Israel and the Conspiracy of Islam Year 5990 Yah 02 February 2024

Please Note: I have transcribed this to the best of my ability. Sound bites of parties speaking simultaneously and those inaudible to me have been deleted from the transcript. If I guessed at a word, it was followed by a ()? A ___ (blank line) indicates I could not understand the word or phrase and three periods ... indicate an interruption in the dialogue of one party by another. I appreciate your understanding. MaryKris.

0:00 Good evening, and welcome to Blog Talk Radio. I'm your host, Craig Winn, and we're here with Dee and Kirk. I'm under the impression that you, Dee, will play tonight's program, which we are recording, tomorrow night since I have a conflict and will not be available for tomorrow night's regularly scheduled show.

0:32 I noticed today that Israel and Hamas have agreed to a prolonged ceasefire, something in the range of 40 Days for maybe 30 of the remaining civilian hostages and then more time after that as a ceasefire while they hand out the bodies of IDF soldiers and other men of IDF age. It's tragic. I understand that Gallant and Gant were willing to trade at any cost. Indeed, I was disappointed in many of the things that Netanyahu has done, but at this point, he seems to be the only Israeli with cojones, and this is a time for a man with cojones. He seems to have them, and no one else does. These other two have threatened that they will withdraw from the government if a hostage deal was negated. I understand Israel's long-lived and strong desire to free hostages at any cost. After all, they did one deal that was over a thousand convicted terrorists for one soldier; it was absolutely insane. The damage they did to their country by doing that is criminal and grossly immoral, and yet Israel has no remorse for having been that foolish. I'm sorry, but one man's life, even though he's dearly beloved and was an IDF Soldier, is not even worth five convicted terrorists. You can't do that because when you do, you reward kidnapping, and you make it more likely that you will have far more of your citizens kidnapped. By doing that, they brought on what we have just witnessed; it's grotesquely immoral. Yet Israel is now playing the same game. It wasn't even appropriate for Israel to give up three convicted terrorists for one hostage and allow one day for every ten hostages because we're dealing with convicted terrorists versus innocent people. That's not an exchange that a moral person makes.

3:23 I'm going to share with you my thoughts on what Israel should have done because I'm disappointed in a country that I love and have offered my life to protect. I have a different view than the rest of the world that is clamoring for a Fakestinian State as if it would be a solution in rewarding terrorist acts. These are probably the most grotesque terrorist acts in the past 2,000 years. It's far more monstrous than what happened during the Holocaust. Yes, the number of Jews murdered during the Holocaust was six million and, of course, significantly more than 1,200, and it'll be more than that by the time this is over. In fact, with Israeli soldiers having sacrificed their lives, it's already up to 1,400, and it'll be by the time they get back the dead bodies of hostages 1,500. I understand that's a much smaller number, but this was an invasion of Israel, not a cleaning of the anti-Semitic countries of Europe and genocide there. The Germans did a lot of horrible things, but they weren't big on torture. Yes, Mengele did some awful experiments, but the pervasiveness of torture that took place in Israel with the mutilation of women and children, the kidnapping of people, the beheadings, rapes, and even sodomy with men was animalistic, depraved. Well, I can't call it animalistic; animals aren't that depraved, but Muslims are. So, to reward that behavior by saying that the solution is to give these savages, inhuman monsters, their own state is insane. It's like saying we are clueless about the fact that Oslo was a disaster, that abandoning Gaza was a disaster, and that telling Israel that it needed to pull out of the Sinai after having won it in a war perpetrated against them was a disaster. They should not have pulled out of Southern Lebanon; everyone would have been better if they had stayed. And they can't pull out of what is called the West Bank or Gaza, or the same thing will happen. So, Israel is justified in precluding the savages that perpetrated 10.7 from having access to food, water, and supplies. You can say it's a humanitarian crisis. No. It isn't. There are no humans there. The people that funded and planned 10.7 are there, and they are not humans. They celebrated it, sponsored it, raised the monsters, encouraged the monsters, and rewarded the monsters. You say it's not fair for a four-year-old boy. Bull! What does a baby viper turn out to be when it's no longer a baby? A grown-up viper, a Muslim.

7:16 All good Muslim boys turn into murderers. It is incumbent upon a Muslim man/boy to fight for Allah's cause to terrorize Jews. That's what the Quran says. If you're ignorant of it, I'm sorry for you. That's the message of the Quran. You can't be a good Muslim unless you kill for Allah. So, no one in that place is innocent, and feeding and equipping a kind of enemy that would perpetrate the type of savagery that Israel experienced for nothing ___ (incomplete thought), they did nothing wrong in this case except stand down, except not be responsible. They weren't occupying

Gaza; there are no Jews in Gaza. Hell, if you want the occupiers of Gaza, it was the United Nations terrorists. Not only did 200 of them participate in one way or another in these savage acts, but almost all of them celebrated them. So, this isn't a place to salvage. The smartest thing that the world could have done is to push them all into the Sinai and say hey, Islam, you love them so much you take care of them; they're yours. Get them out of here. They have shown that they're not equipped to live in a civil way next to civil people, and if, in Europe, you want them so badly, you take them. Oh, you tried that with Syria, Iran, and Libya, and it didn't turn out so good, did it? So, just as Israel razes the homes of the families who encourage and raise terrorists, the same thing is appropriate in Gaza. And how are you going to avoid it?

9:30 The people who perpetrated this hide under the skirts of their women. They are a bunch of wussies and cowards. They don't know how to fight, but they know how to rape, to commit sodomy, to be as savage and sadistic as their wannabe god. They made the citizens of Gaza vulnerable because they camped out under hospitals, schools, and under United Nations facilities and they built all their godforsaken mole holes (they're living like rats throughout Gaza) so that when they're destroyed, they take all the buildings above them down with them. That's their fault, not Israel's fault. So, it should be razed. Stop it!

