God Damn Religion Chapter 5,

Would You Believe? Part 3, Page 221 – 239

Please Note: I have transcribed this to the best of my ability. Sound bites of parties speaking simultaneously and those inaudible to me have been deleted from the transcript. If I guessed at a word, it was followed by a ()? A ___ (blank line) indicates I could not understand the word or phrase and three periods ... indicate an interruption in the dialogue of one party by another. I appreciate your understanding.
MK

0:00 And quite honestly, you're going to need it. Today, Friday, November 24th, at 7:01 p.m., Atlantic time, was a day that will live in infamy as one of the saddest days I have witnessed in a very long time. The most tragic day I've seen in my life was October 7th and what rampaging Muslims did in Israel. Today was a gross breach of judgment. Israel negotiated with a ruthless terrorist organization that is bent on the destruction of every Jew and the eradication of the State of Israel. They negotiated with the very beast that raped little girls, burned little children alive, kidnapped elderly women and ten-month-old babies, and traded jailed and convicted Islamic terrorists for their innocent civilians. I don't care if the trade had been 240 innocents for one convicted terrorist; you can't do it. I understand the great pain that exists with the families of those who were captured, kidnapped in Islamic fashion by Islamic militants. I'm sure if it were a loved one from my family, I would be pining for them, pleading for the government to do anything to get them back. But when "anything" is trading convicted terrorists for the innocent kidnapped victims, you show that you have no morals and that you are willing to do something grotesquely immoral. You reward the terrorists and cause more of it to happen.

2:58 I watched as Hamas members wearing their face masks and their green Quran slogan-bearing headbands act as if they genuinely cared for these hostages; helping little old ladies out of the van, putting their arm around the shoulder of the young boy they had kidnapped. One of the old ladies actually told one of these assholes, "Thank you for helping me out of the van." It was repulsive. These were the men who raped, murdered and burned alive Israelis, and now they are playing nice for the media – and the media lapped it up. When the 30-some-odd Islamic terrorists, probably averaging 17 years of age, were brought back into Gaza, tens of thousands, perhaps hundreds of thousands, lined the streets. They were put on the backs of trucks, given flags, and saluted as if they were sports heroes. These thieves, ___, mass

murderers, and rapists flew their Fakestinian and Hamas Flag as thousands in South Gaza treated these convicted terrorists as their heroes, all the while under the auspices of FATA.

5:03 There's a new women's organization where the women are saying we are going to be students of the Quran now, and as a result, we too will be terrorists. We, too, will learn how to kill Jews with automatic weapons, and we, too, will celebrate the great suicide bombers of days past. Scores of young Muslim women whom the media would say are innocent civilians are training to eradicate Jews. To see that scene today out of Hamas curled my stomach.

5:51 Now I realize Israel's in a very tough place. I said on October 7th that there's no way for Israel to prevail; this is a lose-lose scenario. And the thing that I'm most concerned about is that Israel doesn't have leadership, and they've just now been played for fools by the fools of the Islamic terrorist organization, Hamas. Everything the world is going to do over these next five or six days as this ceasefire is drawn out will be to garner the world's sympathy on behalf of the terrorists who have put their own women and children in harm's way as human shields, wanting them to die so that they become a cause cé-lè-bre around the world to do as Joe Biden, a disgusting human being, did in his speech today taking credit for doing what is illegal in America - negotiating with terrorists. That's a crime in America. He nonetheless did it and then said, "More than ever before, this proves that we need the two-state solution." You're going to reward the October 7th Islamic attack on Israel by giving these beasts a state. That's your solution? Are you out of your ever-loving mind? What happened when George Bush demanded that Israel vacate Gaza? They built miles of terrorist tunnels, brought in all manner of weapons, and launched a hideous attack destined to destroy Israel - that's what they did. So what if it was an independent state? Then Israel can't even go in to rid them of these weapons. Don't you know that is precisely what Hamas bargained for? The credibility of getting back Islamic terrorists and this cause that has the world calling for the two-state solution, the final solution, against Israel, rewarding terrorists with a state of their own.

8:46 Why don't we call it the State of Terror? It's an apt name. If leaving Gaza unoccupied for the past 20-some-odd years resulted in what we're witnessing there where every building has been weaponized: schools, hospitals, UN facilities, apartments, children's bedrooms, all of it weaponized to kill Jews. Imagine what would happen if Gaza was an independent country and could import any manner of weapons they wanted along with the FATA terrorists and Islamic Jihad surrounding

Jerusalem. What would happen? That's what the Islamic world, Europe, the United States, China, and Russia are demanding. Two thousand jihadist murderers, rapists, and arsonists managed to bring this on Israel such that the entire world has turned against them such that it is now in a state of ___ that they will be forced to accept a State of Terror in their midst. That is the purpose of this hiatus: to declare a State of Terror for the destruction of Israel. Weasels.

10:42 Unfortunately, Israel doesn't have the leadership to prevail. Israel's constantly stated goal that they're going to wipe out Hamas is impossible. Hamas is Islam. You're not going to wipe out Islam. Islam is Hamas; they're inseparable. Hezbollah is Islam, the leadership of Iran is Islam, Saudi Arabia and Egypt are Islam; you aren't going to eradicate Islam. I wish you could, but you can't. There are almost two billion of them, and for damn sure, you can't root the Islam out of Hamas looking at the way tens of thousands of jihadis gathered in Gaza to celebrate their return of terrorists. This is an unwinnable war; unwinnable. It's far worse than America trying to slash around in Vietnam, attacking Communists, and manufacturing a hundred for everyone they killed and far worse than America invading Afghanistan and Iraq thinking somehow, they were going to install democracy in the American way, making a bad situation worse. This is far worse, and the inevitable is a hundred times what happened on October 7th; that's the fate. All the while, the world has fundamentally changed, and it has become open hunting season for Jews worldwide.

12:48 It didn't have to be this way. Years ago, someone in Israel could have said you know, this myth now that's being promoted of Palestinians has got to go. We're going to make it illegal in this country, in the media, or anywhere else in politics to use the name "Palestinian." There is no such thing as a Palestinian; there hasn't been a Philistine for 2,500 years. There's no place called "Palestine." It was the lie of Hadrian. It's obvious. Make it illegal even to utter it in Israel such that no Israeli politician or media person can write it or say it and that everybody, when it's mentioned, says if you're going to speak lies and you have no interest in having an honest discussion, then go away. I won't be part of this conversation.

14:00 The Dome of the Rock and Al Aqsa Mosque had to be bulldozed, and in 1967 you had your opportunity. Again, in 1973 you didn't do it. They are a scar, an Islamic trophy on the Temple Mount and as long as they are there, they will continue to invite hell against Jews.

14:23 Somewhere along the way, somebody in Israel ought to have taken responsibility for the worst book ever written, the Quran. The primary contributors

to the Quran were rabbis, more so than anybody else. They sold Muhammad recitals from their Talmud. He claimed they came from Allah, and when Jews mocked him for claiming that his god inspired something that they had sold to him, well, he was a psychopath, so what do you think he did? He silenced them by cutting off their heads, and from that point on, the Quran turned viciously antisemitic. Rabbis, you manufactured this enemy, and yet when it's obvious that you did so and that your stories permeate the Quran, you don't have the ethics, the character, or the courage to admit that you were wrong and expose it.

15:37 I spent the last couple of months rewriting what was *Prophet of Doom*, now *God Damn Religion*, and I'm now 250-some odd pages into Volume Two of what will be four volumes. The primary difference between the first and the second pass, beyond the fact that now I'm comparing Allah to Yahowah because they're opposites, is that rather than citing a passage from the Quran that proves a point, I'm quoting the entire surah. As I go through each surah, I systematically expose and condemn what it says. It's the worst book ever written. You have to be a complete nincompoop to think this book came from God. It is utter trash. Why isn't someone in Israel, people whose lives are dependent on exposing and condemning the realization that the problem isn't Hamas, FATA, Hezbollah, or Iran; it's Islam saying it? Why won't you say it? It's obvious. Allah is Satan, absolutely, unequivocally, and you won't say it. Why? Why does it take a gowdy to bring this to your attention, and even when he does, why are you unwilling and unable to take it from there and save yourselves from this blight?

