-emphasize to those who are listening that you're in a very unique situation. Words are the best weapons and you can only use them effectively if you know the truth and you're willing to speak the truth with conviction. You as Jews at this time need to understand and be willing to say that there is no such thing as Palestine and there is no such thing as a Palestinian. You need to be able to say that there's nothing holy about the Islamic sites on the Temple Mount; they are religious trophies to Satan. You need to read *Prophet of Doom* and come to know Islam as it really is and then oppose it using your words collectively as a nation. You need to stop pretending and even giving lip service to a two-state solution because it is the final solution for Jews. Don't do it; don't pretend it even has any merit. Just point out what happened in Gaza and don't expect a different result. It's time to use your words. That would make an enormous difference.

And then you have every right to protect yourself. Since Muslims are celebrating by handing out candy, dancing in the streets celebrating the murder of unarmed civilians you need to move them out of your country. Just as Hezekiah eliminated their religion, move them out of the country. They can move into Jordan, Saudi Arabia, Gaza or Egypt if they wish. Wherever they want to go is just fine but get out. The World is going to hate you. They hate you now; what's the difference? At least that way they can hate you but God will love you. That's what needs to be done; I hope you do it. If you don't and you survive until Yahowah returns you'll get to watch Him do it.

So, here we are at the end of a very sad but optimistic Shabat. What happened today is very sad for those seven. It may turn up to be ten because at least three or four are in critical condition. We're not going to count the life of the Muslim that pulled the trigger; his life was worthless. This was a day that when you watch someone do that and then you see hundreds of thousands of Muslims celebrate, that it should be an awakening for you and that's how something good comes from something very bad. Hopefully you will listen to the voice of someone Yahowah personally called and has been equipped to speak to you and to share this opportunity to extend this invitation to read what He has to say.

Go to yadayah.com or yadayahowah.com and please start at the beginning. Read *An Introduction to God* to learn why you and why me, and somewhere along the way I hope that you'll join me in excoriating Ezekiel because it's not just important to know

what Yahowah said and how you engage in a relationship with Him, it's really important to know how the Adversary has used religion to lead people astray and to cause great death and destruction across the globe.

As you read what Satan has to say in Ezekiel and when you compare it to what Yahowah reveals through the Prophet Yahsha'yah / Isaiah, it's a real eye opener as to how important it is from God's perspective for us to know our enemy, His enemy, His people's enemy and how when we know how he operates and know what he's going to do and has done, we're in a much better position to defend the truth. And God wants us to do that.

I can't say Happy Shabat because it's been a rough day. I thought today there would be a disproportionate number of Yisra'elites that will be searching social media on the internet for answers, someone talking about what happened and providing an answer.

I'm not bragging when I tell you that there is no one who understands Islam, Judaism and Yahowah better than I.

YADA: I've done the work. I've invested 22 years of my life into this and I want you to know and capitalize on what I've learned so that it can transform your life.

So, that is our message to our friends in Israel, to Jews living in America and around the world. Yahowah is open to Yahuwdym, obviously, but also to Gowym who are willing to embrace Israel. Those who are willing to listen to Yahowah and reject religion are also welcome. So, we welcome you also to listen to this message and encourage you to join us. You may want to start with the four volumes of *Questioning Paul* which disprove Christianity or *Bare'syth / In the Beginning* which is Volume 1 of the *Yada Yahowah* Series. There are so many interesting places to start, but by all means start.

We look forward to being with you next week. Let's hope this tragic day turns into something that inspires God's people to start moving in the right direction.

May Yah bless you all.