10:23 You know Europe, America, Qatar, you funded it all; this is where your money went. You should be ashamed. Rather than telling Israel to give them a state, you ought to say we screwed up. What we did was immoral. We were wrong, we apologize. You're right to take them out, and we'll either rid the world of them (good riddance) or take them as our responsibility. Until every captive is returned, it makes no sense for Israel to play nice in Gaza. They didn't start this; they're just trying to hold those who perpetrated it not only accountable but to keep it from happening again, and you're not going to keep it from happening again if you trade hostages for long ceasefires, Israel. That's counterproductive. I'm sorry, but Gallant and Gant, your two favorite politicians these days, are not very bright, and they don't have much in the way of character. And I can't speak for Netanyahu because I think it's despicable for him to have formulated a religious government and bribed them with all manner of indulgences. I think that stinks, and I'm embarrassed for him that his son is off living in Florida while the country is sacrificing to save its future and very existence. But at least he's one man who isn't afraid to tell the truth and who's not scared of the United States.

12:08 It was the evening after 10.7 that I said, "I understand that Joe Biden, at this point, has had the best rhetoric in support of Israel, far better than any Israeli. But I'm here to tell you it's a trojan horse; it will cost Israel everything because that's who he is." And now America is announcing that this war allowed them to reposition the two-state solution, and that's what they're going forward with. Their intent is not to go the way it was in the past to try to negotiate this opportunity and then to give the Fakestinians a state should they meet certain conditions this time. No. That's not what the world is planning. This time, the world is planning to impose on Israel, without Israel's consent, a Fakestinian State. I say Fakestinian because there is no such thing as a "Palestinian," and it's one of the gravest mistakes Israel's ever made to use that term. So, now what they're going to do is impose it and then tell Israel to deal with it, rewarding terrorists.

13:32 This is far worse than what happened that caused World War II, with British Prime Minister Neville Chamberlain saying we achieved "peace in our time" by giving Adolf Hitler and the Nazis the high ground of Czechoslovakia, which wasn't his to give, by the way. And even then, that made more sense because Hitler hadn't done anything or killed anybody yet; he just had horrible rhetoric remarkably similar to the Quran (Mind you, not as bad. The Quran is far worse).

14:20 But in this case, the Muslims have done it. They did it in 1948, 1967, 1973, and not once but twice in __ trying to wipe Israel out, and then again with the Hezbollah war, and every time, of course, they lost at significant cost to Israel. And the world's not coming to Israel's aid, but they're spending billions on Israel's enemy. So, to reward people who have constantly terrorized Israel, whose playbook is the Quran, condemns Israel and tells Muslims to kill them, to wipe them out to the last, to eliminate every one of them, and to deal with their religion where Muhammad himself perpetrated genocide on the Jews. He killed every Jew within a camel ride of wherever he was; he killed them all, genocide stole their homes, raped their wives, and enslaved their children. You're dealing with a religion that not only did that, but the Quran celebrates it, and you want to give these people a state. Are you out of your ever-loving mind?

15:59 There's something about progressives in the West and in the United States. They have lost the capacity to be moral and to think rationally. We're going to do this and ensure Israel's security. Bull! It's impossible. If you do this, Israel is gone, and only God can save it. You make Israel five miles wide at its midsection, which by the way, prophecy said that these nimrods would do, condemning the United

States in particular for its role in this plot, you connect Gaza and the West Bank, and you will have made Israel completely vulnerable. This time, there won't be 2,500 jihadists and 5,000 rockets fired; there will be 250,000 rockets fired and a quarter of a million jihadists. Israel can survive a war with Saudi Arabia or Iran. Its IDF and air force are geared toward that kind of war, but they do not have the means and the money to deal with thousands upon thousands of jihadists. It would be the same event except a hundred times worse. That is the future that progressives, the United States, and the Biden Administration, Kamila Harris, are perpetrating on behalf of Israel.

17:57 Do you know what the consequence is for a nation that does that to Israel? It is doomed. The moment the United States does it, it might be safe to say we could just declare a Palestinian state, or we could say to the United Nations, we won't veto it and let them impose it. Do you know what the future is for America should they do that? There happens to be a God Whose name is Yahowah, and He takes unkindly to that sort of thing, which is why Isaiah | *Yasha'yah* 17 and 18 were written specifically to condemn America because Yahowah 2,700 years ago predicted we would do this. I hate using the term "we," but I was born in America. I've subsequently left. But this is what the world is about to bring upon God's chosen people and the Promised Land, so everything Israel has done will be for naught.

19:11 Tell the Muslims you'll stop attacking Gaza when every Hamas jihadist and supporter, all tens of thousands of them (at this point, Israel claims 50 to 55% of Hamas fighters in Gaza have been killed or taken as prisoners, which is probably less than the number of Hamas fighters and jihadists in the West Bank), but tell them the same thing: you'll stop attacking Gaza the moment they move out of the populated areas into the open terrain in the far north of the Gaza Strip and fight like men. And then you can square off man against man and let the best man win. Allah says victory to the Muslims. See if Allah is right. We'll make it a test of the Islamic God, and when they lose again, it's a win-win deal. They get an express ticket to Allah's brothel.

20:20 At the same time, Israel has to fight the public perception of the war that it is losing badly. On the evening of 10.7, I read a long article I wrote and published on the air. I'm going to repeat it now. No matter the pain, the autopsy, crime scene photos, and the description of every murdered and mutilated Jew must be shown, all of them, along with a narrative of what occurred, showing photos of the jihadist who committed these crimes simultaneously with a world-class photographic tribute

online to all of those who lost their lives to these demons. This might be initially anguishing for some, but I'm telling you, it will be far more therapeutic. And here's the bottom line: For the Jews who say no, it's unfair to the families to show the mutilated bodies of their loved ones, I'm here to say that because you didn't, they lost their lives for nothing, and if you had, their lives would have mattered. You need to show what happened to them.

21:49 I can tell you for sure since Yahowah is very clear about how He's going to handle judgment upon His return with the Messiah Dowd | David on Yowm Kipurym, October 2, 2033, giving us less than ten years from now. He always works through people. He's going to work through people then, and the two most likely going to be responsible for the judgment of animals, inhuman beasts that perpetrated these kinds of events, are the two witnesses. 'Elyah is one, and I am the other. There are hundreds of prophecies regarding this. I'm not speaking out of line. I didn't ask for this job. It isn't an honor; it's a responsibility, and if somebody else wants the responsibility, jump in. I've been doing this now for 22 years, 10 to 15 hours a day, six and seven days a week, and I have a legacy now of 33 books at yadayah.com for you to read to understand who Yahowah is and what He's offering and tens of thousands of audio programs like this. It isn't an honor. It's a responsibility, and Yahowah was very clear about how that will happen. So, if you're a little bit squeamish about "I don't want to show the truth of what was done to us," I want you to know it will be shown.