17:30 I'm going to return to where we were at the end of our last program. We were talking about the Snake in the desert and how he impugned himself with the claim that he eradicated the people of Tubba. You see, Allah has a little problem. Allah can't do squat. Allah's completely impotent. He can't perform a miracle, he can't deliver a sign, he couldn't even deliver a goddamn book. There was no Quran until 100 years after Muhammad's death, no prophecies, no miracles, no signs, not even a speck of interest within the Quran that was even the least bit moral, nothing even original. ___ must have pilfered from 75 to 100 different sources, many of them pagan. It's a hodgepodge, an amalgamation of religions. In all that time he couldn't do squat. So, what does Allah do? The only two things he can do. He says back in the past I annihilated community after community. How many towns have I destroyed. I caught them unaware. I eliminated them and now I'm roasting their sorry bodies in Hell, one after another repeating it to the point you get nauseated. How many of these towns have we destroyed. They're all fictitious. None of them ever

existed with exception of the people of Tubba and that turned out to be the very harbinger of Islam. Tubba is the model for Muhammad. His god was Rahman who is the first deity of the Quran. So, Allah has to threaten people, cause them to fear, tremble and capitulate by telling them all these fictitious places that he has terrorized. There's only one thing worse than terrorizing civilians and that's bragging about terrorizing civilians that didn't even exist. That means you're not only psychotic, but you're also delusional. Welcome to welcome to Allah.

20:01 The second thing he says is if you don't believe that then I've got another one for you. In the future when you least suspect is going to come the Day of Doom, the day of resurrection and torment when I'm going to take the bones of everyone who has died and I'm going to resurrect them so I can torture them. Fear me. That's all he's got. I was a terrorist in the past and I'm going to be a terrorist in the future. Fear me. That's it. And between that that's what I call the never-ending argument of which there's 400 iterations in a little over 100 surahs. The never-ending argument is this is absolute rubbish. This Quran that you're trying to recite to us is nothing but fables you stole from other people. It's not true, this is sorcery. Oh no! You can't say that about my guy. You say that about my guy when he's giving you the true signs, I'm going to see to it that you're tortured, and you will want to get out of this torture is I burn you alive. But never will I allow you out; it's a never-ending argument.

21:33 Not only is it about Muhammad but Adam, Noah, 'Abraham, Moseh, the Islamic Jesus / Esau all had the same damn argument. Always the same argument put on the lips of people one to (two)? thousand years before Islam even existed. This is Allah's little problem.

22:05 So, let's pick up the Quran recital we're at

22:13 *Quran 003.137* **“Many similar ways, systems, and dispensations, were faced by nations that have passed away before you, so travel though the Earth, and see what was the end and demise of those who disbelieved.**

22:31 Yes this is Allah bragging that there were lots of nations that you'll see around the Earth, you just travel around, that were destroyed by Allah because they disbelieved. I've been to about 170 countries around the world and never have I seen one, and I'm a pretty good student of history. Never has there been one.

23:05 *Quran 003.138* **This (the Quran) is a clear statement for men, a guidance and an admonition for those who guard.**

23:13 I'm threatening you. If you don't pay attention to these fake places that I wiped out before because they didn't believe me, I'm going to get you. My warning.

23:26 *Quran 003.139* **So, do not become weak (against your enemy), nor despair, and you will be superior (in victory) if you are indeed believers.**

23:42 Yeah. That's what they think. That's why they're rioting around the world, those people who in every which way are inferior. Compare Islamic countries and life in the Sudan, Somalia, Yemen, Libya, Algeria, Syria, Lebanon, Iraq, Afghanistan, even in Saudi Arabia where women have no rights. Look at these hellholes and compare them with the West. The West is quickly becoming hellholes because they invited the fungus, this disease, this plague to enter them. So, this is Allah's claim. If you really believe me, you'll become a killing machine; you'll kill them, and we will be superior.

24:46 *Quran 003.140* **If a wound has touched you, be sure they are also inflicted and others suffer a similar wound.**

24:52 If you are wounded, make sure you lash out at them and wound them even worse.

24:58 **So are the days, We give to men by turns, that Allah may test those who believe. And so that He may take martyrs from among you. And Allah does not love the *Zalimun* | wrong-doers.**

25:19 I'll take martyrs from you so long as you're out killing those who don't capitulate.

25:31 *Quran 003.141* **This is so that Allah may try the believers and destroy the unbelievers.**

25:38 Do you think this is a war against all humankind, that Hamas was acting independently, that Hezbollah acts independently? **So that Allah may try the believers and destroy the unbelievers.**

25:57 *Quran 003.142* **Do you think that you will enter Paradise before Allah tests those of you who have fought (in His Cause) and are steadfast?**

26:11 *Quran 003.143* **You did indeed wish for death (martyrdom in battle) before you met it. Now you have seen it openly with your own eyes.**

26:18 Says the god who couldn't give Muslims a reason to live, only a reason to die.

26:32 *Quran 003.144* **“Muhammad is no more than a messenger!** Now why in the world you would get from one to the other, there are no intelligent transitions in the Quran, but after telling Muslims they ought to die as martyrs fighting in Allah’s cause, killing unbelievers the world over, **“Muhammad is no more than a messenger!**

And lo, many messengers passed away before him. Allah didn’t think much of Muhammad. I don’t blame him.

So what if he dies or is killed!

Will you then turn back on your heels and go away (as disbelievers)?

If any did turn back on his heels, not the least harm or hurt will he do to Allah.”

27:21 Yeah. If it weren't for Muslims killing for Allah, Allah would have no influence whatsoever, none. He couldn't do a thing. Allah is only deadly because Muslims have been beguiled into killing for him and they're beguiled into killing for him because there haven't been enough people willing to tell you the truth about this despicable religion.

27:53 Yes, indeed, there was a very similar system to Islam established by the people of Tubba, as we learned last week, and although Allah bragged about destroying them for their unbelief, it was they who gave rise to monotheism in Arabia. And now, to advance the lie and to hide the truth, Allah has a new strategy – I want you to die while killing for me. He gave Muslims a reason to die. Envenomated, they would become martyrs waging war against all mankind. And make no mistake. While I assume that almost everyone listening to this program cares about Israel as I do (We are devoted to calling Israel back to Yahowah and Dowd, the Messiah and Savior), if you don't care as we do about Israel and Yahuwah / Jews / the Beloved of Yah, then for your own sake and that of your loved ones, understand that this jihad celebrated around the world will evolve not just towards the attempted annihilation of Israel and genocide against Jews. If you're listening to what Allah is saying, this is a declaration of war against all humankind. They won't stop there.

29:37 Fighting, killing, wounding and incapacitating, is how Allah determines between good Muslims and bad ones, those admitted to Paradise or sent off to Hell. And as a result, Islam would become an orgy of death. Die killing for Allah – win a prize. Is it any wonder that the terrorists released by Israel today were paraded down the streets by tearful eyes as if they were sports heroes?

30:17 The ungrateful un-god did not even care if Muhammad lived or died. Who could blame him? He was just one of many proxies of death, another religious stooge. There had been countless before and there would be many more thereafter.

30:37 And then for the ultimate lie, the egomaniacal Allah claims that it matters not to him if Muslims live or die, kill or are killed, believe or disbelieve. So, if that is true, why advance Islam?

