God Damn Religion Chapter 6 Satan's Manifesto

Please Note: I have transcribed this to the best of my ability. Sound bites of parties speaking simultaneously and those inaudible to me have been deleted from the transcript. If I guessed at a word, it was followed by a ()? A ___ (blank line) indicates I could not understand the word or phrase and three periods ... indicate an interruption in the dialogue of one party by another. I appreciate your understanding.

0:00 Oh, if only Yisra'el knew Yahowah, accepted and cared about Him, paid attention, and listened to Him, things would be so different. My name is Craig Winn, and I'm here with Dee and Kirk. We've begun this program tonight somewhat conflicted because we want to do three things simultaneously.

0:27 I have probably 75 to 100 news stories keyed up that I would like to comment on to help our listeners have a better grasp of what's happening around the world. We have a dire need to do the one thing that we are positioned to do, which is to convey the nature of Islamic terrorism, the very caustic nature of the Islamic religion, so that those around the world, particularly in Israel, come to know that Hamas is simply a symptom of what is occurring; the problem is Islam, and should they wipe out the entire Hamas, which is an impossibility, it would make no difference because there are nearly two billion Muslims in the world that have been indoctrinated to hate Jews. The third thing we would love to do, and are uniquely positioned to do, is to share with Yahuwdym | Jews and Gowym who Yahowah is, what He is offering to us, and what He is expecting in return. Hopefully, we will return and share these books with you in the *Yada Yahowah* series.

1:52 The reason we are going to begin with one news item and return to the rewrite of *God Damn Religion*, which was initially *Prophet of Doom*, is because a very good friend of all of us, Dr. Jeff, one of the first Yahuwd | Jews to capitalize on the message of Yada Yahowah, said yesterday, "I understand that it would be great to do all those things, but considering the very existence of Israel is now in jeopardy, and you are the only person who can speak with authority and knowledge about Islam, I would prefer that you would do that – so, we are going go.

2:42 The other day, I was challenged during a long phone conversation with a friend and former co-host of this program, the man responsible for the original *Yada Yahowah* and *Prophet of Doom* websites. He said, "You may want to be careful including Progressives in your chastisements. Your recent chastisements have been

about Islam and Progressives as if they were working together, and someone might get the impression that you have a political persuasion.” I will share with you my response, and then we will discuss the consequences of progressive indoctrination in an article that was just published.

3:44 I single out Progressives and not as much the right-wing whackos for several reasons. First, Progressives worldwide, but particularly in America, have commandeered academia; they are academia’s lone voice, and because of that, they have indoctrinated the last two generations to the point where they are effectively incapable of exercising good judgment, no longer value evidence and reason, and wallow in political platitudes as if they were somehow true.

4:35 Second, Progressives dominate the media and, therefore, have a huge influence on culture. Since Progressives are almost universally antisemitic, which requires tremendous hypocrisy because they embrace Islam against Jews, yet Jews share their values, and Muslims ___. The religion that has been the most hostile to women is Islam. The religion that deprives the most people of freedom is Islam. The religion that devalues education is Islam. The religion that is most prone when they have a majority of a country to rule it through a fascist fiefdom is Islam. Yet stupidly, Progressives work very aggressively against Jews in favor of Muslims, which is the next reason why I expose and condemn Progressives.

6:00 There is a subtle reason beyond that which is that I work for Yahowah. He’s my Father and also my Boss. Every day, 14 hours a day, I serve Him, advancing His agenda on behalf of His people. Yahowah is decidedly anti-political and anti-religious. To the extent that I am capable, I modify my perceptions to be consistent with His. I figure He is a whole lot smarter than me, and when I do that, I find that I understand the world a whole lot better than I do otherwise. That is my approach. Since Yahowah is opposed to human government and has been exceedingly hostile to the viscousness of civilization, the gang mentality, the murderous nature, the propensity to deprive people of freedoms, to enslave them in a caste system, which has been the common denominator of slavery for a considerable time, we need to have an appreciation that what Progressives call for is the maximum application of government, the minimal expectation, and application of personal responsibility. And since Yahowah is anti-human government, Progressives who are at the extreme of applying human governance are most opposed to Him.

7:57 While I don't agree with any Conservative that is in any way associated with any political party, I think political politics is disgusting, if you could find a person who wasn't affiliated with a political party but was conservative in the sense they

want to minimize government intrusion and control in peoples' lives and maximize personal liberties, accountabilities, and responsibilities, that would be vastly more consistent with what Yahowah is advocating. So, while I don't think there is any significant number that views conservatism that way, that most are political hacks and the worst of them would be the (Machinites)? and the right-wing conspiracy idiots, certainly less government is better than more government, and that's another reason why I am opposed to Progressives.

9:09 Lastly, the Progressive mentality is to become religious. It is exceedingly zealous, is based almost entirely on faith, and it is completely intolerant. There's very little difference in the way a Progressive and a religious person act, and as a result, evidence and reason mean nothing to them; they're completely impervious to evidence and reason. "That is my entire world; I have no faith; I want no faith; I don't believe. I either know or I don't know; I understand, or I don't understand." Towards knowing and understanding, there are only two tools - evidence and reason - and these are the things that Progressives disavow.

10:08 Now I'm going to share with you an article published by the *Jerusalem Post* that helps to explain this point of view. It is entitled "Five Lies US Young Adults Tell Themselves About Israel."

10:37 1) "One-third (32%) of young adults 18-24 do not believe Hamas terrorists killed 1,400 Israeli civilians by shooting, stabbing, and beheading them."

11:02 Nope. They don't believe it. It's an unquestionable fact. The jihadists filmed and recorded much of what they did. There are overwhelming pictures to demonstrate what they did. They celebrated what they did, but there's a third of young people who are so ignorant, jaundiced, so politically compromised and indoctrinated that they can't process the evidence rationally to recognize that Muslims under the control of Hamas in Gaza after being trained and equipped by Iran reached the fence between Gaza and Israel at dawn on October 7th, 2023, and over the next ten hours murdered 1,400 Jews. They took 220 back into Gaza as trophies. They raped children as young as four and women as old as 80. They were so vicious on their rapes men would hold legs apart breaking their pelvis so they couldn't close their legs and they would even cut out their genitalia after the rapes. They would torture their captives and sometimes torture children in front of their parents, cutting off their fingers and their toes one at a time and gouging out their eyes. Those they killed they burned; some they burned alive. Many they have cut off their heads with knives. To say that there has not been anything this barbaric, this

inhuman at this scale that has been perpetrated in the last 2,000 years would not be an exaggeration. It is the single worst display of human behavior in 2,000 years.