23:17 Those who were victimized by these mutants, these Muslims, deserve closure. They deserve to know. The mother and father who had to had to watch as Mudslimes mutilated their five-and-six-year-old children, cutting off their fingers and toes, gouging out their eyes, and then burning them alive; the mothers and fathers who then had that done to them and then were peed on as the Mudslimes ate their Shabat meal, those victims need closure. They deserve closure, and they're going to get it. We are not only going to make the souls of those Mudslimes who perpetrated these acts watch them, but we're going to make sure that they endure at least sevenfold the torment that they inflicted. It is the only way to be righteous, fair, and just. That's what Yahowah intends, so you might as well do it now and get some benefit from it because it's going to be done later.

24:40 The jihadists who perpetrated and committed these crimes have to be held accountable, as well as the religion that inspired them. It is the only way for their stolen lives to matter and contribute to a better future for God's people. Now, I have

and will continue to devote and risk my life in support of Yahuwdym and Yisra'el. I don't say that callously or flippantly. I've had 10,000 death threats, and I'm about to unleash many more with the rewrite of *Prophet of Doom* now as four volumes of *God Damn Religion*. The first two 800-page volumes, "Snake" and "Satanic," are available royalty-free at Amazon and are just half of this mission. They are free at yadayah.com. *Yada'* means "to know." *Yah*, the familiar form of Yahowah's name dot com at the far right of the bookshelf. There has never been anything even remotely close, this debilitating to Muhammad, Allah, the Quran, and Islam, ever, not even remotely close to the full-scale demolition of Islam that is already available in those two books. And for having written them and then doing these shows on them, I will receive many thousands more death threats. Fortunately for me, Yahowah doesn't have many other candidates willing to do such things, so if you read the 91st Psalm, He has agreed to protect me and my family for doing so. So, I have nothing to fear. But you need to know, Yisra'el.

26:56 So, I will continue doing what I'm doing, and now is the time for you to step up. Sadly, there isn't the leadership in Israel to do what needs to be done for the nation to survive. I say this because no one is willing to denounce the outright deception of this notion of a state of Palestine and the myth that there is a Palestinian people. Every time it's said, Israel's leadership and its media need to sound out and say, No! There is no such thing! Until you can tell the truth about who these people are and where they're living, we can't have a discussion! They're living in Judea and Samaria. They're the ones occupying our land. The last of the Philistines were killed first by the Assyrians, then the Babylonians, the Egyptians, and then the Greeks, with the last of them gone 2,300 years ago, and even then, they left no legacy of any architectural buildings of merit; there's no currency, no written language, no coinage, no contribution to the world. Whatever was written about them was written in Hebrew. What is known about them is known through the Towrah, Prophets, and Psalms. They were invaders from Crete, according to Yahowah, and according to the DNA discovered in their graves. The people masquerading as Palestinians today, their DNA is all over the board, all from Muslim countries. The only reason they have any commonality is because they're inbreeding. They are not smart enough to know you should not marry your cousin, and because of that, their IQ has dwindled to an average of Gaza of 69. That's retarded, folks. That's what you're dealing with.

29:29 So, Israel as a nation, every politician, every media outlet, every leader, every spokesperson must state emphatically there is no such thing as a Palestinian; there can be no Palestinian state. If these people want to show that they have some merit,

that they have a cause, and they have a place, then let them state who they are because the only thing that unites them is the death cult called Islam. But the very fact that Israel has echoed the lie of a Palestinian people, a Palestinian state is going to be imposed on them. It's your fault, Israel. Yes, I understand the lie was conjured up by Hadrian long ago, and the British, being ever so antisemitic, were the ones who continue to fan the flames of idiocy. I understand that it was Yaser Arafat, the ugly homosexual (I don't have anything against homosexuals except in his case), and the Egyptian leadership with Soviet money that funded the PLO, the Palestinian Liberation Organization, that became a terrorist group that began to capitalize and publicize this myth. But it's a myth. Israel, if you can't expose it as a myth, then a Fakestinian state is going to be imposed on you, and it will be the end of your very existence. In this case, it necessitates telling the truth. That is your reality. The two-state solution is the final solution, and it should be illegal for anyone to promote the lie that Hadrien imposed on Judea. Fail in this regard, and the myth will prevail, and Israel will be lost.

31:52 Next, Muhammad's absurd lie regarding the fabled flight on the donk mule to the non-existent Temple to meet with long-deceased Jews so that he could be an Imam to conduct prostration prayers in the non-existent Temple enroute to the Islamic heaven by way of its hell must be explained and repudiated as the most corrupt, the most idiotic, absurd, and most embarrassing in Islam because of what is sandwiched between and the reason that he perpetrated this lie. This is important because those two scars on top of the Temple Mount, *Yahowah's Temple Mount*, that Dowd purchased, cleared, and bought the materials to build the Covenant home that Solomon built, *that* Temple Mount, the most important place to the Jewish people and to Yahowah their God, that is scarred with trophies to stupidity, cruelty, and subjugation, and you need to know! I don't think there's one Jew or Israeli among a thousand that knows this story, but it's available for you to study. If you don't know it, go to yadayah.com and read the two volumes of God Damn Religion, or purchase the books in either hardback or paperback from Amazon royalty-free. Read them so that you understand how exposing and condemning the Dome of the Rock and Al-Aqsa Mosque is so devastating to Islam and so fortuitous to God's people.

34:06 It is sandwiched between the events of the idol indulgence where Muhammad, after years of suffering the never-ending argument where everyone who knew him said, "You're a lying, demon-possessed fraud, this Quran is BS." And after 400 iterations of this never-ending argument, this war of words which the Quran chronicles (all of it) with everyone who knew Muhammad saying you're a piece of

crap, pal. None of this is true. You made it all up, and what you didn't make up, you misappropriated from the Jews then twisted the stories to serve your interest.