31:03 While it is a miniscule point among mountainous ones, if only a messenger, Muhammad cannot be as Muslims present him. There was no prophet of Islam, there are no prophecies in Islam, not one. Also interesting is that this presents two hypotheticals that are not possible under predestination. But why be consistent when playing God? It is so limiting for the pretense of being the Almighty.

31:45 Claiming the power of life and death – well, death anyway, Allah brags...

31:51 *Quran 003.145* **“No person or soul can die without the permission of Allah and in accordance with the law of Allah. And to him who desires a reward in this world, We shall give it, and to him who desires a reward in the life to come, We shall do that. So We reward the grateful.**

32:17 *Quran 003.146* **Many a prophet fought. And along with him (fought) large bands of religious men worshiping the Lord, so they did not become weak on account of what befell them if they met with disaster in Allah’s Way, nor did they weaken, degrade, or disgrace themselves. Allah loves the steadfast fighter.**

32:50 Yep. **Many have fought in large bands of religious men worshiping their Lord** fighting for Allah. If they fell with disaster because Allah could do nothing, it mattered not so long as they fought to the end.

33:03 *Quran 003.147* **And they said nothing but, ‘Our Lord, forgive us our sins and our wasted efforts, establish our feet firmly, and give us victory over the disbelievers who resist the faith.**

33:25 So, wiping non-Muslims out to the last isn't a sin. It's not a wasted effort. It's the ultimate good that a doer can do in Islam.

33:39 *Quran 003.148* **So Allah gave them the reward of this world, and the excellent reward of the Hereafter. And Allah loves *Al-Muhsinun* | the Good Deed Doers.**

33:54 What's the reward in this world? Well, Muslim Marauders get to act like those on October 7th. They get to plunder and rape Jews, they get the thrill of watching Jews burn alive, that is the reward in this life. Then they get to go back to Gaza where they inflict great adversity upon themselves.

34:27 *Quran 003.149* **O believers, if you listen to the infidels, they will make you turn your backs and you will be the losers.**

34:35 Of course, you can't listen to them because they might tell you the truth. How in the world are you going to remain our slaves and kill for us if someone points out that that's really not a very Godly thing to do? But we wouldn't want to listen to those infidels because otherwise we'd be one of those losers.

35:02 *Quran 003.150* **Nay, Allah is your protector, and He is the best of helpers.**

35:09 He just said it doesn't matter if you get wiped out. I don't give a crap. Die or live; it means nothing to me. And now he wants you to believe he is your protector.

35:16 So, what happened to the 2,000 Islamic Jihadists who died perpetrating horrible crimes against God's people? What happened to the protection of the women and children who Hamas used as human shields? Did Allah go off duty? Did he take a little recess? It certainly wasn't a Shabbat. What happened to the million Afghanis that died? What about the million Iraqis? What about another million in the Syrian War? What happened to all the Muslims that the Islamic terrorists killed in Libya? Did God take a Nap?

36:23 **Nay, Allah is your protector, and He is the best of helpers.**

36:28 Maybe you want to ask why there isn't a single example anywhere in the history of Islam of Allah doing anything. Bark, sit up. You're a snake, slither, spew some venom. I mean a damn Cobra can put on a show. You're a snake; do something. Nothing. Why do you think that Muslims constantly say, "Allah willing?" Because Allah doesn't ever show up. He must be unwilling.

37:12 *Quran 003.151* **We will cast terror into the hearts of the unbelievers, because they ascribed partners, friends, and companions to Allah (Oh My! Allah can't have any friends or partners unless he's claiming them based upon stealing them out of the Torah, in which case they are just slaves and not partners.) for which He has not sent down a sanction. Their abode will be the Fire and how evil is the abode of the *Zalimun* | Polytheists and Wrong-Doers."**

37:50 Yep. Allah is your protector. He's the ultimate helper. He is the best of terrorists particularly for anyone who ascribes a friend to him. No. Allah works alone. **Their abode will be the Fire and how evil is the abode of the *Zalimun* | Polytheists.** In other words, there were damn few polytheists in Arabia at the time. He rose, people want to believe that it was Mecca. It wasn't Mecca; Mecca didn't even exist at the time. It was Petra. Between 50 BCE and 50 CE Petra was a happening place. If you were a pagan, Petra was the place you wanted to be. It had the coolest temples, plenty of gods, a great watering system, was right in the core of what remained of the land bridge Caravan sites. Why? Because everybody was shipping by sea and so they would ship from India right up through the Gulf of Aqaba and then they would need to get from there to the Mediterranean to ship goods around the Civilized World. If you were going to do that, the number one watering hole along the way was Petra. So, it had all the shrines that the Quran talks about. That's where he was. But by this time Petra suffered a catastrophic earthquake. First the Romans conquered. They liked it because it was a great trading post. They're religious like us; it's a good deal. They even brought in a few Roman gods to mix with the other gods of Petra.

39:57 It's interesting, too, that the top gods of Petra are the three gods that Muhammad names in the Satanic Verses, Allāt, Al-Uzza, and Manāt, the same gods. Mecca didn't exist at the time. After this earthquake (339 CE), all the temples were rubble, and the aqueduct system failed. The Nabateans, who built the city, leave because there's nothing there for them anymore. The Romans didn't want it anymore, so the people who had been deprived of any rights suddenly had some because Christianity was decriminalized, and they came into Petra. And, of course, the religious love to repurpose pagan anything. Muslims are great at it, the Christians were really good at it, and so the few things that were still standing in Petra, the Christians claimed. There were, of course, some stragglers among the Jews who went there after Hadrian had destroyed Jerusalem, and the same earthquake torched Jerusalem so that what was left was burnt.

41:15 So, by 600 CE when Muhammad was there it was probably not even 5% of the original population of 20,000 people at its prime, maybe a thousand people, and not a single one of them that point. It would have been two forms of monotheism - Christianity and Judaism. So, this whole myth of Muhammad brought monotheism to Arabia is complete crap. In fact, we demonstrated that the other day with the fact that not only did Tub'a 'Ab Kariba As'ad establish monotheism in Yemen, the Sabaeans, but that there's only one city in central Arabia that is known to history,

only one: Yathrib. Yathrib was home to over 30,000 Jews only one: Oasis. So, between Yathrib being a Jewish enclave, Petra becoming a Christian enclave, and Yemen down below being a Judaism enclave amongst Arabs, and then above them the Byzantine Empire which is the emerging Roman Catholic Church there wasn't any paganism left. They weren't polytheists. They were all monotheists. This whole conversion of polytheists and Allah hating the polytheist is rubbish.

43:17 So, if this is your god the world is safer and better without you.

43:22 The notion that no one can die without Allah's permission is mind-numbingly stupid. And if a Muslim wanted to play along and pretend it was true, then how can he be your protector when you die taking the lives of innocent children?

43:43 Wake up! When life ends tragically at the hands of another, man is to blame. And when unbelievers are killed by believers – then religion, particularly Islam, is responsible.

43:58 To love life, is to hate Islam. Those who love God, hate Allah. It really isn't any more complicated than that.

44:15 Muslims fight, and they kill to such an extent, the religion has become a scourge on the planet, a plague of death. If you want live in a world free of religious terrorism, of mindless zombies who are now kicking people in the streets around the world, many to death, if you want to live without days like October 7th, 2023, then you need to stand alongside the compassionate and courageous who resist Islam.

44:58 Otherwise, Muslims screaming Allahu Akbar “**will cast terror into the hearts of the unbelievers.**” This is the legacy of Allah, Islam, Muhammad, and the Quran.

45:11 So that you know, we will return to this third surah in later chapters. It only gets worse from there.

45:24 Not surprisingly, the demotion Allah afforded his non-prophet was embarrassing for the man who was claiming to be better than Moseh, Dowd, and the Christian myth of Jesus. Conveniently, therefore, Allah dispensed with consistency and contradicted himself, as he is prone to do in the next occasion. He is recorded protesting...