13:40 Now you could argue and say that the Japanese were pretty brutal in Nanjing, China in what they did to Americans, and I wouldn't argue. But they didn't cut off heads, they didn't chop off body parts, they didn't burn people alive. You could say that the Nazis were horrible in the gas chambers and that they were very systematic about mass murder and did savage experiments on people. But there's been nothing that even comes close to the viciousness, the cruelty, the inhumanity of what Muslims out of Gaza equipped and trained by the Iranians did in Israel. It was wholly unjustified. Gaza is not occupied nor controlled by Israel. It's just a fact. So, one-third of young Americans are too stupid to recognize this. That makes them an absolute waste of a life.

15:13 Before I finish, I want our listeners to know that this act of 5,000 or 6,000 or more kidnappings, 220 rapes, and sodomy, that while that was the most horrific example of inhuman behavior the world has seen in the better part of 2,000 years, it is just the beginning. The world as you know it or, you believe it, isn't going to exist much longer, and to a significant degree, the world will enter a world war because of the ignorance that has been imposed on people through Progressives and that has rendered young Americans and Europeans incapable of thinking. The second phase of what we witnessed will be a hundred times more vicious, and because of the United States and Europe's maleficence throughout the Islamic world and what we're doing in the Ukraine, even how we processed the response to COVID-19 and the bankrupting of currencies, the combination of these things, the invasions of Afghanistan and Iraq, the migration of Muslims throughout the free world that because of these things the world is now split where you have China, Russia and Iran, which includes now Syria and Lebanon and also the Gazites and Palestinian Islamic Jihad on one side and on the other side America, Europe, and to some degree Saudi Arabia, the world is split. So, this ___ that's manifest out of Islamic rage is going to affect the rest of the world because it's going to be a blaze that grows across borders and the United States; it is inevitable. To a large degree, it will happen because the world was unwilling to stand up and do the right thing.

18:01 Twenty-two years ago after meeting with Al-Qaeda, Hamas, and Islamic Jihad I wrote a series of books on Islam. The first was *Tea with Terrorists* where I positioned three remedies. I said, "The world's fate is to be destroyed not just by Islam but by allowing Islam to affect the world in such a way that it drags the entire into world chaos and world war. There are only three ways to deal with this and all three have to be done." I was blunt. I went on 5,000 radio shows to tell this story.

18:46 “The first thing is that like any disease that is this deadly Islam has to be quarantined. We have to stop invading Islamic countries, to stop allowing Muslims to flee into non-Islamic countries. It is a disease; it is lethal; there is no antidote; it can't be fixed; it must be quarantined.”

19:14 “Secondly, we must stop funding Islamic terrorism, which the West does by buying hundreds of billions of dollars of oil from Islamic Fiefdoms who spend enormous amounts of money manufacturing those terrorists. The only reason Iran could train 500 Palestinian Islamic Jihadists and Hamas members just prior to this, arm them and then provide the funds for the rockets and also fund Hezbollah is because of the black ooze under its soil, which the world clamors to buy. So, the second point is we must stop funding our demise.”

20:11 “Third. Islam has to be exposed and condemned.” We’re going to do that on these next few programs. We're going to begin with Chapter Six of the rewrite of what was *Prophet of Doom* and is now *God Damn Religion*. Those were the three things that have to be done.

20:30 Some people say that's pretty harsh, and that people can be whatever they want to be in terms of their religion, and quarantining people sounds mean, and what am I going to do with my SUV in terms of putting gas in it? There's no part of my solution that is harmful, inappropriate, or undeserved, and I will tell you that because the world didn't do it, now points one and two are already too late. It's too late to stop funding Islamic terrorism, and it's too late to quarantine them. Points one and two 22 years ago would have prevailed; they will not prevail now so I'm not selling this as a way to save the world because it cannot be saved; it's way too far gone, but at least we can't hold Islam and Progressives accountable for the damage they have done and are doing and we can awaken Israel to its present plight of which there are no good answers but there's at least an explanation by exposing and condemning Islam.

21:36 Point two. “Nearly half (45%) of 18-24-year-olds in America think an Israeli airstrike caused the explosion at Gaza’s Al-Ahli Arab Hospital that allegedly killed 550 people.”

22:07 To believe that you have to suspend all logic, evidence, and reason. Hamas said it even though their rocket caused it. (It didn’t cause that kind of damage; it didn't even hit the hospital.) Nonetheless, the media, because it's filled with Progressives, ran with the story because they hate Jews, and they don’t think. Evidence and reason don't matter. Israel said within two hours, “We've done a

thorough investigation. Not only didn't we have an airplane or any munitions anywhere close to that hospital, we tracked the rocket; it was shot from a cemetery behind the hospital. It didn't hit the hospital. It hit the parking lot. We have pictures of the parking lot and the hospital. The hospital was not destroyed, and the number of casualties is probably 10 to 20 mostly in the parking lot because there was a stash of weapons in the parking lot." Isn't that a lovely thought? They even produced a recording between the Islamic terrorists who acknowledged it was us: we shot the rocket, it misfired, and went into the parking lot; we're bad. Then they said it doesn't matter. We'll capitalize on this, and they deliberately lied. And because of the ignorance and the lack of logic of young people and Progressives in the West, they bought it hook, line, and sinker and ran front-page stories that Israel had done this. Now, with all evidence to the contrary, there isn't a shred of evidence that would implicate Israel. In fact, in that parking lot where this rocket hit there is a one-foot deep one-foot in diameter impact crater. If you look at all the impact craters of the Hamas rockets that were fired into Israel, that's about the size of them. Then you look at the size of the craters left by Israeli munitions which take down entire buildings and leave 15-foot-deep craters that are about 20 feet wide. It's so incredulous. You have to be so deliberately and willfully stupid for nearly half of Young Americans (I can't use "think") to believe that it was an Israeli air strike, you're out of your ever-loving mind.

24:59 Number Three. "More than half (53%) of young Americans say Israel, not Hamas, rules Gaza."

25:13 Israel has no influence on Gaza. The Bush Administration 20 years ago demanded that Israel give up Gaza. After the Six-Day War Israel came to control Gaza, which was an outdoor prison run by the Egyptians, and the Egyptians would have nothing to do with these people. They weren't called "Palestinians" at the time; they were just obnoxious Arab Muslims, and so the Egyptians controlled it making it an outdoor prison but didn't let anybody out. And then Israel, in the Six-Day War, gained control of it and built some beautiful farms in the north. Probably the best treatment the Gazans ever had, they were given access to education, Israel provided electricity, water, fuel, and monies. The best circumstances in the history of these people in Gaza and George Bush said, "No. That won't work. Give the Fakestinians control over Gaza." So, they did. Since then, Israel has had no influence and Gaza has become a recruiting and indoctrination hellhole for Islamic terrorism and for attacks on Israel. So, if you're one of those 53% of young Americans who think that Hamas does not rule Gaza, but that Israel does you are too stupid to get out of bed in the morning. You are wasting your life and are likely to lose it because of the

collective stupidity of Progressives. Israel unilaterally withdrew from the Gaza Strip in 2005 period, end of story.

27:22 Number Four. "More than one-third (36%) do not believe Hamas is designated as a terrorist organization in the United States."