34:56 Idle Indulgence was after Muhammad got weary of the people who knew him best, his own extended family and neighbors, telling him that he was a demon-possessed liar (which, of course, was true, but demon-possessed liars and psychopaths don't like the truth very much). His response was to tell them he was going to slaughter them. It wasn't I'm going to out-debate you; I'm going to prove my credentials, but instead, I'm going to slaughter you all. So, his tribe, the Qurarsh (primarily comprised of Jews, by the way), was a derivative of the Banu Hashim; you're probably familiar with that tribe. They were in Petra, not Mecca, just south of Jerusalem. They didn't even exist at the time.

35:46 They tried to appease him and said, "We want to postpone this slaughter stuff; we'll have none of that. We're going to bribe you, Muhammad, by offering you sex, power, and money. You can take your pick of the women. We'll give you whoever you want. We will make you rich and king for a year. We'll do all those things, and all you have to do is stop being so divisive and include our goddesses in with your god. (Muhammad's god was not Allah. It was the god of the Arab converts to Judaism in what is now Yemen). If you add al-Lāt, al-'Uzzā, and Manat to your list of goddesses, we'll accept your Rahman. We'll do that for a year and see how it works out." Muhammad accepted, and so we find in the Quran the announcement that al-Lāt, Manat, and al-'Uzzā are goddesses. She had three or four strong arms that provided protection for his criminal enterprise at the time, and they said, "Wait a minute. You didn't cut us in, and this is not a very fair deal for us. You said we were a monotheistic religion, and now you got four gods." And, oh, by the way, the god before his name became Ar-Rahman was named "Rabbi." Are you familiar with that term? Yes, the rabbis in Yathrib hoodwinked Muhammad and told him that Rabbi was the proper word for "Lord."

37:25 So, Muhammad has these names of the three goddesses included in what's supposed to be a monotheistic religion so he could have sex, power, and money, and he reneged on the deal after accepting it. He obviously accepted because it's in the Quran that he accepted it. So, when he reneged on the deal, he came out of the closet and said all of Allah's messengers speak on behalf of Satan. Satan was the one that inspired that tribute to pagan goddesses. That's also written right in the Quran and is called "The Satanic Verses". So, this is what led up to this donk mule ride to an undisclosed place which we assume is Jerusalem.

38:12 They mocked Muhammad silly, and at that point, he admitted he was demon-possessed, that he was speaking on behalf of Satan, that he agreed to their deal, and that he made his monotheistic religion pagan. So, he said, "I gotta get outta town," and imagined that he was the beneficiary of a winged donk mule, a donkey mule combination, along with Allah and his pet, "Gabriel." The real Gabriel is Dowd. Gabriel means "God's Most Confident and Courageous Man (Gibowr and 'El)." The Christians spoke of Gabriel enlightening their mythical Mary. Muhammad wasn't very smart, and Allah wasn't very creative, so they just stole the name. The claim is that Gabriel and Allah accompanied the Donk mule on the flight from Petra to an undisclosed place (they claim it was Jerusalem). They went to the furthest mosque (there was no mosque or even a temple there) and had this prostration prayer with a bunch of deceased Jews of yesteryear. Then he gets greeted by a bunch of Jews up from hell to the seventh heaven in what is the most laughable narrative you've ever read in your life, which is recorded in the Hadith. Muhammad finally gets to Allah, and all Allah has to say to him is, "I want to be mooned" (Actually, "I want Yahowah mooned) 50 times daily. I want your nose in the dirt down to me while you moon Yahowah." Allahu Akbar.

40:07 That's the story. When he came back, it was so egregious, so laughable when Muhammad claimed that he had flown in the middle of the night on a donk mule to Jerusalem to have all these marvelous experiences that by the end of the day there were only four Muslims left after 12 years and some 90 recitals of the Quran. Three or four and that was it was according to the Hadith. So, you think that you could find something more embarrassing, that Al-Aqsa Mosque exists and the Dome of the Rock, based upon that stupid, demonic satanic story?

40:49 Israel, if you exposed it, if your politicians talked about it, if your media wrote about it, then you would be in a position to do what should have been done the evening of October 7th of last year, and this is what I would have done:

41:10 I would have gone on national television and announced the following: Muslims from Gaza infiltrated Israel, mutilated women and children, raped women, sodomized men, burned them alive, kidnapped them, and destroyed homes and property on a scale that Israel has never witnessed. They took 250 hostages back to Gaza. So, I'm here to say that based upon what they have done this is what I am proposing. I'm not going to negotiate with you; I'm not going to listen to the world scream. This is your reality: you have twenty-four hours to deliver 500 heads; the 250 Jews that you kidnapped, their heads attached to their shoulders, and 250 of the

most high-ranking Hamas leaders that orchestrated and perpetrated this heinous crime. I don't care if their heads are attached or not. Five hundred heads. They are here in Israel within 24 hours, or the Dome of the Rock and Al-Aqsa Mosque are gone. I will raze them to the ground. That's your option. You have 24 hours to decide. I'm not negotiating with you; I don't care if 100,000 Muslims storm Al-Aqsa Mosque. Within 24 hours if I don't have 500 heads, 250 still attached, 250 any way you want them, they are gone.

43:17 That should have happened years ago; it should have occurred in 1948 when we came back to Israel. I'm telling you for certain it will happen. So, if that's what you want, that's what you'll get. And there is a plan two. Should you be stupid enough to think that for 500 heads, 250 still on their shoulders, I won't do this, then I want you to know what'll happen the next day because the next day, I'm going to go through the Muslim-occupied areas of Judea, Samaria, and Gaza that perpetrated this crime with tanks, bulldozers, and aircraft and block by block, I'm going to destroy it all. I will push whoever wants to live into the Sanai, Jordan, and Syria. From the river to the sea, baby, Israel will be free! That's what I would have done.

44:35 I don't care who said anything else because that is the only moral, sane, appropriate response to this mess and you wouldn't have sacrificed the other IDF members. Every face I have looked at, every story I have read that went into Gaza to try to secure a future that Israel's leadership has now botched, that would have worked. It would still work, although I'm sure that the lives of even the hostages who remain and who haven't been killed are traumatized forever. They waited too long, but it can still be done.