46:00 *Quran 033.040* “**Muhammad is not the father of any of your men, but the Messenger of Allah and the Seal of the Prophets: and Allah has full knowledge of all things.**” For a sensible being, the proof of a prophet would be accurate

prophecy, but Allah did not play by those rules. In Muhammad's case the "Seal" was a hairy mole on his back. And who would dare disagree with a know-it-all?

46:33 But alas, it would be unfair to the Jews in Yathrib that Muhammad, and the first Muslims, had beheaded, enslaved, and raped. Nor would it be fair to the Arabs from Petra who came to Yathrib to put an end to the Muslim madness if we did not share what the 33rd surah says of them and the Muslims who opposed them.

47:00 It, of course, begins with Allah contradicting himself, as is the un-god's custom...

47:15 *Quran 033.006* **"The prophet is close(r) to the believers than their own selves, and his wives are as their mothers.** [which is pretty creepy since many were children as young as 6 years of age] ...

47:34 *Quran 033.007* **"And when We took form the Prophets their covenant, and from you (O Muhammad), and from Nuh (Noah), Ibrahim ('Abraham), Musa (Moses), and Iesa (the mythical "Jesus), son of Maryam. We took from them a strong and solemn covenant."**

47:58 Okay there, smarty pants, what did it say? What is your damn covenant? You never explain. It's the central spoke of which the Torah turns. It is the single most important thing that God conveys. He not only lists all the meetings He had with 'Abraham in its formation, but He lists five Conditions and five Benefits and then He explains how that very same Covenant is enabled through His Mow'ed Miqra'ey, the seven annual meetings, and He returns to reaffirm it with His people with the Day of Reconciliations. But all Allah's got is "It's a strong covenant, it's a firm covenant and we formed that covenant new with Ibrahim, Musa, and with Iesa, son of Miriam." How many women are mentioned by name in the Quran? One. A mythical mommy of "Jesus." That is the only one. Allah didn't care much for women, nor did his Prophet.

49:33 By the way the reason this all says this is because this was actually written to justify a really horrendous episode in Muhammad's life where he took a slave girl who was probably six or seven years old and not only raped her, he raped her in the bed of one of his two wives at the time who was actually a slave herself, in a bed that he shared with his first victim of pedophilia who was six when the 50-year-old Prophet had sex with her.

50:28 Since his harem was filled almost entirely with sex slaves and little girls, those who were the first to hear this would have been repulsed. Well, at least apart from Muslims since nothing is too immoral for them.

50:46 The Covenant was Yahowah's, not Noach's or Moseh's, nor even 'Abraham's. And it was not taken but instead was given. It is accepted, but not via an oath. Moreover, Iesa as Esau was excluded from it and Isea, as Jesus, never existed. Allah has a problem with the truth.

Always threatening...

51:26 *Quran 033.008* **“That He may ask the truthfals [sic] about their truth. And He has prepared for the disbelievers a painful torment and grievous punishment.”**

51:39 So this is it, Allah's one claim to fame, his singular act of bravado on behalf of Muslims is what comes next.

51:53 *Quran 033.009* **“O you who believe! Remember Allah's favor to you when there came against you hosts, and We sent against them a wind and forces that you saw not. And Allah is Ever All Seer of what you do.”**

52:07 It's a miracle, of course. The wind blew in the desert. Although, since the effects were unseen, we may be giving Allah too much credit.

52:20 I have another kind of issue here. We learned from Tub'a 'Ab Kariba that he besieged Yathrib, encircling it, and this is what allegedly happened when the Quraysh, Muhammad's own kin, decided we've had enough of him tormenting us. We're going to put an end to him raping our women, murdering our men, and robbing our Caravans. So, when they allegedly showed up, they encircled Yathrib too. And the way that Allah is credited with his one miracle of defeating them was blowing sand in their faces. Can you explain to me how you can encircle a place and have the same wind blow sand in the faces no matter which way they're facing?

KIRK: It's a miracle.

YADA: It's a miracle! Yes, indeed, you understand Islam.

53:32 As is his custom, Allah is expecting Muslims to have read the Hadith to know what he's talking about. Otherwise, this is a fish out of water – kind of like creation, so maybe that's an unfair criticism. That was the big fish that was underneath the throne that was held up by the cloud without water and no air so that the Pen could

write the Quran. Nonetheless, as we progress through Muhammad's despicable life, we will discover that his brothers and sisters from Petra had had more than enough of the non-prophet's shenanigans. He had robbed, raped, terrorized, and murdered them so many times that they sought to end the torment by killing the little snake. Unfortunately, he slithered away, but not before Allah could claim credit for the hole in the sand which stumped his adversaries.

54:35 However, somehow, those who were stymied by a line drawn in the sand, managed to come upon the first Muslims from above and below, as if they had rockets and had built tunnels like Hamas. (Maybe it was a prophecy) This shook Allah's jihadists to the core of their faith, and as always has been, the tormentors were now tormented.

55:06 *Quran 033.010* **“When they came upon you from above you and from below you, and when their eyes grew wild and the hearts reached to the throats, and you were harboring doubts and supposition, including diverse thought about Allah!**

55:30 *Quran 033.011* **There, the believers were tried and shaken with a mighty shaking.**

55:35 *Quran 033.012* **And when the hypocrites and those who were filled with doubts** (He's now criticizing the non-jihadi Muslims for not wanting to attack those who are besieging them.) **and in whose hearts is a disease said, ‘The promise of Allah and His Messenger promised us nothing but delusions and deceit.’**

56:04 *Quran 033.013* **And when a party of them said, ‘O folk of Yathrib! There is no stand for you. Therefore, turn back. And certain of them sought permission of the Prophet, saying, ‘Our homes are exposed (to the enemy),’ and they lay not open. They wished but to flee.** If you are a slave of Allah, there is no freedom for you.

56:31 *Quran 033.014* **If the enemy had entered from all sides (of the city) and they had been exhorted to AlFitnah (to renegade from Islam to polytheism), the surely would have committed it and would have hesitated thereupon but little.**

57:01 *Quran 033.015* **But whereas they had already made a sworn oath to Allah that they would not turn their backs (to the foe). And oath to Allah must be answered for.** There is no retreat. If you are fighting for Allah, you will fight to the death.

57:21 *Quran 033.016* **Say, ‘Of no gain or avail if you fly from death or slaughter, and in that case you will not be allowed to enjoy yourselves but a little.’”**

57:36 Just in case someone avoids being massacred while trying to kill others and they end up living a decent life, it's just Allah's little game. He's the one that's allowing them to have that good life so that he can torture them later. And he doesn't want Muslims saying, wait a minute. We died and this guy's living. We followed you, they didn't. What's the deal? That's the deal.

58:07 Keep in mind, all of this pertained to the only defensive battle ever attributed to Muhammad. They had been the terrorists, not the terrorized. And even then, the armed civilians from Petra, Muhammad's hometown, were there to stop Muhammad from plundering them. The non-prophet's kin were actually there to defend themselves from Islam.

58:40 But it did not go well. Muhammad retreated and ran like a startled snake for cover. His followers did the same. And in the end, the clans from Petra thought that they had killed their tormentor and thinking him dead, and mission accomplished, they returned home. But that is not the story the Pen wanted to write fourteen billion years ago.

59:08 *Quran 033.017* **“Say, ‘Who is he who can protect you from Allah if He intends to harm you or intends mercy on you? And they will not find, besides Allah, for themselves any Wali (protector or supporter) or any helper.’”**

59:27 No one can defend you from Allah. That's pretty frightening. I will, however. Allah is no match for me or anyone who serves alongside Yahowah. I'm not bragging, just telling you the truth. If you take the time to read *Yada Yahowah* you will be protected. Simple.