27:41 What the hell do you think it is? You don't know what they did on October 7th, do you? Nearly half (44%) of young Americans 18 to 24 years old say Israel is the Palestinian Homeland, not the Jewish State. Half of Young Americans are so stupid, so ill-informed, irrational, and so screwed up by Progressive indoctrination, by the Progressive media and the social media that is controlled by almost universally Progressives, they are so screwed up in the mind that they think that Israel is Fakestan. It would take somebody with an open mind and the capacity to use a Google search engine about 15 minutes to examine the history of the Philistines, which is where the name is derived, to know that the last of the Philistines was wiped out by numerous countries that despised them between let's say for round numbers 2,300 to 3,000 years ago. The Egyptians decimated them after being constantly harassed by them. David | Dowd, the Babylonians, the Assyrians, and finally, the Greeks annihilated them, which was the last of them. There is no Palestinian left; there was never a Homeland called Palestine. The people that occupied that area were from the island of Crete in the Mediterranean. They weren't Arabs and didn't speak Arabic. They spoke Phoenician, a variation of Hebrew. They were illiterate, had no coinage, and didn't build buildings; they left nothing and would never even be known. You wouldn't even see the word "Palestine" if it wasn't for the presentation of Yahowah's prophets, the only place those people are mentioned. The only reason that the name continues to exist as if it were a place is because Hadrian, after destroying the province of Judea, chose to rename it just as an act of belligerence. Then, when Jordan controlled what we call now the "West Bank," and Egypt controlled Gaza, there was a remnant of these Muslims, Bedouins, and Arabs in those two areas, and there is not a single one of them who refers to themselves as a "Palestinian." The term wasn't even reintroduced until Yaser Arafat, the ugly one, working with the Muslim Brotherhood in Egypt, came up with the idea that if we can convince people around the world, and they will buy into it, that we are Palestinians and Israel is Palestine, then it will appear to the world that we're entitled, and that Israel is the occupier. They pulled it off. Because of progressive Academia that was a huge proponent of this, they pulled off the lie of the century and now half of young Americans believe that Israel, which has a well-documented history going back more than 3,000 years, is chronicled in all the artifacts, the written language reports of the historians, kings, and Pharaohs of Egypt, Babylon, Assyria, of every country and every tribal designation surrounding them as well as copious

details in the Towrah and Prophets. And it's always Israel. It's Israel, Judea and Samaria. Jerusalem was their capital. A lot of different countries beat them up: the Egyptians, Assyrians, Babylonians, Greeks, and the Romans, but it didn't change who they were or that that's their Homeland. And to say otherwise is to be stupid; that's just the word for it. It's stupid.

33:47 All right. I'm going into Chapter Six of the rewrite of *God Damn Religion*, because I want to give our listeners, particularly our listeners in Israel, insight into the satanic nature of Islam. Very few people actually know much about Islam, how it was founded, who founded it, where it was founded, what its doctrines say, what its scriptures reveal, but I do and I don't expose and condemn Islam based on anything that Muslims are currently doing, although that would give you plenty of ammunition, but because and based upon what the Quran, when it's reordered and set into the context of Muhammad's life through the Sunnah, the four oldest and most reliable sources of oral reports from Muhammad and his companions, and it's by making the Quran chronological and contextual and setting it into Muhammad's words and deeds that it makes sense. It's a horribly disgusting picture, but it can be understood. And that is what *the Prophet of Doom* does. Now, this rewrite, *God Damn Religion*, is a little different because I wrote *Prophet of Doom* 22 years ago right after 911 on behalf of Americans and Europeans to try to help them understand why those suicide bombings occurred. Since then I've written almost 30 books on Yahowah's testimony coming to know who He is, what He is offering, what He expects in return, understanding how to pronounce His name properly, understanding the terms and conditions of His Covenant, how the Invitations to Meet, called the Miqra'ey, support the benefits of the Covenant, as well as understanding how Dowd | David is the Messiah, the Son of God, our Savior, and the Zarowa' | the Passover Lamb. So, I think my understanding of who Yahowah is and what He is offering, what His timeline is, and when He is returning is better than anyone alive today.

37:10 I am unique among people in that in the history of the world I am the only person who has written multiple books to effectively destroy the credibility of Judaism through the Babel series, Islam through the *Prophet of Doom*, and now *God Damn Religion*, Christianity through the four volumes of *Questioning Paul*, while simultaneously detailing the testimony of Yahowah in celebrating and proving - no one else has ever done those four things. Very few people have ever done any one of them and no one has done any one of them to the extent that I have done each of them. So, it puts me in a very unusual, unique, Yahowah would use the term *qodesh* | Set-Apart to awaken Yisra'el and Yahuwdym. And that's who I work for because that's the people that Yahowah chose, that's who He loves, that's who He is returning

to and He wants them awakened from their comatose state, out of their being so irascible towards Him to the point they are willing to listen to Him again and anticipate His return on Yowm Kipurym in year 6000 Yah which is October 2nd in 2033.

38:48 So, based on that let's talk a little bit about the Quran and Islam. This Chapter 8 is entitled "Satan's Manifesto," the byline is "*How many populated places have We destroyed when Our terror and torment came upon them suddenly.*" *Quran 007:004*. The answer to that, of course on October 7th, was 22.

39:23 You may be wondering why Muhammad based his religion on Babylonian Talmud stories, and why he found it necessary to alter them to fit his situation. Muslim scholars insist that the characters and events, at least up to the point of departure, are similar because a supposedly nameless deity and Allah are the same god.

39:52 I heard an imam screaming to a large crowd of Muslims and Progressive sympathizers in New York at a huge rally that Allah was the god of 'Abraham and of Moses. Taking that position is dumber and more ignorant than any of the stupidity that we just shared with you. This makes less sense than in the previous chapter where we present the Islamic Hadith that says that the sun falls out of its chariot and that angel wings blot out the light of the moon making it less luminous than the sun.

40:38 The fact is that disparities exceed similarities between the Towrah and Quran by a hundredfold and the intent of one is the exact opposite of the other. If humanity is to believe that Allah is Yahowah, if that was the purpose of Islam, then simply translate the *Towrah, Naby', wa Mizmowr* | Teaching, Prophets and Psalms into Arabic and be done with it. We have irrefutable proof through fulfilled prophecies and Yahowah's restoring testimony that it was inspired, and we have irrefutable evidence that it has been reliably maintained through the Dead Sea Scrolls. That would be the end, of course, of Islam and Allah, including the institutionalized suppression of women and the universal instigation of terror.