45:24 Two more things need to be done: *God Damn Religion* should be read by every Israeli. Consider it my gift to God's people, one inspired by the God of 'Abraham, Yitschaq, and Ya'aqob. Know the truth, tell the truth, and start responding rationally to the threat of the most lethal and antisemitic pandemic ever to infect humankind. If you think Nazism was bad, where there are 80 million of them or less, there are almost two billion Muslims, and their Quran is vastly worse than *Mein Kampf*. Their history against Jews is worse than the Nazis. You say that's not realistic; we can't declare war on two billion people. Well, they declared war on you 1,400 years ago. So, until Israel recognizes their enemy isn't the Fakestinians, Hamas, Hezbollah, Iran, Saudi Arabia, Al-Qaeda, or ISIS, it's the one thing all those things have in common – Islam. If you don't like it because you're progressive and prefer platitudes to evidence, then either wise up or shut up because it's the truth. Now the truth isn't

a fringe thing that might be convenient. No. The truth is your survival. Every one of these things you have to do, Israel, to survive, and Jews who live outside of Israel, which is close to half the Jewish population worldwide, it's an open hunting season on you because you have all responded inappropriately.

47:39 I'm here to tell you Yahowah is going to eliminate Islam in ten years; there won't be a single Muslim, Christian or Islamic or Christian edifice of any kind left. While He's at it, because He's universally anti-religious, Yahowah will eliminate all traces of Judaism including its Talmud, Zohar, rabbis, black mourning suits, and synagogues. In fact, Yahowah's view is that the only religion that's been more caustic to His people than Christianity and Islam is Judaism.

48:22 And that's the next point. If you are a secular Jew you need to understand that the greatest menace to your people is not the external threat of Islam, but instead the internal threat of Judaism where rabbis have tried to equate religion with the term "Jew." Jew is an ethnicity; Judaism is a religion. They are not the same. Judaism is wrong about everything from Yahowah's name to the Towrah, the Mowed Miqra'ey, to the Covenant. Everything that's important to God the rabbis got wrong, and it was the rabbis who put you in this pickle with Islam. Islam wouldn't exist if rabbis, 1,400 years ago hadn't tried to make a buck by selling Talmud stories to Muhammad which he corrupted to make his Quran appear credible. It's why the Quran has all the characters of the Towrah in it. Then when the rabbis mocked Muhammad for having claimed that Allah gave him those stories, which he had twisted such that they weren't credible anymore, Muhammad knew that if he did not silence them that his whole fraud was up. So, he didn't just kill them, he got his god to dehumanize them so that Islam would forever hunt Jews as prey. The rabbis did this to you.

49:58 The rabbis are also responsible for the emergence of Christianity because there was a Messiah, there was a Son of God, there was a Passover Lamb. And rather than declaring who he was, to prevent Christianity from taking root and growing and announcing that Dowd | David was the Passover Lamb, the Messiah, and Son of God, you're just ripping him off to create this mythical creature in Jesus. Had they done that, there would not have been no Christianity. But instead of doing that they perpetrated a false Messiah of their own in bar Kokhba. Rabbis have been the enemy of Jews for a very long time.

50:48 So, these are the things that must happen for Israel to survive and if you think Israel will never agree to all of that, you're probably right. Then if you're listening to this program, you should disavow Judaism and the politics of your country that stood

idly by and did nothing to protect you while 10.7 was occurring and that has done everything wrong since. Once you have walked away from the influence of politics, patriotism and Judaism, come to appreciate who Yahowah is, recognize Him by name, come to understand the five conditions of the Covenant, accept them and attend and reap the benefits of the seven Mow'ed Miqra'ey as Yahowah prescribed them, read the books at yadayah.com.

52:02 The books at yada.ya.com are all free online. I wrote them for you, with a lot of help. Yahowah went out of His way to inspire the results. If you should question that, then I encourage you to read the "Why You? Why Me?" Chapter in *An Introduction to God*.

52:24 So, that's the message I have for Israel and for Jews. It is the truth, and as I say, the truth is no longer a luxury for Jews, but rather it is a necessity. You have ten years to get your act together and most of you won't have nearly that much time because the world's going to get progressively worse in a hurry. If the United States undermines Israel with the establishment of a Fakestinian State, and if the world continues through the United Nations, the European Union, and Islamic countries to blame Israel for defending itself and to reward the terrorists who perpetrated these heinous acts, then I'm here to tell you you don't have a long time; the world's going to explode. World leaders are doing almost everything that can be imagined wrong.

53:23 This time last week we were discussing conspiracies. I want to return to it at this point with the recognition that there are conspiracies that are very seldom thought of as conspiracies. The most evil and threatening conspiracy to Jews has long been the *Protocols of the Elders of Zion* which is a complete fraud and as a result Jews are blamed for all manner of horrible things such as: they're perpetrating and scheming against Gentiles when in fact it's just the opposite that particularly Muslim and Christian Gentiles have been scheming against, enslaving, subjugating and killing Jews by the millions. Gentiles have done everything that they wrongly accuse Jews of doing. For example, Gentiles, Christians in particular, blame the Jews for killing their imaginary god and ... God was not a God by fulfilling Passover (it was actually Dowd | David that did it) crucifixion was performed by the Romans which became the Roman Catholic Church. It's just the nature of the religious; they always blame others for what they themselves have done, and it's pandemic in Islam. But the greatest conspiracies are not the ones that we normally think of. It's not reptilian overlords, which has some merit today considering that Allah is the Snake that slithered out of the Garden and into the desert. So, he is reptilian. That's why the

Quran is so badly written. He was a *karuwb* on the walls, so he was brilliant. When he twisted Yahowah's instructions to fool Chawah and 'Adam he was clever. He's no longer clever. The Quran is the dumbest book ever written because Yahowah degraded HaSatan from *karuwb* to snake and his brain is about that size. So, as the inspiration for the Quran, it's dimwitted and what you expect of a reptile. Of the many conspiracies the most prevalent are Christianity, Islam and Judaism. Islam is a death cult.

56:29 I think I hinted at this last week that modern research into conspiracies, the fastest growing religious belief now in the world, has found that usually the common denominator, if you will, among almost all conspiratorialists is their dissatisfaction with their own empty, unfulfilling, and impoverished lives. It's why Islam happened. According to the Quran, 99 out of every 100 people who listened to Muhammad mocked and rejected him. So, they were either miserable in their lives, malcontent and fell for the conspiracy, as malcontents today fall for various conspiracies, or they were just the dumbest of the dumb. Those are your options. And it's still true today. Conspiratorialists are the most dissatisfied and impoverished people on earth. There are those conspiratorialists who have learned to monetize lies, like the fellow down in Austin, Texas, who had to declare bankruptcy for his lies about Sandy Hook and the perpetration of mass murder where he claimed it was a fake government plot. He certainly lost in court, but he found a way to monetize stupidity and has quite the following.