59:56 *Quran 033.018* **“Allah already knows those among you who keep back from fighting in Allah's Cause, and those who say to their brethren, ‘Come here towards us,’ while they come not to the battle except a little.”**

1:00:07 If you're listening, World, particularly journalists and progressives, Allah just said that a peaceful Muslim is a hypocrite, someone Allah intends to torture in Hell. All good Muslims are terrorists. That's what the Quran just said. **“Allah already knows those among you who keep back from fighting in Allah's Cause, and those who say to their brethren, ‘Come here towards us,’ while they come not to the battle except a little.”** A peaceful Muslim is a hypocrite; all good Muslims are terrorists. That's what the Quran tells us.

1:00:58 Should it not be obvious that all good Muslims are bad people because the fight in Allah's Cause, it is Allah's intent to obliterate all humankind.

1:01:12 *Quran 033.019* **“Being miserly towards you. I guess that's supposed to be a sentence. I guess he's still talking about the peaceful Muslim hypocrites. They are cheating you by not spilling their blood on your behalf, not killing for you, they are **“Being miserly towards you. Then when fear comes, you will see them looking to you, their eyes revolving like one over whom hovers death, but when the fear departs, they will smite you with sharp tongues, miserly towards good.** (defined as killing) **Such have not believed. Therefore, Allah makes their deeds fruitless, and that is ever easy for Allah because Allah works inevitably.**”**

1:02:34 All the good Muslims are lying, terrorists. All bad Muslims are hypocrites; Allah hates them. If someone claims to be a peaceful Muslim, Allah ... despises them.

1:02:56 *Quran 033.020* **“They think that the allied tribes of the Confederates have not yet withdrawn, and if the Confederates should come, they would wish they were in the deserts among the Bedouins, seeking news about you, and if they to be among you, they would not fight but a little.”** Even a bad Muslim fights; he's just a crappy fighter. A good Jihadi Muslim fights to the death.

1:03:22 The problem is that Allah can't do squat. He's no less irritating but no more menacing than a mosquito. If he cannot beguile a Muslim into murdering for him, nothing happens.

1:03:44 Muhammad was a piece of poop – and that is giving poop a bad name. No one was worse. In a world rife with misogynists, rapists, and pedophiles, mass murderers and terrorists, liars and thieves, psychopaths and sadists, Muhammad was guilty of all of this and much more. He was the full-tilt Richter Scale of bad. He claimed to speak for God and ordered people to follow his appalling and abhorrent example...

1:04:24 *Quran 033.021* **“You have indeed a noble paradigm and good example, and excellent exemplar, to follow in the Messenger of Allah for him who hopes in Allah and the Last Day and remembers Allah much.”**

1:04:46 Pedophile, rapist, mass murderer, plunderer, terrorist, liar, thief, con man, false prophet; he has the full resume of evil. And Allah says of him, and Allah is Satan, so maybe all of this is really good. I mean if you're Satan, a noble paradigm would be a mass murderer.

1:05:23 While that's a 10 on the scale of good and evil, that's not the worst of it because this is where Allah really gets annoying. It is the reason that I will be among those who assure that the un-god of Islam – Allah – spends eternity in *She'owl* | Hell. It is the reason that after 22 years I have returned to update and improve *Prophet of Doom* as *God Damn Religion*. Rather than blame Muhammad for being a terrorist and mass murderer, a rapist and a thief, and for harassing his own family, Allah blamed the Jews in Yathrib for the attack that would lead to their enslavement, being raped, and death, to an equally monstrous version of what happened on October 7th.

1:06:22 *Quran 033.025* “**And Allah drove the unbelievers back in their rage and fury, and they gained no advantage (booty). Allah sufficed for the believers in the fighting. And Allah is Ever Strong, All-Mighty, able to enforce His will.** Yes, when it comes to killing Jews, Allah is the best of the fighters.

1:06:51 *Quran 033.026* “**And those of the people of the Scripture Book who helped them (the tribes of disbelievers) Allah brought them down from their strongholds, and cast terror into their hearts, so that a group (of them) you killed, and a group (of them) you enslaved as captives.**”

1:07:13 *Quran 033.027* “**And He caused you to inherit their land and their houses and their wealth, and land you had not trodden. Allah is ever able to do all things.**” This is the Quran recital for October 7th.

1:07:39 *Quran 033:26* “**And those of the people of the Scripture Book who helped them (the tribes of disbelievers) Allah brought them down from their strongholds, and cast terror into their hearts, so that a group (of them) you killed, and a group (of them) you enslaved as captives.**” He forgot to mention what they did to the third group, which was to rape them.

1:08:03 *Quran 033:27* “**And He caused you to inherit their land** (You didn't inherit it you fleabag. You killed them and then stole it, and you stole their wealth.) Yeah, Allah is able to do all things. He has inspired monsters, and they can do all things bad. They aren't very good at good.

1:08:38 Muhammad brought the last of the Jewish tribes in Yathrib into the town square after having exiled the other two Jewish tribes, 30,000 of them, from what had been their city dating back to 600 BCE. They survived as date farmers. But it would be just few years of Muhammad before you would kill them. In front of their mothers, wives, and children, one at a time, Muhammad's goons, the first Muslims, slowly severed every man's and boy's head and then tossed them into a ditch in the

middle of what is now Medina. I'm sure just like the terrorists of October 7th they enjoyed a good meal, maybe even a good laugh as they decapitated Jews. He and his savages then raped the women and little girls, and anyone left they enslaved, many hundreds, if not thousands of them. It was a prelude to 10.07.23. It was a spectacle for the entertainment of Muhammad and the first Muslims.

1:10:28 This is Islam. Quran 033.025, 026, and 027. It is Islam. This is the Quran, this is Allah, these are Muslims. You witnessed it on 10.7. Why is it you can't make the connection? How could it be more obvious? Enslaving, kidnapping, mass murder, plunder, stealing, terrorism in the name of the god of Islam.

1:11:15 This is Islam. The man. The god. The book. The religion.

1:11:24 In Muhammad's warped way, he somehow saw this sadistic episode as the perfect opportunity to torment his harem. That's what follows. So, the parts of the 33rd surah that I have omitted, up to this point, all pertained to badgering them – which is a peculiar thing for the Pen to have scribed on the perfect tablet. Why would this be written 14__ years ago dealing with a minutia of a madman in an illiterate desert? Evidently there were some people who thought pedophilia, rape and incest were unbecoming, so Allah set them straight.

1:12:22 *Quran 033.036* **“It is not for a believer, man or woman, whom Allah and His Messenger have decided and have decreed a matter that they should have any option in their decision. And whoever disobeys Allah and His Messenger, he has indeed strayed in error manifest.”**

1:12:47 For a Muslim man or woman to run for political office is disgusting. **“It is not for a believer, a man or woman, when Allah and His Messenger have decided...”** and they decided that all good Muslims are jihadists / terrorists. **“... and they have decreed in the matter...”** to enslave and kill all the Jews. **“... that a Muslim should have any option in their decision. And whoever disobeys Allah and His Messenger, he has indeed strayed in error manifest.”**

1:13:22 *Quran 033.038* **“There is no constraint on the Prophet and that which Allah has made legal for him. Rape, pedophilia, mass murder, terrorism; it's all yours, babe. I'm the god who set it all up for you. That has been Allah's way. That has been Allah's Way with those who have passed away of old. And the Command of Allah is a decree determined and destiny.”**

1:13:59 I had wondered how it was that Satan as Allah would have written his Quran where the number one reoccurring theme was the never-ending argument, a

meaningless scuffle in the desert between everybody that knew Muhammad and heard the first recital of the Quran saying, this is utter nonsense, it's fables of old, you've plagiarized it, this is more sorcery than anything else, and then Allah saying no, my god has given you the clear signs and because you disagree with him I'm going to kill you, resurrect you, and then torture you forever. Muhammad wanted to rape the little slave child, and the women in his harem said you know that's nasty; it's grotesque. You've cut off the heads of 900 Jews in one afternoon and then raped the women. There are some people that are complaining and saying that's pretty crude, and it might even be immoral.