41:53 Think about that for a moment. I know logic is not the strong suit of people today, but if the world is to believe the Quran's position that Allah is the god of the Towrah, Prophets and Psalms, who happens to be Yahowah, then all you have to do is when written Arabic finally becomes a language, which is about a 100 years after Muhammad's death, translate the Towrah and Prophets into Arabic and you're done with it. After all, the majority of the Quran has been pilfered indirectly from the same source and then twisted immeasurably. The Dead Sea Scrolls precede Islam by

almost a thousand years and the original text precedes Islam by 2,000 years. Simply translated into Arabic, you would be done if that was your position. But, of course, that can't be the Islamic position because Islam is a form of Replacement Theology where Allah replaces Yahowah, Arabs replaces Jews, Arabic replaces Hebrew, the Quran replaces the Towrah, and Jihad replaces the Covenant. And, of course, if they did that there would be no Islam, no subjugation of women, no Islamic terrorism.

43:44 To *yada'* | know Yahowah is to disavow and reject Muhammad and Allah as a non-prophet and an un-god. It is to recognize that Allah is modeled after *ha Satan* | the Adversary and that the *Quran* | Recital is a false witness. It is to liberate Muslims from *Islam* | Submission.

44:14 However, as you will discover if you read previous chapters of *God Damn Religion*, Muhammad was allergic to truth. It didn't serve his interests or mesh with his character. It's hard to imagine a man lying more transparently, prolifically, or incredibly. His creation accounts are the dumbest; they would probably satisfy a Progressive. He contradicts himself in a hundred ways and he doesn't get anything right.

45:06 The realization that Muslims are wholly reliant upon *his* universally false and contradictory rants for the entirety of their religion and the very existence of their "god," puts them in a precarious position. Islam is on life support the moment you look at the initial balderdash of the Islamic creation accounts. They are so disgusting, so erroneous, it's laughable.

45:40 Thus far, the Quran and Hadith have demonstrated that Muhammad wasn't very smart (perhaps he was educated by Progressives; perhaps Progressiveness goes back farther than we think), and that his god wasn't any help. That much is evident when you study the Hadith, the early Quran. He not only proclaimed the dumbest creation theories recorded in any religion, but he also couldn't remember what he said one day to the next. Muhammad was constantly tripping on his forked tongue.

46:28 Sorely lacking intelligence (a genuine nincompoop), a functional memory, the ability to think rationally, an awareness of history or science, and of course, completely devoid of Divine inspiration, Muhammad turned to the plethora of rabbis in Yathrib for a lifeline. Since they were already funding his existence with loans and food, they might as well fortify his new religion. The Jews in Yathrib had been providing housing and loans for Muhammad and his fledging assortment of malcontents and deadbeats from the moment they had been exiled from Petra (not Mecca) following the diabolical of the *Satanic Verses* and mythical "Night Journey."

47:28 Three of the four tribes in Yathrib were Jewish, and they had the two things Muhammad coveted – wealth and scripture. Unskilled in negotiation and averse to partnerships, the non-prophet would confiscate both, giving birth to Islam – Muhammad’s Terrorist Dogma. Sure, it would be bloody and gruesome, but fear compels submission and dead men tell no tales.

48:07 But did I mention that Muhammad was stupid? In his Sunah and Quran, Muhammad actually admits to purchasing Talmud recitals from the rabbis. He confessed that his versions were different because, according to him, the rabbis changed them after selling them to him. But that allegation is nonsensical for numerous reasons. The Babylonian Talmud was a written document. It had been collected one hundred years previously, and its stories not only did not change at this time, the rabbis in Yathrib had no access to the copies in Baghdad and could not have altered them.

49:04 While the rabbinical assessments of the Towrah’s stories and prophetic accounts were imaginative, the characters they described remained consistent in the Talmud with the historical context as they were presented in the Towrah, completely unlike the Islamic variations. For that nincompoop of an imam to be screaming that Allah was the “god” of ‘Abraham, he might have been but it's ‘Abraham circa 2023 not ‘Abraham circa 1968 BCE. Muhammad altered everything that the rabbis recited to him to suit his personal agenda.

50:12 And, of course, by admitting that he was fighting over the right to repurpose the Talmud recitals from the rabbis, Muhammad was admitting that large swaths of his Quran, the majority of it, were inspired by Jewish religious leaders rather than his god, Allah.

50:39 Muhammad’s clumsy corruptions of these paid rabbinical recitals to suit his agenda and situation are so obvious it is laughable. When the rabbis mocked this sandbox psychopath for having done so, Muhammad didn’t just silence them by decapitating many hundreds of them, in the manner of narcissists, he couldn’t hold his own tongue. In the process of degrading these Jews, the un-god’s non-prophet implicated himself – not just in mass murder which he admitted to, but in having fabricated his Quran through bastardized plagiarism.

51:36 Muhammad’s character and confessions left indelible stains on the Quran and Sunnah, such that a rational reader will immediately recognize these as an admission of guilt. Everything that is Islam, from its “prophet,” “god,” “Quran,” and “sunnah,” is contrived. They only appear “religious” because he didn’t just plunder Jews of

their lives, property, and wealth, he stole from the most prolifically documented, best-known monotheistic religion at the time – Judaism – by way of the Babylonian Talmud to make one man’s personal quest for perverted sex, stolen wealth, and a craving for sadistic cruelty *seem* religious.

51:36 So far, so bad. Team Islam usurped Jewish ideas, terms, names, characters, and events, even their language. Quran is a Hebrew word. It is from *qara*’ | to read and recite. Allah’s name means “to invoke a curse.” The letters that comprise the Arabic alphabet are all Hebrew. Every important word, name, term, and concept in the Quran is Hebrew. All the characters are Hebrew. Muhammad penciled himself in as a fellow prophet – as the lead act on the marquee. He cast Allah in the role of Yahowah, although I don’t think he ever knew Yahowah’s name because the despicable rabies in Yathrib who recited their Talmud stories to him wouldn’t use it. If they had used it, Muhammad would have claimed that his god’s name was Yahowah. He had no reason to pick up a name of a meaningless rock god named Allah. In fact, he wasn’t even the first god of the Quran, he was the fourth. Muhammad replaced Jews with Arabs and started telling tall tales. But being illiterate, stupid, or maniacal, he got them all fouled up.

54:36 The Jews laughed themselves silly. Rather than accepting the self-promoting prophet who wanted to be the third in now a long line of false Messiahs after “Jesus Christ,” Akiba’s Bar Kokhba, and then Muhammad who was denied, they teased him for his errant portrayals of their history. But aspiring tyrants never admit to being wrong. Rather than correct his revisionist history, Muhammad claimed supremacy. He said, “If you reject my message, you will die.” Emboldened by the militants he came to command through bribery, he twisted the stories further in an effort to make his wanton behavior look prophetic.

55:29 Jewish history and the witness to it in the *Towrah*, *Naby*’, *wa Mizmowr* were contorted to the point they became nonsensical. The rabbis, in defense of their horrible decision to sell Muhammad recitals from their Babylonian Talmud, foolishly mocked Muhammad all the more. Enraged, Allah’s Messenger struck back, calling them donkeys, apes, and pigs. He ordered his followers to “kill every Jew.” He’d show them who was right and who was wrong. He’d prove he was a prophet by decapitating Jewish men, raping Jewish women, and enslaving Jewish children.