58:35 God revealed some 3,000 years ago that conspiracy is a horrible thing, that it was condemning to His people, and that it discredited what He had to say. For example, if I have filled all these 33 books with translations of Yahowah's testimony and insights derived from them, with all that wonderful truth, commentary, and testimony from Yahowah, if I promoted a series of conspiracies about chemtrails, vaccines being a plot, flat Earth, false flags, etc., I would discredit everything else. That's why God says don't associate any conspiracy with My testimony. I don't want to be smeared with that stupidity. So, God is vehemently opposed to conspiracies. They are dunderheads who believe the government perpetrated 911 because they wanted to have a war with Muslims when all the evidence points to Muslims perpetrating it because, well, they are Muslims. Or that the condensation trails behind jet engines at altitude are chemtrails because the government figured out a way to put chemicals in the fuel that, when heated to 875° C at 30,000 feet, would be a good way to impose mind control. People are so stupid! God says just don't go there.

1:00:48 It's one thing to look into the writings of people like Adam Weishaupt, the creator of the Illuminati and Freemasonry, to understand how his plan to influence the elitists and to rival for power the Roman Catholic Church and how that spread through the Jacobins in France and led to the French Revolution. It's interesting to see how that happened and then how it affected leaders in America, particularly George Washington and, to a lesser extent, Sam Adams and Thomas Jefferson, all very familiar with Adam Weishaupt's writings and included many of his symbols into the American experience. But to claim that a small clandestine group by whatever name pulls the levers which control the world and has done so continuously for the past 250 years under the auspices of the Rothschilds, the Illuminati, Freemasonry, the Round Table, Skull and Bones, *Protocols of the Elders of Zion*, the Trilateral Commission, the Council on Foreign Relations, the Bilderbergers, the Bohemian Grove, or the New World Order, etc., is just ludicrous and stupid. Don't go there. The fact is, the mythology responsible for almost all of this is Christianity, and Christians are fascinated with the arrival of the person they think is the "Antichrist." He's not the Antichrist; he's gonna love Christ. "Christ" is a conspiracy. Little do they know that it's all a bunch of lies.

1:02:56 Let's consider the underlying text for this peculiar fascination: *The Protocols of the Elders of Zion*. Second only to Paul's Epistles and the Book of Acts, it is the most notorious, widely distributed, and universally destructive anti-Semitic and conspiratorial text since the Quran. It was pure *babel*, plagiarized by Christians in Russia in 1903 out of two well-known books at the time, neither of which even mentioned Jews. It was initially serialized in the Russian newspaper, *Znamya | the Banner*, then published two years later as an appendix to *The Great in the Small: The Coming of the Anti-Christ and the Rule of Satan on Earth* by the Christian author, Sergei Nilus. Its purpose was to spread Christian mass hatred of Jews by claiming that it provided actual documentation of the minutes taken to memorialize twenty-four meetings between Jewish rabbis, recording their secret plans as a race to rule the world by manipulating the economy, controlling the media, subverting the morals of Gentiles, and fostering religious conflict.

1:04:32 This commingling and twisting of books detailing European political and religious intrigue was originally thought to be nothing more than a parody conceived by changing the words to a popular song, such that the new lyrics degraded Jews during the time of the vicious anti-Jewish Pogroms in the Russian Empire – from which countless Jews died or were exiled. In fact, many of the same anti-Semites responsible for the mass abuse of Jews during the Pogroms played a role in the hoax

of *The Protocols* to justify their actions. For this reason, Pavel Krushevan, the book's initial publisher, deliberately obscured the origins of the text Sergei Nilus had composed to make the lies appear credible. But nonetheless, he left a wide trail of contradictions, each sufficient to properly assess credit and blame.

1:05:43 Just prior to this time, following the Partitions of Poland, the Russian Empire inherited the world's largest Jewish population. In the Shtetls in which they lived, these Jewish refugees stayed to themselves, governed themselves, and took care of themselves. And while they willingly paid their taxes, acknowledged the authority of the Tsar, and served in the Imperial Russian Army, they had the misfortune of arriving in Russia when the ruling class became more hardline in its reactionary politics, promoting the ideas of Christian Orthodoxy, Tsarist Autocracy, and Russian Nationalism. The Jews who attempted to assimilate were regarded with suspicion as infiltrators trying to take over the society, while Jews who remained true to their culture were resented as undesirable aliens. And it was out of this xenophobic anti-immigrant, political, and religious milieu that *The Protocols* were written (they were counterfeited, if you will) by those who falsely projected their flawed character on those they despised. Those who actually engaged in racial genocide justified their bloodlust by blaming those they were killing of secretly wanting to be just like them. It's the story of Christianity's and Islam's births.

1:07:19 It is stunning in a way. The Jewish people, who were blamed for trying to control the world, had no country to call their own. They had just been pushed out of Poland only to enter Russia where they were terrorized. In a matter of decades, they would be gassed and incinerated by the millions in concentration camps throughout Poland and Germany. The impoverished were mistreated by those who sought to rule the world politically and religiously, such that their race, Russian or German, Arab or Japanese, Italian or Spanish, would reign supreme. And therein lies the revolting heart of all conspiracies. Those who promote them are guilty of the crimes they falsely project on others, and particularly on Jews.

1:08:02 That is not to say that Jews were entirely innocent. One Jew in particular went out of his way to harm his people, serving as a modern-day Paul. The idea of an international Jewish conspiracy for world domination was actually minted sixty years earlier by Jacob Brafman, a Russian Jew from Minsk. He claimed to have had a falling out with agents of a local Qahal, the autonomous government of Ashkenazi Jews, even though it had been abolished twenty years earlier. After converting to the Russian Orthodox Church, he authored polemics against the Talmud and the extinct

Qahals, falsely claiming that they not only continued to exist but that they met in secret to undermine Christian entrepreneurs such that they could confiscate their property and seize their power. He would write, *The Local and Universal Jewish Brotherhoods* and *The Book of the Qahal*. While mostly a projection of his new Russian Orthodoxy, Brafman's fanciful conspiracy of international Jewish shadow governments was used to justify the Pogroms. Self-loathing Jews are prominent. They have always existed. One of the worst is Muhammad. Another one of the worst is Paul. During this same period, a British subject of Dutch-Jewish ethnicity, wrote *Conquest of the World by the Jews*. This troubled soul served in the Ottoman Army and converted to Islam.