1:15:11 So, why would Satan as Allah in his Quran be so fixated on trying to prop up the obvious hideous behavior of Muhammad? It took me until today to finally figure it out. All that mattered was kowtowing, beguiling, traumatizing those in Yathrib that Muhammad was either trying to have join him to become fellow terrorists [all the rape you can handle, all the plunder you can steal, all the mass murder that any bloodthirsty thug would ever want], perfect. And if you don't agree, we kill you. So, all Allah and Muhammad had to do was get his gaggle of goons, these murdering marauders, these covetous terrorists in training in Yathrib to kill, plunder, and enslave for them and once they had Yathrib, the one town of any merit in central Arabia, (they had killed all the Jews and anybody who would offer a dissenting voice and they began to systematically plunder every Arab community around them, raping the women, murdering the men, enslaving the children), once they prevailed with that there was no reason for the Quran, there was no benefit to any of it; it had served its purpose. From that point on there would be no descent. From that point on it was speak out against this, protest it, and we'll cut off your head. So, all he had to do was prevail in that little town by killing all the Jews and anyone who would dare to dissent so that he was the top goon. From that point the rest of it was irrelevant. That's the reason why the Quran wasn't written for 100 years. It's why the first Hadith did not appear for 200 years. All they had to do was conquer Yathrib, squash the descending voices, become a ruthless terrorist.

1:18:08 What happened after Muhammad's death? They had the war of compulsion. They forced every Arab to surrender to Islam. If you didn't surrender, they robbed you killed you, raped your women, and enslaved your sons. Then they did the same thing in Persia, India, Syria, then through Israel, Jordan, across Egypt all the way to Morocco, and eventually up into Spain. All with the same mantra: surrender and become a slave to Islam, pay the zakat tax or we'll cut off your head and after we do

that, we'll rape your women and enslave your children. It'll be fun. That's the story of Islam. There's really not much more to it than that.

1:19:14 We're only on page 235 of Volume One and this is a 650-page volume. Volume Two is another 650-page analysis of the Quran and Hadith and Volume Three and Four will be another 650 pages each. After a while you say how much you can write when it's all the same thing – but that's it, isn't it? If I expose it all, and it's all the same thing and it's all this miserable, do you think that maybe, just maybe, there might be some other people in the world that wake up and say this is uncivilized, that Progressives say wait a minute this is all about enslaving, marauding, glorifying death and terrorism. We can't support this. They claim to be anti-fascist; this is the most fascist doctrine ever conceived. It makes Hitler and *Mein Kampf* look like child's play. Hitler did have a bigger sandbox and cooler toys, a more menacing logo, but it's the same story.

1:20:43 Out of the abyss for a moment, let's consider the third mention. We went into the story because we were pursuing the three mentions of Muhammad in the Quran. In one mention, Allah gets his name wrong. We'll cover that in a moment. But here is the third mention of the mighty Muhammad in the Quran. Here's this myth that Allah is the only god and Muhammad is his prophet, and yet he's mentioned only three times in the Quran, four if you count a misnomer. This one is found in *Quran 047.002*, so at least they are randomly spaced and equally stupid because the Islamic god forgot what he had revealed to Doctor Truth.

1:21:34 *Quran 047.002* **“But those who believe and work deeds of righteousness, and believe in what we sent down to Muhammad - for it is the Truth from their Lord, - He will remove from them their ills and improve their condition.”** I'm beating a gimpy camel here, but nonetheless, there cannot be a conditional clause under the auspices of predestination. And while I cannot speak for you, I prefer my God to be literate. Can you please explain to me how Allah improved their conditions when Muslims live in the most impoverished conditions in the world? The only rivals to Muslims living in deprived conditions would be the North Koreans who are stuck in the 1950s. Muslims are stuck in the 7th century and can't crawl out of it.

1:22:41 Moving on to the fourth and final iteration of Muhammad in the text of the Quran, we find the following in

1:22:54 *Quran 048.029*: **“Muhammad is the messenger of Allah; and those who are with him are strong against Unbelievers, (but) compassionate amongst each other.** Wait a minute. We just read in the 33rd surah how Muslims were hypocrites

because they were miserly and wouldn't fight. I guess Allah has contradicted himself again. **Thou wilt see them bow and prostrate themselves (in prayer), seeking Grace from Allah and (His) Good Pleasure.**

On their faces are their marks, (being) the traces of their prostration. This is their similitude in the Taurat; and their similitude in the Gospel is: like a seed which sends forth its blade, then makes it strong; it then becomes thick, and it stands on its own stem, (filling) the sowers with wonder and delight.

As a result, it fills the Unbelievers with rage at them. Allah has promised those among them who believe and do righteous deeds forgiveness, and a great Reward.”

1:24:02 It begins accurately enough. Muhammad was the messenger of Allah. No problem with that, we give him full credit. The problem is that Allah was Muhammad's alter ego and thus not God.

1:24:15 The promise is also untrue because Islam is penal. It would be hard to find a religion more retarding, at least apart from Hasidic Judaism. Although to be fair, they are based upon the same Talmud.

1:24:38 It is also true that Muslims “bow down and prostrate themselves.” Mooning God is a central plank of their religion – and this, no doubt pleases Satan to no end.

1:24:48 However, “this similitude” cannot be found “in the Taurat,” which we will assume is the Torah since it is a preferred rabbinical pronunciation. Yahowah never asks anyone to bow down before Him. Sorry, Allah. You lied. And when someone makes this mistake, He politely asks them to stand. There is, however, one command to bow and it is found in *Yasha'yah* | Isaiah where those who are being judged after Yahowah's return will be humiliated in this way.

1:25:27 As for their “similitude in the Gospel,” there is more than one of them and they are not even remotely accurate. And while they do not call for prostrations, to claim that which is false is to admit to being dishonest. And while it is a minor point among more revealing ones, when God speaks of seeds growing strong, it is never in reference to grass which is fleeting and fades. Moreover, the transition from the untenable position that the Torah and Gospel convey the same message on prostration and that the Gospel message strengthens, it is incongruous to say, “as a result, it fills the unbelievers with rage at them.” This is so poorly written and so untrue.

1:26:33 While I have presented all four mentions of Muhammad, Allah apparently had a senior moment and forgot his name in *Quran 061.006*. But that was hardly his only mistake since there was no “Jesus,” and Allah mistakenly called him “Isa” There was no “Mary,” either, and it would have been impossible for a mythical misnomer in the 1st century CE to have uttered the name of a god whose name would not become known until the 7th century. Nonetheless...

1:27:09 *Quran 061.006* “**And remember, Jesus [Iesa in the text], the son of Mary,** [which means “bitter and contentious” in Hebrew] **said: ‘O Children of Israel! I am the messenger of Allah; I’ve studied the Christian New Testament and have written a number of books against it. I can’t remember ever reading Allah’s name. I am the messenger of Allah (sent) to you, confirming the Law (which came) before me, and giving Glad Tidings of a Messenger to come after me, whose name shall be Ahmad.’ But when he came to them with Clear Signs, they said, ‘this is evident sorcery!’**” Not to worry, Ahmad, at least Allah got the “mad” part right in both names.