56:28 When you view this continuing saga in that light, and from this perspective, even stories of a talking sun that wears clothing and goes to bed each night in a muddy spring surrounded by extraterrestrials visited by Alexander the Great become relevant. And if there’s a better excuse, I mean *explanation*, for this malarkey, I mean

alternate view, I'd love to hear it. For if there is something in Islam that makes sense, something that was actually redeeming – we might use it to reach Muslims, reason with them, and help them stop killing us.

57:19 By way of confession, I came to accept the *Towrah, Naby', wa Mizmowr*, Yahowah's teaching and guidance, His prophetic declarations and the marvelous Psalms written by His Firstborn Son, our Messiah and Savior, Dowd | David as the inspired word of Yahowah because of the prophecies it contained, its scientific and historical accuracy, and the merit of God's message. I recognized that it was improbable to the point of impossible for a 2,500 to 3,500-year-old collection of books to accurately foretell today's events if it were not authored by a spirit who existed outside of the constraints of time. The more I studied, the deeper I dug, the more attractive the picture Yahowah was presenting appeared, and the more generous and desirable His offer became.

58:55 You do not have to share our conclusions, but you are encouraged to know how we came to hold them by reading the books which comprise *Yada Yahowah* – of which *God Damn Religion* is just one of many. They are available in their entirety at yadayah.com including the progress we've made so far on the rewrite of *God Damn Religion*.

59:30 Thank you David and Jacki for editing and posting them as I worked through them. It's a tough job because I'm never satisfied. I even today went back to the beginning and rewrote much of it. I want it to be as accurate, forceful, compelling, and vital as it can possibly be because the very survival of Israel and the rest of the planet depends on it. All thirty books on the yadayah.com bookshelf are free and royalty free in their printed editions. We do not do this for profit or popularity. All three of us invest our resources and time to serve Yahowah and His people and are not paid in any way, shape, or form monetarily; we do not accept donations. We do this for the love of Yahowah and because of His love for His people.

1:01:12 We will continue to hold Muhammad accountable and prove the Quran and Sunnah fraudulent through the non-prophet's own words and deeds as they were recorded in his scriptures. However, without an appreciation of who Yahowah is, what He is offering and requesting in return, by contrast, a reader will never fully understand just how evil Islam is or comprehend why it has become so deceitful, destructive, and deadly.

1:01:57 However, if we were to cut to the chase, Islam disproved itself by claiming that the *Towrah* was inspired by Allah and that the Quran confirms its message. Two

“inspired” books from the same deity cannot be contradictory to the point of being opposites. Moreover, Yahowah’s name appears 7,000 times within His testimony.

1:02:28 More than this, to understand Muhammad’s and Allah’s motives, it is important to at least read what *Yasha ’yah* | Isaiah foretold in the 14th chapter about the ascent of Satan, such that the Adversary achieved his ambition of being seen as *Allahu Akbar* – greater than the God of the Jews, Yahowah. You will find it accurately translated and explained in the 4th volume of *Observations*, entitled *Teaching*, and in all three volumes of *Babel ~ Beast, Abominable, and Venomous*. But we will also reprise it in this review because of what Muhammad claims on behalf of his wannabe god in the seventh Surah of the Quran. By listening to the voice of Yahowah’s prophet, you will understand why Satan, disguised as Allah, claimed the Towrah for himself. You will also appreciate that the reason the un-god turned so violently against Yahuwdym is because they are Yahowah’s chosen people and prophets. This perspective is marvelously presented in the last two volumes of the *Babel* series on Ezekiel because he was the prototype for Allah’s non-prophet. It is Satan’s autobiography.

1:04:11 Muhammad’s dependence on the Towrah and Prophets to fill out his Quran wasn’t simply that he lacked inspiration and credibility but, also because his un-god had an agenda. He would rise above Yahowah in the minds of Muslims by claiming to be the God, Whose name he never speaks, Yahowah. But he’s not very good at impersonating God, so his true nature is always visible behind his very thin veil.

1:04:52 Since the non-prophet and his un-god decided to pilfer Yahowah’s testimony, and stand upon His credibility, doing an appalling injustice to both, at the very least, we must now compare the resulting Sunnah and Quran with the original. Had he himself been original, and created their myths independently, we would judge them solely on what they had to say. But now, comparison is required to determine veracity.

1:05:31 That said, this will not be an essay on comparative religions. Unlike Allah, I recognize that Christianity, Judaism, and Islam are all indefensible and highly objectionable to God. However, when the non-prophet says something stupid, such as the Quran confirms the Towrah and Gospels, I’m here to proclaim that this is not only inaccurate, but also impossible, because the New Testament is in opposition to the Towrah, and neither agree with the Allah.

1:06:09 You are, of course, free to object. You may view Muhammad’s demonic behavior and the motivation for his deceitful scriptures metaphorically. His demons

can be seen as our guttural nature, human depravity in full bloom. It doesn't require a devil to seduce covetous men into deceiving others to gain power, sex, and money.

1:06:43 Now for another confession. Any attempt to reorganize Islam chronologically as I have done is perilous. The religion was founded upon the utterly false proposition that 'Abraham had a religion instead of a relationship with Yahowah, that he built the Ka'aba, (he has 12 different creation accounts on the Ka'aba which was in Petra not Mecca). He would go so far to say that 'Abraham was responsible for establishing Islamic rituals. Since 'Abraham is known only through the Towrah, then the subsequent embellishments in the Talmud which reflect on the Towrah, the revisionist history isn't credible. To pick a handful of details out of his life and change one hundred to suit another situation 2,500 years after the fact is ludicrous.

1:08:33 With the majority of the Quran's content pilfered from the Torah by way of the Talmud, Muhammad professed that Adam, Noah, 'Abraham, Lot, Moses, and David were Muslim prophets, setting the stage for Islam centuries before he was born. That kind of pokes holes in the idea that Muhammad was his only prophet. The longer Muhammad lived, the more he twisted their stories, making them his own. So, if I present evidence in the order Muhammad actually made his assertions, we'd have to jump in and out of history. But if we use a historical timeline – the Islamic version of creation through the twisting of the patriarchs, the immorality of what occurred in Petra, now called Mecca, ending with the violence of Medina, yesteryear's Yathrib – we'll have to review Quranic and Hadith verses that were revealed last first.

1:10:03 Tabari and Ishaq, as historian and biographer, used the same chronological approach I deployed in creating *God Damn Religion*. Therefore, every surah we reference early in this narrative was revealed late in Muhammad's life. Adam and Satan dominate Islam's genesis, yet none of the supporting Quranic verses discussing them are from the first score of surahs in the order of their alleged revelation.