1:10:01 As with both of these men, as was the case with the Russians and Prussians behind *The Protocols*, it was all about scapegoating, about blaming someone other than themselves for our problems. The Russians blamed Jews for losing the Russo-Japanese War and the 1905 Revolution, just as Germans blamed Jews for losing the First World War even though Jews had nothing to do with either. And then after the Tsarists lost the 1917 Russian Revolution, Jews were once again scapegoated with *The Protocols* becoming a political weapon wielded by conservatives the world over against liberals. The Bolshevik Communists were falsely depicted as overwhelmingly Jewish, executing the plan presented in faked *The Protocols*.

1:10:59 Paradoxically, the early Russian edition of *The Protocols* specifically acknowledges that they did not come from a Zionist organization – the absolute opposite of what was later claimed of it. Later editions would claim that the document, which was never produced, was stolen from a secret Jewish organization and, yet, a living contradiction, it was written in the first-person plural, as if the plotters were telling their own story in their own words. But even then, *The Protocols* are awash in generalizations and platitudes and completely devoid of specifics – lacking anything a rational person could use to fact-check the story. That's very much like the *Book of Mormon*. Why don't you show us the original text? Well, I lost it. What about the Quran? That book wouldn't exist for four generations after Muhammad. He couldn't read it anyway; he was illiterate.

1:12:07 Following the Russian Revolution of 1917, this purported Jewish conspiracy to dominate the world was brought to the West by anti-Bolshevik / anti-Communist Christians and circulated across Europe, the United States, South America, Japan, and of course, the Islamic Middle East. It was immediately popularized in America by the automaker and antisemite, Henry Ford, who in 1920 published a series of

articles based on *The Protocols* in his Detroit newspaper, *The Dearborn Independent*, and then paid for, printed, and distributed half a million copies under the title: *The International Jew: The World's Foremost Problem*. Not surprisingly, Adolf Hitler and Joseph Goebbels, who claimed that *The Protocols* were factual, were lavish in their praise of Ford.

1:13:15 But the paradigm of Capitalism did not work alone. It had help slandering Jews in the early form of Father Coughlin, the Roman Catholic priest who was the first to use radio to reach a mass audience (a televangelist in today's world). He routinely entertained his 30 million listeners with his pro-fascist and antisemitic rhetoric and called for the nationalization of all major industries and the end of democracy and capitalism. He also called for the abolition of political parties and elections. He went from being one of FDR's most outspoken advocates, telling a Congressional hearing, "God is directing President Roosevelt," to being one of his biggest critics over monetary policy, advocating the nationalization of the Federal Reserve. The Roman Catholic's political advocacy organization, Social Justice, published weekly installments of *The Protocols of the Elders of Zion*.

1:14:38 A year after Henry Ford's publications in America in 1921, *The London Times* presented conclusive proof that *The Protocols* was nothing more than "clumsy plagiarism." Allen Dulles, who was in Constantinople developing relationships with the post-Ottoman Turks, actually reported the source from which it was plagiarized to *The Times*, and would later, without success, lobby the US State Department to publicly denounce the forgery.

1:15:17 They confirmed that it had been copied indirectly from a French political satire that never even mentioned Jews – *Dialogue in Hell Between Machiavelli and Montesquieu* written by Maurice Joly, a French attorney, in 1868. That in itself is interesting because Machiavelli wrote *The Prince* to increase the political and religious authority of the Roman Catholic Church and to concentrate absolute power under a single individual, the Pope. He encouraged popes to be ruthless tyrants, totally merciless because the fear of terrorist tactics would cause people to submit to their authority and, according to Machiavelli, the end result justifies the means used to achieve it. This, by the way, is the essence of the Quran. The sole intent of *The Prince* was to establish Roman Catholic domination over the Earth, not just Jewish influence. Further, Montesquieu's position was just the opposite. He was a French philosopher who popularized the idea of separating governmental authority so that it was not concentrated under a single individual. The United States Constitution was

originally influenced by his philosophy, as it gave rise to the shared powers of the Executive, Legislative, and Judicial branches of government.

1:16:53 Therefore, the fictional religious and political satire from which *The Protocols of the Elders of Zion* was plagiarized, was actually written in protest of the regime of Louis Napoleon Bonaparte who ruled France from 1848 through 1870. The ghost of Montesquieu made the case for freedom while the ghost of Machiavelli opined for despotism. The spirit of Machiavelli would claim he “wouldn’t even need twenty years to utterly transform the most indomitable European character and render it as docile under tyranny as the debased people of Asia [addressing the Islamic kingdoms of the Middle East].” But Montesquieu insisted that the people’s desire for freedom was invincible. Over the course of twenty-five dialogues, step by step, Machiavelli, who in Joly’s plot covertly represented Napoleon, explains how he would replace freedom with despotism in any given European country. He states: “Absolute power will no longer be an accident of fortune but will become a need” of modern society. Recognizing that Machiavelli would prevail on behalf of a unified and draconian church and state, with the Roman Catholic Church dominating the world, the secular Montesquieu laments in the end, “Eternal God, what have you permitted!” Joly, for having exposed the menace of church and state, was arrested and jailed for eighteen months in the Sainte-Pelagie Prison in Paris and his book was banned. This is the background of what became the *Protocols of the Elders of Zion*.

1:19:09 *The Protocols* 1-19 closely follow the order of Maurice Joly’s *Dialogues* 1-17, with identifiable phrases from Joly peppering the Anti-Semitic farce. And as an interesting aside, Joly, a monarchist and legitimist (a proponent of royalty and dynastic succession), actually plagiarized much of his *Dialogue in Hell* from a novel by Eugene Sue, *Les Mysteres du Peuple*. What you have here is cheaters copying cheaters, plagiarizers plagiarizing one another, again very very similar to the Quran.