1:28:08 The reason Muhammad was so preoccupied with belittling the misnomer Jesus by renaming him Esau, and calling him “‘Iesa’ bin Maryam,” then converting the now-legendary Christian god to the Islamic herald of Ahmad, is that he was the competition for many of the surviving residents of Raqemow, known at the time as Petra, which was based on the Greek word, and the Greeks had nothing to do with the community. Muhammad’s first “revelations” are alleged to have begun in 610 CE and the Islamic calendar commences in 622 CE when he fled to Yathrib in shame following the fiasco of the Satanic Verses and Night’s Journey. In the dozen years in between, he would have been trying and failing to convince the Arab Christian population that he was the next and last best thing. From a historical perspective, this transpired some 250 years after the Nabateans and Romans abandoned Petra following the great earthquake in 363 CE, setting the showdown around the Ka’aba three centuries after Constantine decriminalized Christianity in 312 CE. And since Muhammad was envious of the claims they made of their god, and since he had failed in convincing the Jews in Arabia that he was their Messiah, Muhammad, excuse me, Ahmad, needed to cut the myth of Isa, excuse me again, Jesus, down to his size – which was really puny.

1:30:09 Although, once again, we find an occasional nugget of truth in the Quranic diatribe. In this case, “**they said, ‘this is evident sorcery!’**” Frankly, it’s obvious.

And if I may, there were never “Signs,” clear or otherwise, to validate any of this. Couldn’t so much as produce a book.

1:30:35 Moving past the man who would be god, we find that the following Bukhari Hadith confirms Islam’s lack of choice and Muhammad’s dearth of prophetic credentials.

1:30:55 *Bukhari:V4B55N549* **“Allah’s Apostle, the true and truly inspired said, ‘As it relates to your creation, every one of you is collected in the womb of his mother for the first forty days, and then he becomes a clot for another forty days, and then a piece of flesh for another forty days [a four-month gestation isn’t even half right - nor is the process]. Then Allah sends an angel to write four words: He writes his deeds, time of his death, means of his livelihood, and whether he will be wretched or blessed.’”**

1:31:49 Thank you, Doctor Muhammad. You are truly inspired. Allah’s time in the womb of our mothers miraculously conceiving children in *Quran 039.006* wasn’t wasted on you. I don’t know if you recall, but Allah enters the womb of every pregnant woman and sees to it that the little jihadist is born ready to kill. All that lesson wasn’t wasted on you. And you even managed to work in a nifty explanation of predestination for the half-baked children of Islam. A four-month gestation is why I way half-baked. Bravo.

1:32:33 Scribbling on, the Pen gathers rivals for its pole position in the race of creation. It’s funny. I wrote that line about the half-baked children of Islam and never had anybody get and I finally said it’s probably not worth telling if you have to explain it. But I decided since I like the joke, I didn’t want to remove it.

1:32:59 Scribbling on, the Pen gathers rivals for its pole position in the race of creation ...

1:33:05 *Tabari I:204* **“I asked the Prophet, ‘Where was Allah before His creation?’ Aren’t you curious? Muhammad replied: ‘He was in a cloud with no air underneath or above it.’”** That answers that. Now we know.

1:33:25 A cloud without air, now there’s one for the science classes. Last time I checked, a cloud was comprised of water suspended in air, but let’s not sweat the details. No quibble here. We wouldn’t want to be among those who mock.

1:33:55 *Tabari I:204* This would be Volume 1, 204th page from the Sunni State University of New York translation: **“Then Allah created His Throne upon the**

water.” Okay. So, we know where Allah was. The first thing he does is he keeps the throne on the water.

1:34:07 It's interesting that Yahowah creates the universe and life, and He says, wow, this is really cool. Love life. He creates the animals and says wow, this is exciting and good stuff. Then he creates man and says this is even better. This is wonderful. And the first thing we do is find Yahowah down on Earth with man enjoying their relationship, celebrating life, having wonderful conversations. What's Allah doing? He wants nothing to do with man. He's up there building his throne. Quite a difference isn't there. One is interested in glorifying himself and the other in benefiting someone else.

1:35:06 So, there were clouds, water, and a throne – how did the Pen come first? And may I ask, how could there have been a cloud and water before the Earth was created? And just checking, isn't H₂O comprised of two of the many gases comprising our atmosphere? Just curious here.

1:35:33 I'm sure the non-prophet will clear this up, so let's listen to a Hadith from one of his companions. Like so many traditions, this one is found in both Tabari which is the direct history and Bukhari, which is the best of the Hadith.

1:35:47 *Tabari 1:204 & Bukhari: V4B54N414* **“Some people came to the Messenger, entered his presence, and said: ‘Give us gifts!’** [Muhammad's militants were mercenaries after all, so what would you expect. The prophet bribed his way to prosperity. It's amazing how much you can achieve with money you steal from others.] **This continued until it annoyed him. Then they left.**

Some other people came in and said, ‘We have come to greet the Messenger of Allah and become knowledgeable about the religion and ask about the beginning of the world.’

He said, ‘Allah existed while there was nothing else. His Throne was upon the water, and all that was going to be was written on the memorial Tablet before anything else was created. Then Allah created the seven heavens.’

Just then, someone came to me and said, ‘That camel of yours is gone.’ I went out and found that she was out of sight. I surely wish that I would have let her go so that I would not have missed the rest of the Prophet's remarks!”

1:36:58 Okay, let me see if I understand this. The Pen was created first but before it was created Allah created his throne in a cloud without air. The throne was on water,

which was yet to be created. Then we had writing on a tablet that had yet to be created so that Allah could tell us that there are seven heavens, which were created before or after the Earth depending upon which version you believe. Bottom line: the camel's gone. That's about all we know for sure.

1:37:38 The Bukhari version of the runaway camel ends with this insight into how Muhammad conveyed his “inspired” revelations and how they were ultimately retained and passed along to us as scripture...

1:37:57 Bukhari: V4B54N414 “One day the Prophet stood up amongst us for a long period and informed us about the beginning of creation. He talked about everything in detail. He ended his speech by mentioning how the people of Paradise will enter the Garden and how the people of Hell will enter the Fire. Some remembered what he had said, and some forgot.”

1:38:26 Muhammad's fellow thieves and terrorists weren't the only ones who had trouble remembering this stuff.

1:38:37 Bukhari: V6B61N550 “The Prophet said, ‘It is a bad thing that some of you say, ‘I have forgotten such-and-such verse of the Quran.’ For truly, I have been caused by Allah to forget it. So, you must keep on reciting the Quran because it escapes faster than a runaway camel.’” It is good to know that camels also had an aversion to the Quran. I'm gaining a newfound respect for these lumpy and grumpy spitting Artiodactyls.

1:39:13 Since memories were fleeting, to be fair, I say we give Muhammad another chance. Surely, he'll straighten all this out. After all, two billion people trust *this* man with their souls – and many of them kill for him. Surely, Muhammad will pull through.

1:39:29 Tabari I:206 “When Allah wanted to create the heavens and earth, He grabbed a fistful of small rocks in the water. He then opened his fist with the rocks, and they rose in the form of smoke.

Then Allah fashioned the seven heavens and extended the earth in two days. He finished the creation on the seventh day.

He created the Footstool after the Pen and then the Throne. Thereafter He created the air and darkness.

He then created the water and placed His Throne upon it. ...He was in a cloud with no air underneath or above it. Thus, the Messenger reported.”

1:40:27 So that explains it. It makes perfect sense. Muhammad was making this up as he went along – and he was as dimwitted as the Black Stone representing his god. That was really pathetic.

1:40:46 It gives you a newfound respect for Dr. Seuss though, doesn't it? And in *One Fish Two Fish Red Fish Blue Fish*, not a single green fish is a jihadist.

1:40:58 Now, I ask you: since it's obvious that the Islamic scripture was contrived, what else do you suppose Muhammad made up as he went along: Allah and Islam perhaps? And that's really the point. The more you're exposed to Muhammad and his religion, the more you will come to understand the nature and purpose of Islam.

1:41:34 There are two reasons I am sharing these inane and contradictory Islamic creation accounts. First, I promised that we would start at the beginning and cover Muhammad's creation of Islam chronologically – starting with his version of the world's beginnings. We will go step by step through his corruption of Adam, Noah, 'Abraham, and Moses to see how he misused the patriarchs to establish his dogma.