1:10:40 I share this to keep you from jumping to the conclusion that Muhammad was a well-schooled religious man, possessing a sufficient understanding anything of the Torah and Prophets to plagiarize it effectively at the outset of his career. In reality, he would not come to know anything about the Torah until he came to know the Jews in Yathrib. And he would not attempt to rewrite the Gospels until he was at war with Byzantium.

1:11:18 We pick up the story of Islam's creation account where we left off, with Iblis. Iblis is a butchered transliteration of the Greek word for "devil," diabolos. For the most part, he is supposed to be Satan.

1:1146 This is a complicated concept, but over the course of these two chapters that I'm going to share initially on Yada Yah Radio with you I'm going to prove conclusively that the primary agenda of Allah was to jettison the adversarial title so that he could convince Arabs to worship him as God. Therefore, Allah is Satan in the guise of God and to accomplish this Allah must demean and denounce the Adversary title. You can't be God if you're known as Satan so Allah must denounce his true identity to promote his false one. So, entity so we're going to begin here with the 7th surah, which is called, **"The Heights – The Wall Between Heaven and Hell."**

1:12:56 This is an inauspicious start because nothing of the sort exists. *Shamaym* | Heaven is a spiritual realm. In or around such a place, a wall would serve no purpose. Imagine space in the universe in the sixth dimension. If you had a wall between us and say the planet Jupiter, which we do with the asteroid belt, would you simply go below it or above it? A wall in the spiritual realm is the dumbest idea possible but did I mention Muhammad was stupid. I think I did. It's not surprising, however, that Muhammad knew nothing of Heaven, and will know nothing of it.

1:13:54 *She'owl* | Hell, as the place of separation, is akin to a black hole in space. Within it, gravity, not walls, ensures that nothing escapes. Also pertinent, unlike Muhammad's absurd "Night Journey" on his flying ass, one does not pass through Hell en route to Heaven. They are as far apart as the universe allows. And let's be clear, while Muhammad may have been ignorant of *She'owl* during his life, he will get to know it intimately once I have been given the opportunity to condemn him to an eternity within it. You heard that correctly. I have been afforded the privilege of condemning Muhammad to an eternity in Hell.

1:15:00 At one time all I wanted was to be in the audience and watch Yahowah condemn him, but Yahowah doesn't work that way. Everything Yahowah does is through individuals that He chooses to equip for the purpose, always. And in this case, I am His designee, and it will be with great zeal that I will send Muhammad to Hell. The only question is do I get to send Paul and Peter to Hell first or Muhammad or maybe Akiba or Hadrian? There are so many wonderful possibilities.

1:1545 The other interesting thing is that Yahowah is into recompense and He's also into being fair to those who were abused by those who have hated His people. So,

the likes of Hadrian, Adolf Hitler, Stalin, Akiba, Maimonides, Paul, the Ukrainians with their pogroms, the likes of these people are very likely to receive a sevenfold recompense before their victims before they're even dispatched to She'owl. So, there will be a price to pay even before eternal incarceration because the victims of things like the Spanish Inquisition and the Holocaust, the victims of what occurred on October 7th, even they don't know Yahowah and can't be allowed into Shamaym | Heaven, their souls deserve to know that those who tortured a brother and sister six and seven years old in front of their mother and father, cutting off their fingers and toes and gouging out their eyes, they deserve to know that the Muslims that did that, the Muslims that equipped them to do that, the Muslims that indoctrinated them to do that are all going to receive tortures sevenfold before an eternity in Hell. It is the only way for God to be just.

1:17:41 Now that does not mean that someone who does not know Yahowah is destined to She'owl – they are not. If somebody doesn't know Yahowah, they choose to reject Yahowah, that is their business and at the end of their life their soul simply dissipates into nothing. There is no penalty of any kind nor is there a reward. They got their life; they didn't use it to come to know the Source of Extended Life, and their souls simply will cease to exist. Totally fair. But if somebody does something that causes what occurred on October 7th and participates in that, those people who have deliberately chosen to harm God's people will pay for it dearly with an eternal incarceration into She'owl.

1:18:28 Now She'owl is very different than the Muslim version that we're going to read here in the Quran. She'owl is like a black hole; it's lightless which means there can be no fires. Because it is a place to incarcerate souls, the Islamic claim that tortures by eating thorn bushes and drinking scalding water are simply not true. It's just like the Islamic Paradise with virginal boys, girls, and decadence is impossible in Heaven. Heaven is a spiritual realm, not physical, and it's not celebrating debauchery. So, God's position here is entirely different than the Islamic position.

1:19:21 In the 7th Surah, Allah, or I should say, Muhammad, corrupts one of the earliest Genesis stories. But he gets sidetracked with intolerance and terrorism before he dives back into his version. Therefore, in deference to the Islamic apologists, I'll keep the whole passage in context right from the beginning.

1:19:42 Keep in mind that the only reason we can read this or any surah is because, according to Muhammad Gabriel (who was not an angel) clanged a bell in Muhammad's head, from which he was able to decode the Memorial Tablet allegedly written at Allah's command by the Pen on a cloud without air sitting upon

a giant fish (the fish that is mentioned in the Quran) before the universe was created (or there was matter to make a pen or a book). Also, almost every surah begins with a salutation “To the gods of Islam,” which was not part of the original text, so I will dispense with them and start with the second verse.

1:20:26 *Quran 007.002* **“This Book has been sent down to you.”**

1:20:40 “You” is not named. As we will find out, Muhammad’s name only appears three times in the entirety of the Quran, and the fourth time, Allah gets it wrong. “This book has been handed down to “you,” whoever “you” happens to be, so this opening statement is not accurate. The Quran did not exist as a book at any time during Muhammad’s life. And, therefore, it was not “sent down to him.” That is a statement of fact. Based upon the historical record, nothing would be committed to writing for another century. Written Arabic wouldn’t even exist for another century. There was no “book sent down to you,” period, end of story. The opening line is a lie, not interpretation, just a flat-out lie.

1:22:10 Muhammad was illiterate. The surah that he alleges was revealed is found halfway through the 96th Surah, the surahs are even jumbled up amongst themselves. It begins with a nameless lord ordering Muhammad to read. In fact, the term is *qara’*, which is the Hebrew word “to read” to which Muhammad said, “Huh? Can’t be talking to me I’m illiterate. I can’t read.” So, the spirit whacks him a few times, presses the life almost out of him, beats him up some more and says, “You’re ordered by your lord to read.” “But I can’t read.” Beats him up some more and says, “Read.” “The Pen had written on this memorial tablet that man was created from a coagulated drop of blood.” You just can’t make this stuff up.