1:19:53 The initial transformation into an anti-Semitic text was accomplished in the Prussian novel by Hermann Goedsche, called, *Biarritz – To Sedan*, which was published in 1868. Goedsche, an anti-Semitic postal worker, was an agent provocateur for the Prussian Secret Police. In 1849 he had been convicted of forging letters which were used as evidence to frame democratic leaders. Losing his job at the post office, Goedsche began working as a conservative columnist for the *Neuen Preubischen Zeitung* newspaper along with notables such as Otto von Bismarck, soon thereafter traveling to Turkey before the collapse of the Ottoman Empire. His leisure time was consumed writing romance novels with a political bent under the

pen name Sir John Retcliffe, typically attacking either Jews or the British government. Then in 1868, Goedsche plagiarized and bastardized *Dialogue in Hell Between Machiavelli and Montesquieu*, by replacing Machiavelli's Roman Catholic conspiratorial despot debating a secular libertarian with the fictional "Elders of Zion." Beyond substituting names, he added the chapter, *At the Jewish Cemetery in Prague*, wherein a "secret rabbinical cabal, the Council of Representatives of The Twelve Tribes of Israel (unaware of the fact that all but two of the twelve tribes remained lost after the Assyrian conquest of the Northern Kingdom)" conducted one of their centennial meetings at midnight in the cemetery in which the Devil was said to have played a starring role [which by the way he does in the Quran]. This work of complete fiction alleges to report on the progress of the long-term rabbinical conspiracy to establish world domination. In addition to the Machiavellian schemes, Goedsche added acquisition of property, transforming craftsmen into industrial workers, infiltration into high public offices, and control of the press, such that, according to "Chairman Levit," fellow rabbis would become "kings of the world in one hundred years."

1:22:39 The fictional rabbinical speech was frequently quoted as if it were an authentic episode and cited as proof of the authenticity of *The Protocols of the Elders of Zion*. But even here, like Satan himself, Goedsche borrowed heavily from a scene in the French portrayal of the life of Count Alessandro Cagliostro, whose alias, *Giuseppe Balsamo*, became the title of the book by Alexandre Dumas. This rather infamous Italian, who died in 1795, was an occultist, psychic, alchemist, healer, and magician. Count Alessandro Cagliostro, a.k.a., Giuseppe Balsamo, became one of several central players in the days leading to the French Revolution as a result of his role in the plot of the Affair of the Diamond Necklace – which is why the book about his life was written, and from which the most famous chapter of *The Protocols* was pilfered. That's a whole story and we don't need to go into it here, but if you read Volume One of *Coming Home* I tell you the whole story of the account of the diamond necklace and how Queen Maria Antoinette was framed by it and how ultimately she was disgraced and mocked and how the royalty was brought down so that Illums, who had been meeting at the Jacobin Hall, would rise to power and they were the same men that later would Inspire much of the American Revolution. So, it's an interesting tale of how all these things came to be and how they're all woven together, but I think you're getting the drift.

1:24:51 *The Protocols of The Elders of Zion* is a very poor job of plagiarizing and a whole series of lies to defame Jews, very similar to the Quran. This has been going

on for a long time and every one of these conspiracies is so easily refuted and so readily shown to be a fraud like the Quran. It's just a matter of how deeply you want to bury it.

1:25:16 I wrote four volumes proving that the conspiracy of the Christian New Testament was a fraud under *Questioning Paul*. Read them. No one has ever read those four volumes and remained a Christian. It is absolutely devastating for the religion, and the same thing is true with *God Damn Religion*. I can tell you that if you just read the first 800-page volume, you will be an enemy of Islam, and if you read through the second volume, even more so. I've just finished about 100 pages of Volume Three, with a narrative on how Islam came to be that rips its heart and soul out. These things are easily proven, and they can be shown to be frauds 100,000 times over; we just as a people are too ignorant, too irrational, too apathetic, and too immoral now to know when it's appropriate to take a stand. It isn't moral to condone, support, tolerate, or try to run cover for a religion that exists to declare war on all humankind. Islam is a death cult where its pledge, its covenant, is to annihilate everyone. Everyone in Islam is either a slave to Allah or dead. That's the purpose of the books; it's the purpose of the religion. So, supporting it, being tolerant of it, and accepting it, as progressives are doing worldwide, isn't moral or enlightened – it's grossly immoral and insane. What you are doing is causing innocent people to become victims of this criminal enterprise by such stupidity. Truth is a powerful weapon.

1:27:34 What I've told Israel and Jews this evening is that they need to understand the truth about the Dome of the Rock and Al-Aqsa Mosque, about the Fakestinians and a place called “Fakestan,” about the fact that their real enemy is Islam not Hamas, Hezbollah, or FATA. But the single most important thing that Jews need to learn the truth about is Yahowah, His Towrah, (not the Talmud) His seven Mow'ed Miqra'ey (not the Jewish High Holy Days).

1:28:15 God is anti-religious. He doesn't want you to pray to Him, to worship Him, to yabber to Him, or to bow down to Him. He wants you to listen to Him. He has a lot to say and it's all enlightening, emancipating, enriching, and empowering. He's wonderfully approachable, likable, funny, witty, supportive, and kind. I've been working with Him every day for soon to be 23 years. It's been the most wonderful experience of my life. You just can't imagine a better friend, confidant, a more loyal and compassionate supporter, someone whose values are better, or who can make life genuinely rewarding. The antidote for conspiracy is to live a life worth living.

The best way to do that is to come to know Yahowah. Work with Him, serve with Him, become part of His family.

Well, Dee, it is now on you to do as you say you can and make this program shine tomorrow night. I was going to do the show live in the middle of a gathering of about 80 people in our home tomorrow night by sneaking into my office to do this program, but Leah said, “You’re not going to leave me with 80 people here!” You don’t do that to your introvert. So, she called Dee for help, and now it’s on you, Dee, to save my wife from a meltdown. Thank you, Dee. Thank you, Kirk, for taking time out of your day to do this this evening.

Next week, we will turn to the 2nd Mizmowr and continue through them. They are much more uplifting. But, if there ever was a time when conspiracy must be told, this is the time.

Thank you to those listening to the show tomorrow evening. Have a wonderful Shabat. Good night and may Yah bless.