1:42:04 Second, I want you to know Muhammad and Allah – to see them as they really are. Each time they propose things that are logically impossible, contradictory, or twisted you'll be able to judge their sincerity, validity, and veracity.

1:42:25 By way of example, Muhammad had to make the Ka'aba – which was said to be Allah's House even though it was a rock pile to pagan gods – seem worthy of veneration. Therefore...

1:42:39 *Tabari I:216* “**Allah created the Ancient House upon the water on four pillars. He did this two thousand years before He created this world.**” Not only did Muhammad create the Ancient House, but he's also going to have everybody from Adam to 'Abraham to Noah create the same damn house. This will be the most rebuilt house in all of history, which I guess sets up really well for the move of the house changing the qibla from Petra to Mecca.

1:43:29 *Tabari I:216* “**Allah created the Ancient House upon the water on four pillars.** Please remember that Allah claims to have created the house himself because he's going to tell us so many more contradictory stories about it. **He did this two thousand years before He created this world.**” Now this is the house of the rock gods of which he was the biggest rock. So, where did they gather all these rocks and what was the purpose of it? Was Allah circumambulating his own house? When Allah prays does he pray to the house that he created on the water on four pillars?

1:44:07 Islam's credibility is based upon making the Ka'aba – the black cube in Mecca – a legitimate monotheistic shrine. However, the Ka'aba not only preceded Allah and Islam by centuries, it was in Petra, not Mecca. And worse for Allah, he was not among the top rocks at the time. In fact, the first god of the Petra period was the Lord. There's even a surah in which Allah condemns the worship of Baal and then he claims to be the bestest of the Lords; he doesn't know what Baal means. And when we finally have a god's name in the Quran, chronologically in terms of the revelation of the suras towards the end of the Petra period, guess what the name of the god is. It's the same god that that Tub'a 'Ab Kariba was worshiping when he converted Arabs to Judaism, Rahman!

1:45:28 As I have mentioned previously, the environment in and around Petra not only fits the narratives in the Quran and Hadith when Mecca does not, it also explains why all of the initial mosques were oriented in its direction south of Jerusalem. Petra had been a thriving religious and commercial center for the Nabataeans. It served as a trading depot for caravans and a watering hole for camels for a thousand years before Islam. Mecca could not have been any of these things. There was no overland trade of any material substance during the 7th century. In fact, going all the way back to the 2nd and 3rd centuries, even to the time of Dows to 1000 BCE you find that trade went by ship. So, Petra still survived because you still must go from the tip of the Gulf of Aqaba to the Mediterranean Sea, a short distance of some 20 miles or so, but Petra was the best watering hole along the route.

1:46:42 However, when shipping by sea came to replace slower and less economical caravans, Petra gradually lost its appeal as a watering hole for burdened camels. Its only remaining claim to fame would be its shrines to pagan gods. And this may be why it appealed to Christians, who, in the 4th century migrated there after Emperor Constantine decriminalized their religion. Petra's shrines were repurposed for Christianity as gods and their devotees in Petra vied for supremacy.

1:47:25 The city, which was carved into the rock cliffs, giving it its name, which means "colored stone," was in sharp decline when it was devastated by a massive earthquake in 363 CE. The tremors caused the collapse of many of its buildings while devastating its water-supply system. Without a source of revenue or a stable population a new religion with an additional god would have been welcomed here. Any kind of distraction would have been welcomed here by the time of Muhammad's arrival in the late 6th or early 7th century.

1:48:01 The earthquake was a turning point for the remnant of Nabataeans, such that within 80 years of Muhammad's death, Petra was completely abandoned. Once the Ka'aba was removed and the rocks comprising it were moved to Mecca, what was left of Petra was swallowed by the sand and was not found again until the 19th century. Talk about burying the evidence and sweeping it under the carpet. This occurred following a series of battles as the first Caliphs vied for control of the emerging religion. The Quran's qibla was then changed to accommodate the change of venues. It was less than 60 years after Muhammad's death and Islam was already in its second civil war.

1:49:02 And may I add this for your consideration – while there is no archeological record of any kind identifying the mud-hut village of Mecca with Muhammad or Islam, the oldest record of Allah's name is found on a stele dedicated to Qos-Allah by a local "*melek*," the Hebrew word for "king." Additionally, the earliest evidence of Muhammad's tribal ancestors is found just outside Petra, not Mecca. And as if we needed more evidence, Petra had a waterway between mountains that fits the Islamic ritual, while the "mountains" were simply reduced to rocks in Mecca and are devoid of an aqueduct.

1:49:53 Should you wonder when this transfer of the Ka'aba occurred, it was during Islam's second civil war around 680 CE. (I think the final battle for control of the Ka'aba and the destruction of Petra was in 692 CE.) During a fight between warlords in Damascus and Petra, the original Ka'aba was destroyed after the Battle of Karbala. The army of the Umayyad caliphate killed Hussain, the grandson of Muhammad and most of his extended family. And then to solidify their authority, they built a new Ka'aba in Mecca because it was one letter removed from Becca, which was the name of the valley in which Petra is found.

1:50:52 Forget for a moment that this story contradicts Muhammad's earlier testimony. The Ka'aba was a wreck. During Muhammad's day it was constructed of un-hewn and un-mortared rocks. It doesn't look much better today, which is why it's covered by the prayer blanket. It didn't even have a roof. If you look at Mecca today, the new and improved version is so unattractive. It is shrouded in black, and that's after having been rebuilt ten times. Such a "building," and I use that term loosely, is clearly beneath God's design capability and status.

1:51:40 Not only was it a pagan shrine housing over three hundred idols, which the Islamic pictures acknowledge about the Ka'aba, we still have to deal with three wholly different versions of who made the darn thing. In different places in the

Hadith and the Quran Muhammad claims that the Ka'aba's builder was Allah, then Adam, and 'Abraham. Also, of course, Noah sailed the mighty ship around it. Well, at least, the first three all start with the letter "A."

1:52:18 There are many more creation variations. But I'd be remiss if I didn't share maybe my favorite Hadith of all time. This is the one that genuinely does rival the *One Fish Two Fish Red Fish Blue Fish*. The whole earth was placed upon a big fish, the very same fish that swallowed Jonah, mind you. In this version, we discover...

1:52:43 *Tabari I:219* **"When Allah wanted to create the creation, He brought forth smoke from the water. Wouldn't you think that the one place you wouldn't have smoke would be the water? The smoke hovered loftily over it. He called it 'heaven.'**

Then He dried out the water and made it earth. He split it and made it seven earths on Sunday.

He created the earth upon a big fish, that being the fish mentioned in the Quran. By the Pen, the fish was in the water. The water was upon the back of a small rock.

The rock was on the back of an angel. The angel was on a big rock. The big rock was in the wind.

The fish became agitated. As a result, the earth quaked, so Allah anchored the mountains and made it stable.

This is why the Quran says Allah made for the earth 'firmly anchored mountains, lest it shake you up.'"

There it is, that's as good as it gets, folks. I don't know how to top that. We're going to stop with Allah's version of *One Fish, Two Fish, Red Fish, Blue Fish* the shaking up of the Earth. There are Qurans that have testified to this so it's not just a Hadith.

It is appropriate to mock this horrible book, this pretense of a god, this false prophet because of events like October 7th, like 9.1.01. Muslims are demented slaves of Allah bent on terrorizing and killing all mankind for their god. All good Muslims are terrorists. Until we acknowledge the nature of this demonic religion and hold it accountable as opposed to lashing out at its symptoms, like Hamas, Hezbollah, and FATA, Muslims will continue to wreak vengeance, retribution, horrible devastation not only on Jews but all of mankind. And that is why we have the courage and the compassion to tell the story.

May Yahowah bless. We love Him and being part of His Family, and we love how different He is than this false god of Islam.

May Yah bless. A wonderful Shabat to you all. Good night.