1:23:25 *Quran 007.002* **“Do not hesitate to warn (the unbelievers) through it – and a reminder to believers.”**

1:23:31 It doesn’t say who to warn and in the parenthetical the translators of the noble Quran, which is the most literal of all of them, and so that our listeners know: You can go to prophetofdoom.net and you’ll find that there are five of the most credible and well-respected Quran translations that are presented in parallel. We do that because the translations in *Prophet of Doom* are blended translations. I do that because if I were to give you one translation, you’d say well that’s what the Quran says but if you’re looking at five together, you’d realize all five of them are very different because the grammar was so deficient, the Quran is so incomplete, and there’s so many words that nobody knows the meaning to in any language. It’s like the guy that’s got one watch and it may be right or not but he’s sure it’s 8:27. But if

he has five watches, he's saying well they're all different; eight something maybe. That's the nature of the Quran. So, what I do is where the five translations agree I take those words exactly as they are. Where they disagree, I will provide the most common. If you need help understanding, because the communication was deficient, I will include the parenthetical from the translators so at least you know what Muslims are being told. So, in this case, is okay do not hesitate to warn through it and

1:25:19 “Do not hesitate to warn (the unbelievers) through it – and a reminder to believers.”

1:25:27 In the parenthetical it says, “unbelievers and a reminder to the believers.”

1:25:33 This is inappropriate. The sane approach is the one that is heralded by Yahowah. God began by conveying what He was offering and expecting in return. That’s the whole story of the Covenant. Warnings followed, in God’s case, the presentation of His personal and conversant relationship with ‘Adam.

1:26:01 He has the relationship with ‘Adam and then in the case of ‘Adam He says, “Ok, I’m going to give you some instructions. You can eat anything you want but I just want you to know that if you eat from over there, I'm not going to tell you don't eat from over there, I'm just going to tell you that there's a consequence of eating from over there, from the Tree of Good and Bad. Everything in this Garden you can eat from, including that tree over there. But if you choose to eat from that tree over there there's going to be a consequence. The consequence is you're no longer going to be immortal; you will die.” So, God built this wonderful relationship and said, “I'm going to give you some instructions.” That is appropriate. You don't begin by starting out with a warning. You can’t remind believers when you haven’t told them anything yet.

1:26:51 So, in God’s case, the presentation of His personal and conversant relationship with ‘Adam in the *Gan ‘Eden* | Garden of Great Joy was shared before the warning associated, for example, of the Flood – a subject we discussed relative to Hamas in the *At War with Religion* chapter. And even within the Garden, proper instruction preceded the consequence of its corruption. With the Flood, a way to live was offered long before death became apparent. Both are important but they have to be presented in the right order. You don’t tell your child don’t put your finger in the light socket before you’ve given your child all sorts of things that they can enjoy and can use with their hands. You start with the positive and then you give the

consequence of sticking their hand into the light socket; your hair will stand end and your teeth will light up. Don't do that.

1:28:25 Next, Yahowah invites 'Abraham to engage in the *Beryth* | Covenant. God shares its five benefits and five conditions – all of which are presented and explained in *Bare'syth* | Genesis. And then, He provides a warning, demonstrating the consequence of being overtly religious in Mecca and Medina, I mean Sodom and Gomorrah.

1:28:55 Since Allah does not desire our love or for us to grow as his children, he just dispenses with all that positive stuff of instructions to live by and guidance to grow and begins by saying I want to intimidate you through fear. But even then, why “warn” unbelievers because Islam is based on predestination? The threat of impending punishments which cannot be averted, according to Islam, suggests that the author was either demented or a sadist. In the next chapter we are going to study Allah's view of fatalism, predestination, where he rubs 'Adam's back and then every soul that was ever to exist is either on the right side or left side. The Lefties are Jews who will suffer egregious torment and the Righties are Muslims who go into a decadent heaven with bisexual sex and all sorts of things we will also detail.

1:30:27 *Quran 007.003* **“Follow what has been sent down unto you by your Lord**

1:30:33 At this point nothing has been sent down and “Lord” is the title of Satan, not Yahowah. So,

1:30:40 *Quran 007.003* **“Follow what has been sent down unto you by your Lord and follow not any partners or friends besides him. Little do you remember.**

1:30:47 Yahowah wants to be known as our Father while Allah seeks to lord over humankind as a Master. Yahowah worked and communicated through individuals like 'Adam and Noach, 'Abraham and Sarah, Yitschaq and Ya'aqob, Moseh and 'Aharown, Shamuw'el and Dowd, Yasha'yah and Yirma'yah, even this fellow Yada, while Allah is without partners or friends. So sad, isn't it?

1:31:29 While it is embarrassing, since Allah in one manner or another is supposedly speaking to Muhammad, he just confirmed what I stated previously. The un-god's non-prophet had a lousy memory and could not recall what he had said one day to the next. Little do you remember.

Muhammad's cruel and sadistic spirit said...

1:31:56 *Quran 007.004* **“How many cities and towns have We destroyed when Our terror and torment came upon them suddenly by night or while they slept for their afternoon rest?**

1:32:12 *Quran 007.005* **No cry did they utter when Our terrorizing torment overtook them but this: ‘We are *zalimun* | evil and wrong, unjust oppressors for opposing Islam.’”**

1:32:35 From this, we may correctly conclude that Allah and Muhammad, this un-god and his non-prophet, are deliberately destructive. They not only target civilians, but they are also confessed terrorists. They brag about sneaking up on communities and ravaging them while blaming and shaming their victims. Therefore, Muhammad and Allah sanctioned the Islamic monsters who did this very thing to Jewish farming communities on October 7th, 2023.

1:33:26 *Quran 007.004* **“How many cities and towns have We destroyed when Our terror and torment came upon them suddenly by night or while they slept for their afternoon rest?**

1:33:31 *Quran 007.005* **No cry did they utter when Our terrorizing torment overtook them but this: ‘We are *zalimun* | evil and wrong, unjust oppressors for opposing Islam.’”**

1:33:50 Should you be among the Muslims or Progressives demonstrating on their behalf sanctifying these monsters and their diabolical religion, you deserve what they have done. It is only fitting and fair.

1:34:12 The Islamic god’s taste for terror is shocking. It’s hard to fathom scripture bragging, “How many towns and communities have We destroyed?” or “Our anguishing terror came upon them while they were sleeping.” What would possess someone to claim this was godly? And worst of all, in Islamic fashion, the terrorist un-god and his non-prophet had the audacity to do what they did on October 7th, which was to blame their victims.

1:34:50 Never has this verse from the Quran been played out more consistently with Allah’s and Muhammad’s instructions than it was on 10.07.23. Any failure to hold Islam accountable is ignorant, irrational, and immoral. Obviously, something half of young Americans know nothing about.

1:35:27 These jihadists, following their non-prophet’s and un-god’s example, raped little children, they cut off their hands and feet, and then they decapitated them. They

raped the elderly, many after they had already killed them. Their gang rapes of young girls were so violent, they pulled their legs out of their sockets so that they could not be closed and then broke their pelvis bone to inflict the maximum pain. After torturing Jews by dismembering them, they shot them so many times in the face there was no longer any blood. Many of their victims were tied together with wire and then burned alive. They called their parents back in Gaza, giddy over what they were doing. During their suffering, these Muslims peed on their victims and mocked them. In the case of a pregnant mother whose womb was sliced open to remove her baby, she was forced to watch these Muslims slice off her unborn child's head before they slit her throat and cut off hers. Only Islam can corrupt a human to the point that the religious become demonic and sadistic.

1:37:09 Israel, your problem isn't Hamas, the Fakestinians, the Palestinians, Islamic Jihad, Hezbollah, Iran, it's Islam!

1:37:36 But for Muslims it wasn't all rape, pedophilia, and necrophilia, there was kidnapping too – and with a prize. The Fakestinians who brought captives back to their religious enclave were offered free apartments in Gaza and a \$10,000 reward for each. Bummer for them, Gaza is being leveled.

1:38:08 Before we move on, I want to bring to your attention the motivation behind this opening salvo. Muhammad wanted his detractors to know that his god would terrorize anyone who opposed them. This was a warning: If you deny Muhammad, his followers will torture and murder you.

1:38:28 I've had thousands of death threats all because I've had the courage, compassion, and good sense to tell people what the Islamic scriptures actually have to say.

1:38:46 *Quran 007.006* **“Then it is true, We will interrogate those to whom it Our terror was sent. And surely, We will question the messengers.**

1:38:54 *Quran 007.007* **“Then assuredly, We will narrate to them with knowledge, for We were never absent (from any time or place and saw what they did).”**

1:39:25 Only in Islam is the victim of a terrorist attack blamed for their suffering. Although in the case of Jews, this has long been the demented underbelly of all manner of conspiracy theories always blaming the Jews when they are victimized.

1:39:50 In context, especially following verses 7:4 and 7:5, Quran passages 7:6 and 7:8 reveal that the now-deceased residents of the comatose communities Muslims caught unaware and slaughtered are going to be interrogated by Allah. And while Allah is no more god than Satan, it would be senseless for anyone to question those who have already confessed, which is what they claim, especially when the claim is to be completely aware of everything everyone has said and done because the Islamic god wants to fool people into thinking that he is omnipresent and omniscient.

1:40:43 Moreover, thinking of this context, trying to understand it, if God (Allah is not) was everywhere and knew everything, then He and life would become meaningless. Allah's position is the same as that superimposed on the god of Christianity, but two wrongs do not make a right.

1:41:09 For example, Yahowah does not know those who do not know Him. There is no reason for Him to be irritated by the religious or political. And even with His Covenant Family, Yahowah is deliberately unaware of our faults, thank goodness, which is part of the process of perfecting us. Dowd on Matsah took all of our faults and deposited them in She'owl where they are never seen again. And if God allowed Himself to know our future, then what fun would there be in the relationship?

1:41:51 Omnipresence is equally absurd. Yahowah has to be greater in dimensions than our universe, which is likely six dimensions, to have created it. And as such, it is impossible for Him to enter it, just like Walt Disney couldn't enter the flat realm of Mickey Mouse. Not only *can't* God be everything and everywhere, but He also can't be anywhere in our dimension, and these bozos can't think. Yahowah can observe it, and He can interact in it through words and implements; He does regularly, we talk all the time.

1:42:45 In our last conversation, He took me to task. He was really stern. I told Him, "Listen. It's been 22 years since I was in the swamp of Islam. We've come so far, we've done so many things, I don't really want to go back there and what if I do go back there and we put it on the yadayah.com site and Muslims play the same game they always play if they can't threaten to kill you, they perform the Denial-of-Service to bring down the site? I don't want everything we've done over the last 22 years to crash because of this." Yahowah said, "Look around you. Look where you live. Look who you live with. I've taken care of you, now take care of My people. You're the only person that's prepared to do this. My people need to hear it." That's pretty stern.

1:43:55 I'm going to tell you something – He was right. Rewriting, repurposing, and correcting *Prophet of Doom* has been exceedingly fulfilling and valuable. Twenty-

two years ago, I got Islam right. I got everything else wrong, but I got Islam right - to my credit. But now we know so much more than we did previously that we can make this book sing to Yahowah's target audience. Obviously and for good reason, I mock Progressives. I'm not writing this for them. I can't help them; they're beyond evidence and reason, and those are the tools that I'm working with. I can't help Muslims, nor do I want to. They're way too far gone. The religious are like Progressives - they are allergic to evidence and reason. Unassailable evidence and irrefutable logic are lost on them. So, the target audience is narrow; no one who is overtly political or overtly religious. In the middle people who are genuinely curious, open-minded and not only want to know the truth but can deal with it, and beyond that it is being written because of October 7th, 2023, on behalf of God's people, Yahuwdaym | Jews and His country, Yisra'el | Israel. It's a very narrow audience. It's the only one that matters to God, and since it's the only one that matters to Him, it's the only that matters to us. So, we are doing something we did not do 22 years ago. We're turning *God Damn Religion* into a teaching opportunity for God's people by taking this moment of great trauma, of the realization that the very existence of Israel, their very lives, are now at risk and that no one has the answer, that there is no political or military solution to this. It's going to get 100 times worse, and soon.

1:47:00 This is the ultimate opportunity to get the attention of those God wants to reach and bring home. So, rather than just telling them and proving to them that their enemy is Islam so they understand that they're not to try to appease the Fakestinians, to try and wipe out Hamas and think everything's going to be swell, but we also want them, more importantly than anything else, to come to know Yahowah, to realize that He is the one and only solution to what will occur over the next ten years. That's why we're here, that's why we are sharing *God Damn Religion* because now it is essential for the very survival of God's people.

Well, I think that's a good place for us to stop this evening. We probably only have about five minutes before Blog Talk Radio tells us "Goodbye."

1:49:14 I think that when we when we make this comparison between Allah and Satan as Yahowah shared Satan's nature through the prophet Yasha'yah | Isaiah and then we turn from the seventh Surah to the 56th, which is the highlight of this next chapter, your skin is going to crawl. This is even before we get to the heart of Islam, which is the 75 terrorist raids that were led by Muhammad and his calls for jihad, killing Jews, mass murder and torture that your skin's going to crawl. This will be a lay-down hand. We will have won the debate against Satan who is masquerading as Allah.

1:50:14 And that really is the deal here. Yahowah decided that Satan was so easy to expose and condemn and that his role in religion was so easy to understand that He figured that just one Gowy properly inspired could do it. And we've done it. Satan is not the big bad guy that he's made out to be because with the Yahowah's help I was able to destroy him.

So, thank you for listening. We look forward to being with you this time next week.

Please, Yisra'el, be safe. Read what is there thus far in *God Damn Religion*, read *An Introduction to God*, *Yada Yahowah*, and *Observations*. If you want to understand why Christianity has been so oppressive read *Questioning Paul*. If you've got the fortitude for it, read *Babel*. All these books have been written for you because Yahowah wants you to come home.

Shabat Shalowm.
